

LD1793128

## HOUSE BILL NO. 222

Offered January 17, 1994

*A BILL to amend and reenact § 62.1-44.15 of the Code of Virginia and to amend the Code of Virginia by adding in Article 3 of Chapter 3.1 of Title 62.1 a section numbered 62.1-44.17:1, relating to permits for confined livestock operations.*

Patrons—Bennett, Barlow, Clement, Councill, Crouch, Deeds, Jackson, Phillips, Reynolds, Stump, Van Yahres and Wilkins

Referred to Committee on Agriculture

**Be it enacted by the General Assembly of Virginia:**

**1. That § 62.1-44.15 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Article 3 of Chapter 3.1 of Title 62.1 a section numbered 62.1-44.17:1 as follows:**

§ 62.1-44.15. Powers and duties.

It shall be the duty of the Board and it shall have the authority:

(1) [Repealed.]

(2) To study and investigate all problems concerned with the quality of state waters and to make reports and recommendations.

(2a) To study and investigate methods, procedures, devices, appliances, and technologies which could assist in water conservation or water consumption reduction.

(2b) To coordinate its efforts toward water conservation with other persons or groups, within or without the Commonwealth.

(2c) To make reports concerning, and formulate recommendations based upon, any such water conservation studies to assure that present and future water needs of the citizens of the Commonwealth are met.

(3a) To establish such standards of quality and policies for any state waters consistent with the general policy set forth in this chapter, and to modify, amend or cancel any such standards or policies established and to take all appropriate steps to prevent quality alteration contrary to the public interest or to standards or policies thus established, except that a description of provisions of any proposed standard or policy adopted by regulation which are more restrictive than applicable federal requirements, together with the reason why the more restrictive provisions are needed, shall be provided to the standing committee of each house of the General Assembly to which matters relating to the content of the standard or policy are most properly referable. The Board shall, from time to time, but at least once every three years, hold public hearings pursuant to subsection B of § 9-6.14:7.1 but, upon the request of an affected person or upon its own motion, hold hearings pursuant to § 9-6.14:8, for the purpose of reviewing the standards of quality, and, as appropriate, adopting, modifying, or cancelling such standards. Whenever the Board considers the adoption, modification, amendment or cancellation of any standard, it shall give due consideration to, among other factors, the economic and social costs and benefits which can reasonably be expected to obtain as a consequence of the standards as adopted, modified, amended or cancelled. The Board shall also give due consideration to the public health standards issued by the Virginia Department of Health with respect to issues of public health policy and protection. If the Board does not follow the public health standards of the Virginia Department of Health, the Board's reason for any deviation shall be made in writing and published for any and all concerned parties.

(3b) Except as provided in subdivision (3a), such standards and policies are to be adopted or modified, amended or cancelled in the manner provided by the Administrative Process Act (§ 9-6.14:1 et seq.).

(4) To conduct or have conducted scientific experiments, investigations, studies, and research to discover methods for maintaining water quality consistent with the purposes of this chapter. To this end the Board may cooperate with any public or private agency in the conduct of such experiments, investigations and research and may receive in behalf of the Commonwealth any moneys which any such agency may contribute as its share of the cost under any such cooperative agreement. Such moneys shall be used only for the purposes for which they are contributed and any balance remaining after the conclusion of the experiments, investigations, studies, and research, shall be returned to the contributors.

(5) To issue certificates for the discharge of sewage, industrial wastes and other wastes into or adjacent to or the alteration otherwise of the physical, chemical or biological properties of state waters under prescribed conditions and to revoke or amend such certificates.

INTRODUCED

HB222

60 (5a) All certificates issued by the Board under this chapter shall have fixed terms. The term of a  
61 Virginia Pollution Discharge Elimination System permit shall not exceed five years. The term of a  
62 Virginia Pollution Abatement permit shall ~~not exceed~~ *be* ten years; ~~except that the term of a Virginia~~  
63 ~~Pollution Abatement permit for concentrated animal feeding operations shall not exceed five years.~~ The  
64 term of a certificate issued by the Board shall not be extended by modification beyond the maximum  
65 duration and the certificate shall expire at the end of the term unless an application for a new permit has  
66 been timely filed as required by the regulations of the Board and the Board is unable, through no fault  
67 of the permittee, to issue a new permit before the expiration date of the previous permit.

