

Fiscal Impact Statement for Proposed Legislation

Virginia Criminal Sentencing Commission

House Bill No. 1750 (Patron – Weibert)

LD#: 23103987

Date: 02/02/2023

Topic: Licensing and retail system for cannabis; cannabis control

Fiscal Impact Summary:

- **State Adult Correctional Facilities:**
\$50,000 *
- **Local Adult Correctional Facilities:**
Cannot be determined
- **Adult Community Corrections Programs:**
Cannot be determined

- **Juvenile Direct Care:**
Cannot be determined **
- **Juvenile Detention Facilities:**
Cannot be determined **

** Provided by the Department of Juvenile Justice

* The estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2022, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000.

Pursuant to § 30-19.1:4, fiscal impact statements prepared by the Virginia Criminal Sentencing Commission only include the estimated increase in operating costs associated with additional state-responsible prison beds and do not reflect any other costs or savings that may be associated with the proposed legislation.

Summary of Proposed Legislation:

The proposal creates a regulatory and licensing structure for the cultivation, manufacture, testing and sale of marijuana and marijuana products, as well as retail marijuana stores, to be administered by the Virginia Cannabis Control Authority. The bill allows the Authority to begin issuing marijuana licenses on January 1, 2024, but provides that no marijuana sales may occur prior to January 1, 2025.

While the proposal repeals § 18.2-248.1, related to the manufacture and distribution of marijuana, the proposal establishes a number of new misdemeanor and felony offenses for engaging in activities without the required license or otherwise engaging in prohibited practices related to the production, sale, etc., of marijuana. For example, cultivation or manufacture of marijuana without the proper license would be a Class 6 felony. The distribution or sale of marijuana without a license would be a Class 2 misdemeanor for the first offense and a Class 1 misdemeanor for a second or subsequent offense; however, any sale of marijuana to a person who is under the age of 21 or intoxicated would be a Class 1 misdemeanor. In addition, the proposal expands § 5.1-13 to make it a Class 6 felony to operate an aircraft while under the influence of marijuana and amends § 18.2-308.012 to make it a Class 1 misdemeanor to carry a concealed handgun while under the influence of marijuana. The proposal also expands the definition of a law enforcement officer in § 18.2-57 to include special agents of the Virginia Cannabis Control Authority; assault or assault and battery of a law enforcement officer is a Class 6 felony and requires a six-month mandatory minimum sentence. In addition, the bill also expands the definition of law enforcement officer in § 9.1-101 to include special agents of the Authority, which, for example, would expand the crime of aggravated murder of a law enforcement officer under § 18.2-31.

Violations of specified licensing requirements on the part of licensees would be Class 1 misdemeanors; however, the proposal specifies that tax returns filed monthly by licensees must be made under oath (see proposed § 4.1-1004). Under § 18.2-434, a person to whom an oath is lawfully administered who willfully and falsely swears to any material matter may be prosecuted for perjury, a Class 5 felony. If a materially false statement on such a tax return could be prosecuted in the same manner as perjury and other false swearings, licensees may be subject to a felony perjury charge.

At the same time, the proposal reduces a number of existing crimes from felonies to misdemeanors. These include: distribution of marijuana to a minor (§ 18.2-255), delivery of marijuana to prisoners (§ 18.2-474.1), unlawfully transporting five pounds or more of marijuana into the Commonwealth (§ 18.2-248.01), and obstruction of justice by force or threat by a person charged with marijuana distribution (§ 18.2-460(C)). The proposal eliminates the felony for possessing a firearm while unlawfully distributing more than one pound of marijuana (§ 18.2-308.4), thereby removing the existing five-year mandatory minimum penalty for the offense. The proposal also removes marijuana from several existing provisions including: drug kingpin laws (§ 18.2-248), prohibitions on the sale of certain drugs near schools (§ 18.2-255.2), and prescription fraud (§ 18.2-258.1).

