WHEREAS, Stop AAPI Hate, a coalition tracking and collecting AAPI hate and discrimination incidents during the pandemic released data that between March 19, 2020, and December 31, 2020, stated that it received more than 2,808 firsthand accounts from 47 states and the District of Columbia of anti-AAPI hate, with 126 of those incidents involving Asian Americans older than 60 years of age; and

WHEREAS, research released by the Center for the Study of Hate and Extremism at California State University, San Bernardino, compared data from the first quarter of 2021 to the same time period in 2020 across 15 major cities and found that hate crimes surged by 169 percent, continuing the increase in such attacks from 2020;

WHEREAS, in addition to the impact on the immediate victim, hate crimes and bias-motivated acts also have a broader impact in communities where Asian Americans and Pacific Islanders may be fearful for their physical safety when going out in public; and

WHEREAS, assessing the increase in such hate crimes and bias-motivated acts directed toward Asian Americans and Pacific Islanders is important in understanding the scope of the issue in order for the General Assembly to put forth appropriate resources toward preventing and addressing such acts; now, therefore, be it