68 (5b) Any certificate issued by the Board under this chapter may, after notice and opportunity for a  
69 hearing, be amended or revoked on any of the following grounds or for good cause as may be provided  
70 by the regulations of the Board:

71 1. The owner has violated any regulation or order of the Board, any condition of a certificate, any  
72 provision of this chapter, or any order of a court, where such violation results in a release of harmful  
73 substances into the environment or poses a substantial threat of release of harmful substances into the  
74 environment or presents a hazard to human health or the violation is representative of a pattern of  
75 serious or repeated violations which, in the opinion of the Board, demonstrates the owner's disregard for  
76 or inability to comply with applicable laws, regulations, or requirements;

77 2. The owner has failed to disclose fully all relevant material facts or has misrepresented a material  
78 fact in applying for a certificate, or in any other report or document required under this law or under the  
79 regulations of the Board;

80 3. The activity for which the certificate was issued endangers human health or the environment and  
81 can be regulated to acceptable levels by amendment or revocation of the certificate; or

82 4. There exists a material change in the basis on which the permit was issued that requires either a  
83 temporary or a permanent reduction or elimination of any discharge controlled by the certificate  
84 necessary to protect human health or the environment.

85 (6) To make investigations and inspections, to ensure compliance with any certificates, standards,  
86 policies, rules, regulations, rulings and special orders which it may adopt, issue or establish and to  
87 furnish advice, recommendations, or instructions for the purpose of obtaining such compliance. In  
88 recognition of §§ 32.1-164 and 62.1-44.18, the Board and the State Department of Health shall enter into  
89 a memorandum of understanding establishing a common format to consolidate and simplify inspections  
90 of sewage treatment plants and coordinate the scheduling of the inspections. The new format shall  
91 ensure that all sewage treatment plants are inspected at appropriate intervals in order to protect water  
92 quality and public health and at the same time avoid any unnecessary administrative burden on those  
93 being inspected.

94 (7) To adopt rules governing the procedure of the Board with respect to: (a) hearings; (b) the filing  
95 of reports; (c) the issuance of certificates and special orders; and (d) all other matters relating to  
96 procedure; and to amend or cancel any rule adopted. Public notice of every rule adopted under this  
97 section shall be by such means as the Board may prescribe.

98 (8a) To issue special orders to owners (i) who are permitting or causing the pollution, as defined by  
99 § 62.1-44.3, of state waters to cease and desist from such pollution, (ii) who have failed to construct  
100 facilities in accordance with final approved plans and specifications to construct such facilities in  
101 accordance with final approved plans and specifications, (iii) who have violated the terms and provisions  
102 of a certificate issued by the Board to comply with such terms and provisions, (iv) who have failed to  
103 comply with a directive from the Board to comply with such directive, (v) who have contravened duly  
104 adopted and promulgated water quality standards and policies to cease and desist from such  
105 contravention and to comply with such water quality standards and policies, (vi) who have violated the  
106 terms and provisions of a pretreatment permit issued by the Board or by the owner of a publicly owned  
107 treatment works to comply with such terms and provisions or (vii) who have contravened any applicable  
108 pretreatment standard or requirement to comply with such standard or requirement; and also to issue  
109 such orders to require any owner to comply with the provisions of this chapter and any decision of the  
110 Board.

