(Proposed by the Joint Conference Committee

on March 10, 2022)

(Patron Prior to Substitute—Senator Favola)

5 6 A BILL to amend and reenact § 22.1-298.1 of the Code of Virginia, relating to the Board of Education; 7 provisional teacher licensure; teachers licensed or certified outside of the United States. Be it enacted by the General Assembly of Virginia: 8 9

1. That § 22.1-298.1 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-298.1. Regulations governing licensure.

A. As used in this section:

12 "Alternate route to licensure" means a nontraditional route to teacher licensure available to individuals who meet the criteria specified in the guidelines developed pursuant to subsection N or 13 regulations issued by the Board of Education. 14

15 "Industry certification credential" means an active career and technical education credential that is 16 earned by successfully completing a Board of Education-approved industry certification examination, 17 being issued a professional license in the Commonwealth, or successfully completing an occupational 18 competency examination.

"Licensure by reciprocity" means a process used to issue a license to an individual coming into the 19 20 Commonwealth from another state when that individual meets certain conditions specified in the Board 21 of Education's regulations.

22 "Professional teacher's assessment" means those tests mandated for licensure as prescribed by the 23 Board of Education.

24 "Provisional license" means a nonrenewable license issued by the Board of Education for a specified 25 period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board of Education's 26 regulations for licensure, but who may need to take additional coursework, pass additional assessments, 27 28 or meet alternative evaluation standards to be fully licensed with a renewable license.

29 "Renewable license" means a license issued by the Board of Education for 10 years to an individual 30 who meets the requirements specified in the Board of Education's regulations.

31 B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of 32 teachers and other school personnel required to hold a license. Such regulations shall include procedures for (i) the denial, suspension, cancellation, revocation, and reinstatement of licensure; (ii) written 33 34 reprimand of license holders on grounds established by the Board, in accordance with law, notice of 35 which shall be made by the Superintendent of Public Instruction to division superintendents or their designated representatives; and (iii) the immediate and thorough investigation by the division superintendent or his designee of any complaint alleging that a license holder has engaged in conduct 36 37 38 that may form the basis for the revocation of his license. At a minimum, such procedures for 39 investigations contained in such regulations shall require (a) the division superintendent to petition for 40 the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a 41 42 license; (b) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the 43 44 cancellation of his license in accordance with Board regulations; and (c) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent of Public Instruction 45 at the time that the hearing is scheduled. The Board of Education shall revoke the license of any person 46 47 for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all **48** rights to any administrative appeal provided by § 63.2-1526 have been exhausted. Regardless of the 49 50 authority of any other agency of the Commonwealth to approve educational programs, only the Board of 51 Education shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education. 52

The Board of Education shall prescribe by regulation the licensure requirements for teachers who 53 54 teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. Teachers who hold a 10-year renewable license issued by the Board of Education may 55 teach online courses for which they are properly endorsed. 56

133 I. The Board shall establish criteria in its regulations to effectuate the substitution of experiential 134 learning for coursework for those persons seeking initial licensure through an alternate route as defined 135 in Board regulations. Such alternate routes shall include eligibility for any individual to receive, 136 notwithstanding any provision of law to the contrary, a renewable one-year license to teach in public 137 high schools in the Commonwealth if he has:

K. The Board's licensure regulations shall also provide for licensure by reciprocity:

158 1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching 159 license and national certification from the National Board for Professional Teaching Standards or a 160 nationally recognized certification program approved by the Board of Education. 163 2. For any spouse of an active duty member of the Armed Forces of the United States or the 164 Commonwealth who has obtained a valid out-of-state license, with full credentials and without 165 deficiencies, that is in force at the time the application for a Virginia license is received by the 166 Department of Education. 174 L. The Board shall include in its regulations an alternate route to licensure for elementary education 175 preK-6 and an alternate route to licensure for special education general curriculum K-12. Each such 176 alternate route to licensure shall require individuals to (i) meet the qualifying scores on the content area 177 assessment prescribed by the Board for the endorsements sought and (ii) complete an alternative 178 certification program that provides training in the pedagogy and methodology of the respective content 179 or special education areas prescribed by the Board. The curriculum of any such alternative certification 180 program shall be approved by the Board. Nothing in this subsection shall preclude the Board from 181 establishing other alternate routes to licensure.

182 M. The Board, in its regulations providing for licensure by reciprocity established pursuant to subsection K, shall (i) permit applicants to submit third-party employment verification forms and (ii)
grant special consideration to individuals who have successfully completed a program offered by a
provider that is accredited by the Council for the Accreditation of Educator Preparation.

186 N. Any such alternate route may include alternatives to the regulatory requirements for teacher preparation, including alternative professional assessments and coursework. The petitioner may proffer or the Board may impose conditions in conjunction with the approval of such petition.
