2. Patron: Knight

3. Committee: Finance and Appropriations

4. Title: Capital outlay plan.

5. Summary: Updates the six-year capital outlay plan for projects to be funded entirely or partially from general fund supported resources.

6. Budget Amendment Necessary: No

7. Fiscal Impact Estimates: Preliminary. See Item 8.

8. Fiscal Implications: Section 2.2-1518, paragraph B, Code of Virginia, requires the Governor to submit legislation to update the state's six-year capital outlay plan. This bill provides the necessary updates to the state's six-year capital outlay plan. The plan is intended to include all projects authorized for planning in past sessions, but not yet funded for construction in the budget or removed from the plan, as well as all new capital projects proposed for planning in the budget approved by the General Assembly.

This legislation is required to be submitted by statute, but does not need to be enacted for any capital budget proposals to be approved by the General Assembly. This legislation updates the six-year capital outlay plan and is not an appropriation bill authorizing funding. The plan is a reference that can be used by the public, decision makers, agencies, and bond rating firms to see the future capital project priorities of Virginia.

9. Specific Agency or Political Subdivisions Affected: All state agencies with capital projects authorized for planning, but not provided construction funding in the budget approved by the General Assembly and the Governor.

10. Technical Amendment Necessary: No.

11. Other Comments: This bill is a companion to SB 115.