Legislation adopted by the 2021 General Assembly (Special Session I) legalized possession of up to one ounce of marijuana by persons who are 21 years of age or older and permitted persons 21 years of age or older to cultivate up to four marijuana plants for personal use, effective July 1, 2021. Possession of more than one ounce of marijuana by a person 21 or older is subject to a civil penalty of up to \$25. Possession of four ounces or more but not more than one pound of marijuana is a Class 3 misdemeanor or, for a second or subsequent offense, a Class 2 misdemeanor. Possession of more than one pound of marijuana on one's person or in a public place is a felony punishable by 1 to 10 years. Violation of the home cultivation law is a Class 6 felony if the individual is cultivating 50 to 100 plants or, if the individual is cultivating more than 100 plants, a felony punishable by imprisonment of 1 to 10 years.

Currently, under § 18.2-248.1, distribution of one ounce or less of marijuana is a Class 1 misdemeanor. Distribution of more than one ounce up to five pounds of marijuana is a Class 5 felony, while distribution of more than five pounds and manufacture of marijuana are both felonies punishable by up to 30 years in prison. A third or subsequent conviction for distribution of marijuana is punishable by up to life in prison and requires a five-year mandatory minimum prison sentence. The proposal repeals § 18.2-248.1 as of July 1, 2025.

Analysis:

The number of individuals who may be convicted of the new misdemeanors and felonies defined in the proposal, and the sentences these individuals may receive, is not known. By creating a regulatory and licensing structure, the proposal may possibly result in fewer convictions related to the unlawful distribution of marijuana. Whether or not, or the extent to which, this will occur is not known. Sentencing outcomes for offenders convicted under existing marijuana laws are shown in the table below. Individuals convicted for false statements on tax returns required by the bill may be sentenced similarly to those currently convicted of perjury under § 18.2-434; sentencing outcomes for this offense are also shown in the table below. Individuals convicted of assaulting the Authority's special agents would likely be sentenced in the same manner as those currently convicted under § 18.2-57 for assaulting a law enforcement officer; sentencing outcomes for this offense are shown in the table below.

Impact of Proposed Legislation:

State adult correctional facilities. While the proposal would eliminate certain criminal penalties related to marijuana from the *Code* and reduce penalties for other offenses, it would establish a number of new misdemeanors and felonies for engaging in activities related to the cultivation, manufacture, testing and sale of marijuana without the required license or otherwise engaging in prohibited practices related to the production, sale, etc., of marijuana. The proposal also specifies that monthly tax returns filed by licensees must be made under oath, which may have felony implications for making a materially false statement on the return. Furthermore, the proposal expands the Class 6 felony for assaulting a law enforcement officer to include special agents of the Virginia Cannabis Control Authority as well as the Class 6 felony for operating an aircraft while under the influence to include the influence of marijuana. The net effect on the number of convicted individuals and the impact on sentencing patterns cannot be estimated; therefore, the net impact on the future state-responsible (prison) bed space needs of the Commonwealth cannot be quantified.

Local adult correctional facilities. Similarly, the net impact on local-responsible (jail) bed space needs cannot be estimated.

Adult community corrections programs. The net effect of the proposal on adult community corrections resources cannot be determined.

Virginia's Sentencing Guidelines. Felony violations of § 18.2-248.1 related to the manufacture or distribution of marijuana and violations of § 18.2-57 related to assaulting a law enforcement officer are covered by the Sentencing Guidelines. As new felony offenses, convictions under the proposed *Code*

sections would not be covered by the Guidelines as the primary, or most serious, offense. Such convictions, however, could augment the Guidelines recommendation (as additional offenses) if the most serious offense at sentencing is covered by the Guidelines. No immediate adjustment to the Guidelines would be necessary under the proposal. If the proposal were enacted, the Sentencing Commission in the future would conduct detailed analyses of sentencing patterns under these provisions to determine the feasibility of adding the new felonies to the Guidelines system.

Juvenile direct care. According to the Department of Juvenile Justice, the impact of the proposal on direct care (juvenile correctional center or alternative commitment placement) bed space needs cannot be determined.

Juvenile detention facilities. The Department of Juvenile Justice reports that the proposal's impact on the bed space needs of juvenile detention facilities cannot be determined.

Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2022, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000.

Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.
