

# VIRGINIA ACTS OF ASSEMBLY -- 2024 SESSION

## CHAPTER 36

*An Act to amend and reenact § 30-343 of the Code of Virginia, relating to the Health Insurance Reform Commission; assessment of certain legislation.*

[S 132]

Approved March 8, 2024

**Be it enacted by the General Assembly of Virginia:**

**1. That § 30-343 of the Code of Virginia is amended and reenacted as follows:**

**§ 30-343. Standing committees to request Commission assessment.**

A. Whenever a legislative measure containing a mandated health insurance benefit or provider is proposed that is not identical or substantially similar to a legislative measure previously reviewed by the Commission within the three-year period immediately preceding the then-current session of the General Assembly, the Chair of the House Committee on Labor and Commerce or Senate Committee on Commerce and Labor having jurisdiction over the proposal shall (i) request that the Commission assess the proposal and (ii) send a copy of such request to the Bureau of Insurance of the State Corporation Commission (the Bureau). The Commission shall be given a period of 24 months to complete and submit its assessment *on each such request*. A report summarizing the Commission's assessment shall be forwarded to the Chairman of the standing committee that requested the assessment. For the purposes of this section, "mandated health insurance benefit or provider" has the same meaning as "state-mandated health benefit" provided in § 38.2-3406.1.

B. Upon receipt of a copy of such a request, the Bureau shall prepare an analysis of the extent to which the proposed mandate is currently available under qualified health plans in the Commonwealth and advise the Commission as to whether the applicable agency has determined or would likely determine, in accordance with applicable federal rules, that the proposed mandate exceeds the scope of the essential health benefits. The Bureau's analysis shall be advisory only and not binding upon the Commission, the Bureau, the State Corporation Commission, or any other parties. As used in this section, "applicable agency" means the governmental agency that in accordance with applicable federal rules is responsible for identifying state-mandated benefits that are in addition to the essential health benefits. If the applicable federal rules require an agency of the Commonwealth to identify the state-mandated benefits that are in addition to the essential health benefits but do not identify a specific agency that is responsible for making such identification, the Bureau shall be the applicable agency. Following the Bureau's analysis, the Commission shall determine if the proposed mandate shall be (i) considered as part of an essential health benefits benchmark plan review in accordance with the provisions of § 30-343.1, (ii) assessed jointly by the Bureau and the Joint Legislative Audit and Review Commission in accordance with subsection C, or (iii) considered in another manner by the Commission.

C. Upon request of the Commission, the Bureau and the Joint Legislative Audit and Review Commission shall jointly assess the social and financial impact and the medical efficacy of the proposed mandate, which assessment shall include an estimate of the effects of enactment of the proposed mandate on the costs of health coverage in the Commonwealth, including any estimated additional costs that the Commonwealth may be responsible for pursuant to § 1311(d)(3)(B) of the Patient Protection and Affordable Care Act should the proposed mandate ultimately be determined by the applicable agency to be a benefit that exceeds the scope of the essential health benefits. Upon completion of the assessment by the Bureau and the Joint Legislative Audit and Review Commission, the Commission may make a recommendation regarding its support of or opposition to the enactment of the proposed mandate. The Commission's recommendation may address whether the proposed mandate should be provided under health care plans offered through a health benefit exchange or outside a health benefit exchange.

The Commission shall be given a period of 24 months to complete and submit its assessment *on each such request*. A report summarizing the Commission's study shall be forwarded to the Governor and the General Assembly.

D. Whenever a legislative measure containing a mandated health insurance benefit or provider is identical or substantially similar to a legislative measure previously reviewed by the Commission within the three-year period immediately preceding the then-current session of the General Assembly, the standing committee may request the Commission to study the measure as provided in subsection A.