111 (8b) Such special orders are to be issued only after a hearing with at least thirty days' notice to the  
112 affected owners, of the time, place and purpose thereof, and they shall become effective not less than  
113 fifteen days after service as provided in § 62.1-44.12; provided that if the Board finds that any such  
114 owner is grossly affecting or presents an imminent and substantial danger to (i) the public health, safety  
115 or welfare, or the health of animals, fish or aquatic life; (ii) a public water supply; or (iii) recreational,  
116 commercial, industrial, agricultural or other reasonable uses, it may issue, without advance notice or  
117 hearing, an emergency special order directing the owner to cease such pollution or discharge  
118 immediately, and shall provide an opportunity for a hearing, after reasonable notice as to the time and  
119 place thereof to the owner, to affirm, modify, amend or cancel such emergency special order. If an  
120 owner who has been issued such a special order or an emergency special order is not complying with  
121 the terms thereof, the Board may proceed in accordance with § 62.1-44.23, and where the order is based

on a finding of an imminent and substantial danger, the court shall issue an injunction compelling compliance with the emergency special order pending a hearing by the Board. If an emergency special order requires cessation of a discharge, the Board shall provide an opportunity for a hearing within forty-eight hours of the issuance of the injunction.

(8c) The provisions of this section notwithstanding, the Board may proceed directly under § 62.1-44.32 for any past violation or violations of any provision of this chapter or any regulation duly promulgated hereunder.

(8d) With the consent of any owner who has violated or failed, neglected or refused to obey any regulation or order of the Board, any condition of a permit or any provision of this chapter, the Board may provide, in an order issued by the Board against such person, for the payment of civil charges for past violations in specific sums not to exceed the limit specified in subsection (a) of § 62.1-44.32. Such civil charges shall be instead of any appropriate civil penalty which could be imposed under subsection (a) of § 62.1-44.32 and shall not be subject to the provisions of § 2.1-127. Such civil charges shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund pursuant to Chapter 25 (§ 10.1-2500 et seq.) of Title 10.1, excluding civil charges assessed for violations of Article 9 (§ 62.1-44.34:8 et seq.) or 10 (§ 62.1-44.34:10 et seq.) of Chapter 3.1 of Title 62.1, or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under those articles.

The amendments to this section adopted by the 1976 Session of the General Assembly shall not be construed as limiting or expanding any cause of action or any other remedy possessed by the Board prior to the effective date of said amendments.

(9) To make such rulings under §§ 62.1-44.16, 62.1-44.17 and 62.1-44.19 as may be required upon requests or applications to the Board, the owner or owners affected to be notified by certified mail as soon as practicable after the Board makes them and such rulings to become effective upon such notification.

(10) To adopt such regulations as it deems necessary to enforce the general water quality management program of the Board in all or part of the Commonwealth, except that a description of provisions of any proposed regulation which are more restrictive than applicable federal requirements, together with the reason why the more restrictive provisions are needed, shall be provided to the standing committee of each house of the General Assembly to which matters relating to the content of the regulation are most properly referable.

(11) To investigate any large-scale killing of fish.

(a) Whenever the Board shall determine that any owner, whether or not he shall have been issued a certificate for discharge of waste, has discharged sewage, industrial waste, or other waste into state waters in such quantity, concentration or manner that fish are killed as a result thereof it may effect such settlement with the owner as will cover the costs incurred by the Board and by the Department of Game and Inland Fisheries in investigating such killing of fish, plus the replacement value of the fish destroyed, or as it deems proper, and if no such settlement is reached within a reasonable time the Board shall authorize its executive secretary to bring a civil action in the name of the Board to recover from the owner such costs and value, plus any court or other legal costs incurred in connection with such action.

(b) If the owner is a political subdivision of the Commonwealth the action may be brought in any circuit court within the territory embraced by such political subdivision. If the owner is an establishment, as defined in this chapter, the action shall be brought in the circuit court of the city or the circuit court of the county in which such establishment is located. If the owner is an individual or group of individuals the action shall be brought in the circuit court of the city or circuit court of the county in which such person or any of them reside.

(c) For the purposes of this subsection the State Water Control Board shall be deemed the owner of the fish killed and the proceedings shall be as though the State Water Control Board were the owner of the fish. The fact that the owner has or held a certificate issued under this chapter shall not be raised as a defense in bar to any such action.

