in § 58.1-605. A separate fund shall be created for each qualifying locality. Only local sales tax moneys collected in that qualifying locality shall be deposited in that locality's fund.

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the State Treasurer in the proper amount in favor of each qualifying locality, and such payments shall be charged to the account of the qualifying locality under its special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payment for each of the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to each qualifying locality and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

G. The revenues from this tax shall be used solely for capital projects for new construction or major renovation of schools in the qualifying locality, including bond and loan financing costs related to such construction or renovation.

§ 58.1-606.1. Additional local use tax in certain localities; use of revenues for construction or renovation of schools.

A. 1. The governing body of a qualifying locality may levy a use tax at the rate of such sales tax under § 58.1-605.1 to provide revenue for capital projects for the construction or renovation of schools in such locality. 2. Any tax imposed pursuant to this section shall expire (i) if the capital projects for the construction or renovation of schools are to be financed by bonds or loans, on the date by which such bonds or loans shall be repaid or (ii) if the capital projects for the construction or renovation of schools are not to be financed by bonds or loans, on a date chosen by the governing body and specified in any resolution passed pursuant to the provisions of subsection B. Such expiration date shall not be more than 20 years after the date of the resolution passed pursuant to the provisions of subsection B.

B. The governing body of the qualifying locality, if it elects to impose a local use tax under this section may do so only if it has previously imposed the local sales tax authorized by § 58.1-605.1, by the adoption of an ordinance stating its purpose and referring to this section and providing that the local use tax shall become effective on the first day of a month at least 120 days after its adoption. D. The local use tax authorized by this section shall not apply to transactions to which the sales tax applies, the situs of which for state and local sales tax purposes is the locality of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the locality of possible use by the purchasers. However, the local use tax authorized by this section shall apply to tangible personal property purchased outside the Commonwealth for use or consumption within the locality imposing the local use tax, or stored within the locality for use or consumption, where the property would have been subject to the sales tax if it had been purchased within the Commonwealth. The local use tax shall also apply to leases or rentals of tangible personal property where the place of business of the lessor is outside the Commonwealth and such leases or rentals are subject to the state tax. Moreover, the local use tax shall apply in all cases in which the state use tax applies.

E. Out-of-state dealers who hold certificates of registration to collect the use tax from their customers for remittance to the Commonwealth shall, to the extent reasonably practicable, in filing their monthly use tax returns with the Tax Commissioner, break down their shipments into the Commonwealth by counties and cities so as to show the county or city of destination. If, however, the out-of-state dealer is unable accurately to assign any shipment to a particular county or city, the local use tax on the tangible personal property involved shall be remitted to the Commonwealth by such dealer without attempting to assign the shipment to any county or city.

F. Local use tax revenue shall be deposited in the special fund established pursuant to subsection E of § 58.1-605.1. The Comptroller shall distribute the revenue to the qualifying locality.

G. All revenue from this local use tax revenue shall be used solely for capital projects for new

construction or major renovation of schools in the qualifying locality, including bond and loan financing costs related to such construction or renovation.

§ 58.1-611.1. Exemption for food purchased for human consumption and essential personal hygiene products.

A. The tax imposed by §§ 58.1-603 and 58.1-604 on food purchased for human consumption and essential personal hygiene products shall be one and one-half percent of the gross sales price. The revenue from the tax shall be distributed as follows: (i) the revenue from the tax at the rate of one-half percent shall be distributed as provided in subsection A of § 58.1-638 and (ii) the revenue from the tax at the rate of one percent shall be distributed as provided in subsections B, C and D of § 58.1-638.

B. The provisions of this section shall not affect the imposition of tax on food purchased for human consumption and essential personal hygiene products pursuant to §§ 58.1-605 and 58.1-606.

C. No tax shall be imposed under this chapter, or pursuant to any authority granted under this chapter, on food purchased for human consumption or essential personal hygiene products.

B. 1. As used in this section, "food purchased for human consumption" has the same meaning as "food" defined in the Food Stamp Act of 1977, 7 U.S.C. § 2012, as amended, and federal regulations adopted pursuant to that Act, except it shall not include seeds and plants which produce food for human consumption. For the purpose of this section, "food purchased for human consumption" shall not include food sold by any retail establishment where the gross receipts derived from the sale of food prepared by such retail establishment for immediate consumption on or off the premises of the retail establishment constitutes more than 80 percent of the total gross receipts of that retail establishment, including but not limited to motor fuel purchases, regardless of whether such prepared food is consumed on the premises of that retail establishment. For purposes of this section, "retail establishment" means each place of business for which any "dealer," as defined in § 58.1-612, is required to apply for and receive a certificate of registration pursuant to § 58.1-613.

2. As used in this section, "essential personal hygiene products" means (i) nondurable incontinence products such as diapers, disposable undergarments, pads, and bed sheets and (ii) menstrual cups and pads, pantyliners, sanitary napkins, tampons, and other products used to absorb or contain menstrual flow. "Essential personal hygiene products" does not include any item that is otherwise exempt pursuant to this chapter.

§ 58.1-638. Disposition of state sales and use tax revenue.

A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax revenue collected under the preceding sections of this chapter.

The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided in this section, to the Commonwealth Transportation Fund established pursuant to § 33.2-1524. The Fund's share of such net revenue shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the Fund on the last day of each month.

B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed among the counties and cities of the Commonwealth in the manner provided in subsections C and D.

C. The localities' share of the net revenue distributable under this section among the counties and cities shall be apportioned by the Comptroller and distributed among them by warrants of the Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month during which the net revenue was received into the state treasury. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received into the state treasury during each month, and such distribution shall be made as soon as practicable after the close of each such month.

D. The net revenue so distributable among the counties and cities shall be apportioned and distributed upon the basis of the latest yearly estimate of the population of cities and counties ages five to 19, provided by the Weldon Cooper Center for Public Service of the University of Virginia. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who are domiciled in orphanages or charitable institutions or who are dependents living on any federal military or naval reservation or other federal property within the school division in which the institutions or federal military or naval reservation or other federal property is located. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for members of the military services who are under 20 years of age within the school division in which the parents or guardians of such persons legally reside. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for individuals receiving services in state hospitals, state training centers, or mental health facilities, persons who are confined in state or federal correctional institutions, or persons who attend the Virginia School for the Deaf and the Blind within the school division in which the

parents or guardians of such persons legally reside. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who attend institutions of higher education within the school division in which the student's parents or guardians legally reside. In any county, however, wherein is situated any incorporated town constituting a school division, the county treasurer shall pay into the town treasury for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, the proper proportionate amount received by him in the ratio that the school population of such town bears to the school population of the entire county. If the school population of any city or of any town constituting a school division is increased by the annexation of territory since the last estimate of school population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school population of such city or town as shown by the last such estimate and a proper reduction made in the school population of the county or counties from which the annexed territory was acquired.
