

# VIRGINIA ACTS OF ASSEMBLY -- 1994 SESSION

## CHAPTER 572

*An Act to amend and reenact § 8.01-413 of the Code of Virginia, relating to copies of health care provider's records or papers.*

[H 1049]

Approved April 9, 1994

**Be it enacted by the General Assembly of Virginia:**

**1. That § 8.01-413 of the Code of Virginia is amended and reenacted as follows:**

§ 8.01-413. Certain copies of health care provider's records or papers of patient admissible; right of patient or his attorney to copies of such records or papers; subpoena; damages, costs and attorney's fees.

A. In any case where the hospital, physician's, or other health care provider's original records or papers of any patient in a hospital or institution for the treatment of physical or mental illness are admissible or would be admissible as evidence, any typewritten copy, photograph, photostatic copy, or microphotograph thereof shall be admissible as evidence in any court of this Commonwealth in like manner as the original, provided the typewritten copy, photograph, photostatic copy or microphotograph is properly authenticated by the hospital employees having authority to release or produce in court the original records. Any hospital, physician, or other health care provider whose records or papers relating to any such patient are subpoenaed for production under this section or the Rules of the Supreme Court of Virginia may comply with the subpoena by a timely mailing to the clerk issuing the subpoena properly authenticated copies, photographs or microphotographs in lieu of the originals. The court whose clerk issued the subpoena may, after notice to such hospital, physician, or other health care provider, enter an order requiring production of the originals, if available, of any records or papers whose copies, photographs or microphotographs are not sufficiently legible. The party requesting the subpoena shall be liable for the reasonable charges of the hospital, physician, or other health care provider for *the service of maintaining, retrieving, reviewing, preparing*, copying and mailing the items produced, not to exceed fifty cents for each page for up to fifty pages and twenty-five cents a page for the remainder.

B. Copies of hospital, physician's, or other health care provider's records or papers shall be furnished within fifteen days of such request to the patient or his attorney upon such patient's or attorney's written request. However, copies of a patient's records shall not be furnished to such patient where the patient's treating physician has made a part of the patient's records a written statement that in his opinion the furnishing to or review by the patient of such records would be injurious to the patient's health or well-being, but in any such case such records shall be furnished to the patient's attorney within fifteen days of the date of such request. A reasonable charge, not to exceed fifty cents a page for up to fifty pages and twenty-five cents a page for the remainder, and a fee for searching, handling and mailing not to exceed ten dollars, may be made for *the service of maintaining, retrieving, reviewing and preparing* such copies. Any hospital, physician, or other health care provider receiving such a request from a patient's attorney may require a writing signed by the patient confirming the attorney's authority to make the request. Records or papers relating to a deceased patient, or a patient whose treating physician determines to be mentally incompetent to consent, or physically incapable of consenting, shall be provided to any of the following persons, in order of priority stated, upon the written request of such person, provided that the hospital, physician, or other health care provider is not aware of any available person in a higher class: (i) the personal representative of a deceased patient; (ii) the legal guardian or committee of an incompetent or incapacitated patient; (iii) the spouse; (iv) an adult son or daughter; (v) either parent; (vi) an adult brother or sister; or (vii) any of the other relatives of the patient in the descending order of blood relationship.

C. Upon the failure of any hospital, physician, or other health care provider to comply with any written request made in accordance with subsection B within the period of time specified in that subsection, the patient or his attorney may by affidavit filed with the clerk of the circuit court wherein any eventual suit, if any, would be required to be filed, upon payment of the fees required by subdivision (23) of § 14.1-112, and fees for service, request that the clerk subpoena such records or papers. The clerk shall thereupon issue a subpoena, returnable within twenty days of proper service, directing the hospital, physician, or other health care provider to produce and furnish copies of the reports and papers to him, whereupon, the clerk shall make the same available to the patient or his attorney. If the court finds that a hospital, physician, or other health care provider willfully refused to comply with a written request made in accordance with subsection B, either by willfully or arbitrarily refusing or by imposing a charge in excess of the reasonable expense of making the copies and processing the request for records, the court may award damages for all expenses incurred by the patient to obtain such copies, including court costs and reasonable attorney's fees.

D. The provisions of subsections A, B, and C hereof shall apply to any health care provider whose office is located within or without the Commonwealth if the records pertain to any patient who is a

party to a cause of action in any court in the Commonwealth of Virginia, *and shall apply only to requests made by an attorney, or his client, in anticipation of litigation or in the course of litigation.*

E. Health care provider, as used in this section, shall have the same meaning as provided in § 8.01-581.1 *and shall also include an independent medical copy retrieval service contracted to provide the service of retrieving, reviewing, and preparing such copies for distribution.*
