The Board may discontinue any such store.

B. With respect to the sale of wine or cider produced by farm wineries, the Board may give preference to farm wineries that produce 2,500 cases or less of wine or cider per year.

C. The Board shall fix the wholesale and retail prices at which the various classes, varieties and brands of alcoholic beverages and other Board-approved products that are sold in government stores. Differences in the cost of operating stores, and market competition and conditions may be reflected in the sale price of alcoholic beverages sold at government stores. The Board may sell alcoholic beverages to federal instrumentalities (i) authorized and operating under the laws of the United States and regulations of the United States Department of Defense and (ii) located within the boundaries of federal enclaves or reservations over which the United States has acquired jurisdiction, at prices which may be greater or less than the wholesale price charged other authorized purchasers. Nothing in this subsection shall be construed to limit the authority of the Board to fix the retail price of alcoholic beverages sold at government stores, which retail price may include promotional, volume, or other discounts deemed appropriate by the Board.

D. 1. Alcoholic beverages at government stores shall be sold by employees of the Authority who shall carry out the provisions of this title and Board regulations governing the operation of government stores and the sale of alcoholic beverages, except that the Board may appoint the holder of a distiller's license or its officers and employees as agents of the Board for the sale of spirits and low alcohol beverage coolers, manufactured by or for, or blended by such licensee on the licensed premises, at government stores established by the Board (i) on the distiller's licensed premises or (ii) at the site of an event licensed by the Board and conducted for the purpose of featuring and educating the consuming public about spirits products.

2. Such agents shall sell the spirits and low alcohol beverage coolers in accordance with the provisions of this title, Board regulations, and the terms of the agency agreement between the Authority and the licensed distiller. The Authority shall pay a licensed distiller making sales pursuant to an agreement authorized by this subsection a commission of not less than 20 percent of the retail price of the goods sold. If the licensed distiller makes application and meets certain requirements established by the Board, such agreement shall allow monthly revenue transfers from the licensed distiller to the Board to be submitted electronically and, notwithstanding the provisions of §§ 2.2-1802 and 4.1-116, to be limited to the amount due to the Board in applicable taxes and markups.

3. *The Authority may include in its agency agreement with a licensed distiller provisions that allow the distiller, subject to any conditions imposed by the Board, to sell spirits and low alcohol beverage coolers through Internet orders and ship such orders to consumers and licensees within the Commonwealth; however, no such distiller shall be permitted to sell more than six bottles of spirits or two cases of low alcohol beverage coolers to any one consumer or licensee per month. For the purposes of this subdivision, bottles of spirits shall have a maximum capacity of not more than 1.75 liters. The shipment of spirits or low alcohol beverage coolers pursuant to this subdivision shall be by approved common carriers only and in accordance with Board regulations.
