## CHAPTER 6.5.

## FROM WELFARE TO WORK:

## THE VIRGINIA INDEPENDENCE PROGRAM.

§ 63.1-133.41. Virginia Independence Program (VIP); purpose; administration.

There is hereby created the Virginia Independence Program, hereinafter in this chapter referred to as the "Program."

The goals of the Program are to:

1. Offer Virginians living in poverty the opportunity to achieve economic independence by removing barriers and disincentives to work and providing positive incentives to work;

2. Provide Virginia families living in poverty with the opportunities and work skills necessary for self-sufficiency;

3. Assist Virginia families living in poverty in contributing materially to their own self-sufficiency;

4. Set out the expectations and responsibilities of recipients of public assistance and the government; and

5. Provide Virginia families living in poverty with the opportunity to participate in public service for compensation through the Virginia Initiative for Employment Not Welfare (VIEW).

The Program shall recognize clearly defined reciprocal responsibilities and obligations on the part of both parents and government and shall include an agreement of mutual responsibility requiring intensive case management, supportive and transitional services for families; earned income disregards which reduce work disincentives; a limit on public assistance for recipients who bear children while receiving Aid to Families with Dependent Children (AFDC); and a maximum one-year limit on the receipt of AFDC by a family.

The agreement shall recognize that not all recipients will find paid employment within one year. This Program therefore includes a public sector employment option, VIEW, for up to one additional year. The Program also includes objective criteria for extending VIEW participation, in limited and extraordinary cases.

The Department of Social Services (the Department) shall administer the Program, which is to be phased in statewide over a two-year period commencing July 1, 1994. The Department shall be assisted by the Department of Economic Development, the Virginia Employment Commission and the Governor's Employment and Training Department.

§ 63.1-133.42. Definitions.

(VIEW) which is a public service employment program for participants who have not secured private sector employment after the first year of participation in the program. The Department shall endeavor to develop placements for VIEW participants that will enable participants to develop job skills that are likely to result in paid employment. The State Board shall provide guidelines regarding the development of jobs that will best benefit the participant and the locality. The State Board shall promulgate regulations providing that a VIEW participant shall work a minimum of thirty hours per week and assuring the participant and his case manager periodically evaluate the participant's ability to find paid employment. Participants in VIEW shall be eligible for day care payments and Medicaid coverage.

1. Program participants shall be eligible for participation in VIEW ninety days after beginning the Program. A Program participant shall be provided with the opportunity to participate in VIEW after one year of participation in the Program if there is no private-sector job available for such individual.

2. Upon expiration of AFDC benefits, after one year, it is the expectation that the participant will have secured private employment or be a VIEW participant.

3. VIEW wages shall be paid by the State through the Department of Social Services. Wages shall equal the average prevailing AFDC payment plus food stamps divided by thirty hours a week.

4. VIEW participants shall be under the direction and supervision of the case manager.

5. VIEW participation shall be limited to two years from the date of receipt of the first AFDC check, unless a hardship exemption is granted.

6. VIEW income shall not be considered earned income with respect to § 63.1-133.47.

§ 63.1-133.50 Limit on the receipt of Aid to Families with Dependent Children (AFDC) .

The Department shall establish a goal for the Program, through the agreement, to limit the receipt of AFDC financial assistance to a maximum of one year, after which time private employment or participation in VIEW is expected. The limit shall be based on a mutual understanding of achievable goals and objectives tailored to the abilities and skills of the Program participant, as well as to the availability of community resources.

The one-year limitation shall be effective after the signing of the agreement by the Program participant and the local department of social services. A Program participant whose benefits are terminated pursuant to this section may receive AFDC financial assistance after a period of twenty-four months without (i) participation in VIEW or (ii) the receipt of AFDC financial assistance, if such person is otherwise eligible.

The local department of social services shall notify a Program participant that his benefits are scheduled to be terminated thirty days prior to such termination and shall inform the participant of the exception regulations promulgated by the State Board and the procedure to be followed by the participant if he believes that he is entitled to an extension of benefits.

§ 63.1-133.51. Hardship exceptions.

The State Board of Social Services shall promulgate regulations providing exceptions to the provisions of this chapter in cases of hardship. Such exceptions shall include, but shall not be limited to, continued eligibility for AFDC financial assistance or VIEW participation in the following circumstances:

(i) Where the department has failed to provide a Program participant with intensive case management or necessary support services pursuant to § 63.1-133.46;

(ii) Where a Program participant who has been actively seeking employment is unable to find suitable work;

(iii) Where a former Program participant quits work for good cause or is laid off or dismissed from work, provided that such dismissal is not for misconduct connected with work; and

(iv) Where factors relating to job availability are unfavorable, including a high local unemployment rate as determined by the Virginia Employment Commission pursuant to § 60.2-612.

