 107 ending November 2007, for the processing, storage, retrieval, or communication of data, including but
 108 not limited to servers, routers, connections, and other enabling hardware when part of a new investment
 109 of at least \$75 million in such exempt property, when such investment results in the creation of at least
 110 100 new jobs paying at least twice the prevailing average wage in that locality, so long as such
 111 investment was made in accordance with a memorandum of understanding with the Virginia Economic
 112 Development Partnership Authority entered into or amended between January 1, 2008, and December
 113 31, 2008. The exemption shall also apply to any such computer equipment purchased or leased to
 114 upgrade, add to, or replace computer equipment purchased or leased in the initial investment. The
 115 exemption shall not apply to any computer software sold separately from the computer equipment, nor

117 18. a. Beginning July 1, 2010, and ending June 30, 2035, computer equipment or enabling software

purchased or leased for the processing, storage, retrieval, or communication of data, including but not limited to servers, routers, connections, and other enabling hardware, including chillers and backup generators used or to be used in the operation of the equipment exempted in this paragraph, provided that such computer equipment or enabling software is purchased or leased for use in a data center, *which includes any data center facilities located in the same locality as the data center that are under common ownership or affiliation of the data center operator*, that (i) is located in a Virginia locality;; (ii) results in a new capital investment on or after January 1, 2009, of at least \$150 million;; and (iii) results in the creation on or after July 1, 2009, of at least 50 new jobs by the data center operator and the tenants of the data center, collectively, associated with the operation or maintenance of the data center provided that such jobs pay at least one and one-half times the prevailing average wage in that locality. The requirement of at least 50 new jobs is reduced to ~~25~~ 10 new jobs if the data center is located in a *distressed* locality ~~that has an unemployment rate for the preceding year of at least 150 percent of the average statewide unemployment rate for such year as determined by the Virginia Economic Development Partnership or is located in an enterprise zone at the time of the execution of a memorandum of understanding with the Virginia Economic Development Partnership Authority.~~ Additionally, the requirement of a \$150 million capital investment shall be reduced to \$70 million for data centers that qualify for the reduced jobs requirement.

This exemption applies to the data center operator and the tenants of the data center if they collectively meet the requirements listed in this section. Prior to claiming such exemption, any qualifying person claiming the exemption, including a data center operator on behalf of itself and its tenants, must enter into a memorandum of understanding with the Virginia Economic Development Partnership Authority that at a minimum provides the details for determining the amount of capital investment made and the number of new jobs created, the timeline for achieving the capital investment and new job goals, the repayment obligations should those goals not be achieved, and any conditions under which repayment by the qualifying data center or data center tenant claiming the exemption may be required. In addition, the exemption shall apply to any such computer equipment or enabling software purchased or leased to upgrade, supplement, or replace computer equipment or enabling software purchased or leased in the initial investment. The exemption shall not apply to any other computer software otherwise taxable under Chapter 6 of Title 58.1 that is sold or leased separately from the computer equipment, nor shall it apply to general building improvements or other fixtures.

b. For purposes of this subdivision 18, "distressed locality" means:

1. From July 1, 2021, until July 1, 2023, any locality that had (i) an annual unemployment rate for calendar year 2019 that was greater than the final statewide average unemployment rate for that calendar year and (ii) a poverty rate for calendar year 2019 that exceeded the statewide average poverty rate for that year; and

2. From and after July 1, 2023, any locality that has (i) an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year and (ii) a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year.

c. For so long as a data center operator is claiming an exemption pursuant to this subdivision 18, such operator shall be required to submit an annual report to the Virginia Economic Development Partnership Authority on behalf of itself and, if applicable, its participating tenants that includes their employment levels, capital investments, average annual wages, qualifying expenses, and tax benefit, and such other information as the Virginia Economic Development Partnership Authority determines is relevant, pursuant to procedures developed by the Virginia Economic Development Partnership Authority. The annual report shall be submitted by the data center operator in a format prescribed by the Virginia Economic Development Partnership Authority. The Virginia Economic Development Partnership Authority shall share all information collected with the Department.

The Department, in collaboration with the Virginia Economic Development Partnership Authority, shall publish a biennial report on the exemption that shall include aggregate information on qualifying expenses claimed under this exemption, the total value of the tax benefit, a return on investment analysis that includes direct and indirect jobs created by data center investment, state and local tax revenues generated, and any other information the Department and the Virginia Economic Development Partnership Authority deem appropriate to demonstrate the costs and benefits of the exemption. The report shall not include, and the Department and the Virginia Economic Development Partnership Authority shall not publish or disclose, any such information if it is unaggregated or if such report or publication could be used to identify a business or individual. The Department shall submit the report to the Chairmen of the Senate Committee on Finance and Appropriations and the House Committees on Appropriations and Finance. The Virginia Economic Development Partnership Authority may publish on its website and distribute annual information indicating the job creation and ranges of capital investments made by a data center operator and, if applicable, its participating tenants, in a format to

179 *be developed in consultation with data center operators.*