(d) The proceeds of any recovery had under this subsection shall, when received by the Board, be applied, first, to reimburse the Board for any expenses incurred in investigating such killing of fish. The balance shall be paid to the Board of Game and Inland Fisheries to be used for the fisheries' management practices as in its judgment will best restore or replace the fisheries' values lost as a result of such discharge of waste, including, where appropriate, replacement of the fish killed with game fish or other appropriate species. Any such funds received are hereby appropriated for that purpose.

(e) Nothing in this subsection shall be construed in any way to limit or prevent any other action which is now authorized by law by the Board against any owner.

(f) Notwithstanding the foregoing, the provisions of this subsection shall not apply to any owner who adds or applies any chemicals or other substances that are recommended or approved by the State

183 Department of Health to state waters in the course of processing or treating such waters for public water  
184 supply purposes, except where negligence is shown.

185 (12) To administer programs of financial assistance for planning, construction, operation, and  
186 maintenance of water quality control facilities for political subdivisions in this Commonwealth.

187 (13) To establish policies and programs for effective area-wide or basin-wide water quality control  
188 and management. The Board may develop comprehensive pollution abatement and water quality control  
189 plans on an area-wide or basin-wide basis. In conjunction with this, the Board, when considering  
190 proposals for waste treatment facilities, is to consider the feasibility of combined or joint treatment  
191 facilities and is to ensure that the approval of waste treatment facilities is in accordance with the water  
192 quality management and pollution control plan in the watershed or basin as a whole. In making such  
193 determinations, the Board is to seek the advice of local, regional, or state planning authorities.

194 (14) To establish requirements for the treatment of sewage, industrial wastes and other wastes that  
195 are consistent with the purposes of this chapter; however, no treatment will be less than secondary or its  
196 equivalent, unless the owner can demonstrate that a lesser degree of treatment is consistent with the  
197 purposes of this chapter.

198 *§ 62.1-44.17:1. When confined livestock operations shall be deemed permitted.*

199 A. Any confined livestock operation with 300 or more animal units utilizing a liquid manure storage  
200 system, but having neither a Virginia Pollution Abatement permit nor a no-discharge certificate, shall be  
201 deemed to have been issued a Virginia Pollution Abatement permit for all purposes of this chapter if:

202 1. The operation has for its use a manure collection and storage facility (i) designed to prevent any  
203 discharge to state waters except a discharge resulting from a storm event equal to or exceeding a  
204 twenty-five-year, twenty-four-hour storm and (ii) constructed in accordance with the appropriate  
205 specifications of the United States Department of Agriculture Soil Conservation Service Field Office  
206 Technical Guide;

207 2. The operation has for its use a nutrient management plan approved by the regional nutrient  
208 management specialist of the Division of Soil and Water Conservation of the Department of  
209 Conservation and Recreation; and

210 3. The owner of the operation has filed with the Department of Environmental Quality a registration  
211 statement providing the name and address of the owner of the operation, the name and address of the  
212 operator of the operation (if different from the owner), and the mailing address and location of the  
213 operation, to which statement shall be attached a copy of the letter or form of the regional nutrient  
214 management specialist constituting approval of the nutrient management plan for the operation as  
215 required by subdivision 2 of this subsection.

216 B. For the purposes of this section, operation of the facility in accordance with the approved nutrient  
217 management plan shall be deemed to be an enforceable permit condition.

218 C. The submission of any false information in or with the registration statement shall be deemed to  
219 be a violation of a permit.

220 D. The Department of Environmental Quality shall provide forms for the registration statement to  
221 registrants and the Department of Conservation and Recreation.

222 E. Operations having a Virginia Pollution Abatement permit or a non-discharge certificate may,  
223 upon expiration of the permit or certificate, be deemed permitted pursuant to this section upon fulfilling  
224 the requirements of subsection A.