The agreement shall contain the objective criteria which will be used to determine if there should be an extension of VIEW participation or eligibility for AFDC financial assistance.

§ 63.1-133.52. Provision of services.

Local departments shall coalesce community resources to assist the families of persons who may be in need because of the limitations on cash benefits imposed by this chapter and shall arrange for appropriate care of dependent children for Program families where the limitation on benefits as a result of the birth of an additional child or the two-year limit on benefits is executed. Services shall be provided that include, but are not limited to, help for families in obtaining donated food and clothing, continuation of food stamps for adults and children who are otherwise eligible, child day care, and health care coverage for adults and children who are otherwise eligible for Medicaid.

§ 63.1-133.53. Notice and appeal.

A. A parent or other caretaker may appeal (i) any dispute in connection with the formation or implementation of the agreement of mutual responsibility, (ii) any failure or refusal to grant a hardship exception or extension of benefits or (iii) any other alleged noncompliance with the provision of this

chapter through the AFDC fair hearing and review process. If a hearing request is received prior to the effective date of any proposed change in benefit status, a parent or other caretaker appealing such change shall have the right to continued direct payment of AFDC benefits pending final administrative action on such appeal. All federal and state statutes and rules regarding conciliation, notice, hearing, and appeal shall be followed; however, notwithstanding the limitations set forth in § 9-6.14:16, §§ 9-6.14:17 and 9-6.14:18 shall be fully applicable in the judicial review of fair-hearing decisions.

B. The Commissioner shall provide notice to each parent or other caretaker of such appeal and due process rights and the procedures to be followed in exercising such rights.

§ 63.1-133.54. Evaluation and reporting.

A. In administering the Program, the Commissioner shall develop and use evaluation methods that measure achievement of the goals of the Program as specified in § 63.1-133.41.

B. Beginning December 1, 1994, and annually thereafter, the Commissioner shall file a report with the General Assembly, which shall focus on the development, implementation and effectiveness of the services required to support the Program.

The report shall include:

1. The various methods employed to involve participating families, local organizations and other government agencies in the implementation of the Program.

2. A description of the development, implementation, and subsequent evaluation of agency staff training.

3. A description of the development, implementation, and subsequent evaluation of the case management system and individualized agreement of mutual responsibility components of the Program.

4. An evaluation of the Program by participating families.

5. A description of the capacity of the human services delivery system, the Virginia Employment Commission and the Department of Economic Development, both within and without state and local government, to sustain the Program, including the support services required by this chapter.

6. A documentation of participant outcomes, including specific information relating to the number of persons employed, by occupation, industry and wage; the types of jobs secured by participants; any available information about the impact of the Program on children, including objective indicators of improved conditions; and the number of participating families involved in training and education programs, by type of program. Beginning December 1, 1994, and thereafter, the report shall differentiate participant outcomes according to membership in the control group and the two randomly selected demonstration groups.

7. The progress made in implementing the provisions of this chapter, including an analysis of the effect of the Program on state and federal revenues and expenditures.

8. A summary of all interim and final reports submitted by independent evaluation contractors to the Department of Social Services, the Commissioner of Social Services or the Secretaries of Health and Human Resources or Commerce and Trade.

§ 63.1-133.55. Statewide Program implementation.

The Department shall establish guidelines for the selection of 5,000 participants for the first year of implementation and 5,000 additional participants in the second year, beginning July 1, 1995, in areas with demographics and economies reflective of Virginia's poverty areas. The first participants in the Program shall be drawn from current AFDC recipients who have completed the JOBS Program. Program site selection shall conform with federal requirements for waiver approval. The Department shall also select a control group in numbers required to provide statistically significant comparisons between groups, which are matched to the initial 10,000 participants in the Program. The control group shall not be selected from the Program participant group.

The Secretary of Health and Human Resources shall continue to implement the Program on a phased basis with the goal of statewide application, provided that:

1. Funds adequate to provide intensive case management services, training and educational services and an array of family support services in accordance with individualized agreements of mutual responsibility have been appropriated; and

2. In any fiscal year when moneys appropriated are not sufficient to provide to any parent all case management services required by this act and all training, education and family support services called for in the agreement of mutual responsibility, such parent's termination of AFDC benefits shall be deferred.

**2. That the Secretary of Health and Human Resources shall apply for the appropriate federal waivers and approvals necessary to implement the provisions of this act and that this act shall become effective upon the receipt of such waivers and approvals, or on January 1, 1995, whichever is later.**
