[H 2285]

Approved March 18, 1995

**Be it enacted by the General Assembly of Virginia:**

**1. That § 46.2-1603.1 of the Code of Virginia is amended and reenacted as follows:**

§ 46.2-1603.1. Duties of licensees.

A. If a salvage vehicle is purchased by a salvage dealer and the vehicle is sold as a unit to anyone other than a demolisher, rebuilder, vehicle removal operator or scrap metal processor, the purchaser shall obtain from the Department a salvage certificate. If the sale is to a demolisher or vehicle removal operator, the salvage vehicle shall be assigned in the space provided for such assignments on the existing salvage certificate. If a vehicle is purchased by a salvage dealer and disassembled for parts only or demolished by a demolisher, the salvage dealer shall immediately and conspicuously indicate on the salvage certificate or title that the vehicle was disassembled for parts only or demolished and immediately forward the salvage certificate or title to the Department for cancellation. The Department shall cancel the title or salvage certificate and issue a nonrepairable certificate for the vehicle to the salvage dealer. There shall be no fee for the issuance of a nonrepairable certificate.

B. If a licensee acquires any late model vehicle, he shall immediately compare the vehicle identification number assigned by the manufacturer or the Department or the identification number issued or assigned by another state with the title or salvage certificate of the vehicle and shall notify the Department as provided in subsection C of this section. Such comparison and notification shall not be required of a demolisher if the vehicle was acquired from a licensed salvage dealer, rebuilder, salvage pool, or vehicle removal operator and such licensee delivers to the demolisher a title or salvage certificate for the vehicle.

C. If the vehicle identification number has been altered, is missing, or appears to have been otherwise tampered with, the licensee shall take no further action with regard to the vehicle except to safeguard it in its then-existing condition and shall promptly notify the Department. The Department shall, after an investigation has been made, notify the licensee whether the vehicle can be freed from this limitation. In no event shall the vehicle be disassembled, demolished, processed, or otherwise modified or removed prior to authorization by the Department. If the vehicle is a motorcycle, the licensee shall cause to be noted on the title or salvage certificate, certifying on the face of the document, in addition to the above requirements, the frame number of the motorcycle and motor number, if available.

D. After a vehicle has been demolished, the demolisher shall, within five working days, deliver to the Department the salvage certificate or title, certifying on the face of the document that the vehicle has been destroyed.

*E. It shall be unlawful for any licensee to purchase, receive, take into inventory, or otherwise accept from any person any late model vehicle unless, as a part of any such transaction, the licensee also receives a title, salvage certificate, nonrepairable certificate, or other ownership documents, issued by an appropriate regulatory agency within or without the Commonwealth, relating to such vehicle. Every licensee shall maintain as a part of his business records a title, salvage certificate, nonrepairable certificate, or other ownership documents, issued by an appropriate regulatory agency within or without the Commonwealth, pertaining to every late model vehicle in his inventory or possession.*
