4. Title: Perinatal health care providers; implicit bias training.

5. Summary: Requires the Board of Health to amend its regulations to require that each hospital develop and implement policies requiring all perinatal health care providers to complete an in-person and interactive training on implicit bias.

6. Budget Amendment Necessary: No.

7. Fiscal Impact Estimates: Minimal see item 8.

8. Fiscal Implications: The provisions of this bill would not have a fiscal impact on the Virginia Department of Health. Any fiscal impact to amend regulations can be handled within existing resources.

9. Specific Agency or Political Subdivisions Affected: None.

10. Technical Amendment Necessary: No.

11. Other Comments: VDH can absorb the cost to promulgate regulations for the provisions of a single bill with existing resources. However, if a large number of bills become law with a requirement that VDH promulgate or modify regulations, then VDH indicates it will need additional resources to handle the increase in workload.
