The Fund shall consist of (i) funds pursuant to subdivision B 3 of § 33.2-1524 and (ii) any funds appropriated to it by the general appropriation act and revenue from any other source, public or private. The Fund shall be established on the books of the Comptroller, and any funds remaining in the Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. All interest and dividends that are earned on the Fund shall be credited to the Fund. The Governor shall report to the Chairmen of the House Committees on Appropriations, Finance, and Transportation and the Senate Committees on Finance and Appropriations and on Transportation as funds are awarded in accordance with this section.

B. The Fund shall be a subfund of the Transportation Trust Fund. Provisions of this title and Title 58.1 relating to the allocations or disbursements of proceeds of the Commonwealth Transportation Fund, the Transportation Trust Fund, or the Highway Maintenance and Operating Fund shall not apply to the Fund.

C. 1. Funds shall be awarded from the Fund by the Governor as grants, revolving loans, or other financing tools and equity contributions to an agency or political subdivision of the Commonwealth. Loans shall be approved by the Governor and made in accordance with procedures established by the Board and approved by the Comptroller. Loans shall be interest-free and shall be repaid to the Fund. The Governor may establish the duration of any loan, but such term shall not exceed seven years. Such report shall be sent to the Chairmen and the staff directors of such committees. Such report shall include the name of the transportation project to which the funds are being directed, the locality in which the transportation project is being developed, the amount of the grant or loan made or committed to the transportation project from the Fund and the purpose for which it will be used, the number of jobs created or projected to be created by the transportation project, the expected rate of return on investment of the transportation project, and the amount of a company's investment in the Commonwealth. For any such direction of funds from the Fund in excess of \$35 million, upon receipt of the Secretary of Transportation's report, the direction of funds shall be submitted for review to the Chairmen of the Senate Committee on Finance and Appropriations and the House Committee on Appropriations. The Chairmen of such committees shall complete such review within seven days. Absent a recommendation within the seven days that the funds should not be directed, or in the event that the Chairmen do not provide a recommendation within the seven days, the funds shall be directed. In the event that at least one Chairman does not recommend such direction of funds, such direction of funds shall not be made unless subsequently authorized by the General Assembly. Upon the expenditure of any such directed funds, the Secretary of Transportation shall within 30 days submit a report on such expenditure to the Chairmen of the Senate Committee on Finance and Appropriations and the House Committee on Appropriations.*

68 from the Fund; however, no grant *provided pursuant to subdivision C 1* shall exceed \$5 million and no

92 Fund for those future fiscal years. No grant or loan shall be payable in the years beyond the existing
93 appropriation act unless the funds are currently available in the Fund.
