

VIRGINIA ACTS OF ASSEMBLY -- 1995 SESSION

CHAPTER 524

An Act to amend and reenact § 32.1-102.1 of the Code of Virginia, relating to certificates of public need.

[H 2131]

Approved March 23, 1995

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-102.1 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-102.1. Definitions.

As used in this article, unless the context indicates otherwise:

"Certificate" means a certificate of public need for a project required by this article.

"Clinical health service" means a single diagnostic, therapeutic, rehabilitative, preventive or palliative procedure or a series of such procedures that may be separately identified for billing and accounting purposes.

"Health planning region" means a contiguous geographical area of the Commonwealth with a population base of at least 500,000 persons which is characterized by the availability of multiple levels of medical care services, reasonable travel time for tertiary care, and congruence with planning districts.

"Medical care facility," as used in this title, means any institution, place, building or agency, whether licensed or required to be licensed by the Board or the State Mental Health, Mental Retardation and Substance Abuse Services Board, whether operated for profit or nonprofit and whether privately owned or privately operated or owned or operated by a local governmental unit, (i) by or in which health services are furnished, conducted, operated or offered for the prevention, diagnosis or treatment of human disease, pain, injury, deformity or physical condition, whether medical or surgical, of two or more nonrelated mentally or physically sick or injured persons, or for the care of two or more nonrelated persons requiring or receiving medical, surgical or nursing attention or services as acute, chronic, convalescent, aged, physically disabled or crippled, or (ii) which is the recipient of reimbursements from third-party health insurance programs or prepaid medical service plans. For purposes of this article, only the following medical care facilities shall be subject to review:

1. General hospitals.
2. Sanitariums.
3. Nursing homes.
4. Intermediate care facilities.
5. Extended care facilities.
6. Mental hospitals.
7. Mental retardation facilities.
8. Psychiatric hospitals and intermediate care facilities established primarily for the medical, psychiatric or psychological treatment and rehabilitation of alcoholics or drug addicts.
9. Specialized centers or clinics or that portion of a physician's office developed for the provision of outpatient or ambulatory surgery, cardiac catheterization, computed tomographic (CT) scanning, gamma knife surgery, lithotripsy, magnetic resonance imaging (MRI), magnetic source imaging (MSI), positron emission tomographic (PET) scanning, radiation therapy, single photon emission computed tomography (SPECT), or such other specialty services as may be designated by the Board by regulation.
10. Rehabilitation hospitals.

The term "medical care facility" shall not include any facility of the (i) Department of Mental Health, Mental Retardation and Substance Abuse Services; or (ii) any nonhospital substance abuse residential treatment program operated by or contracted primarily for the use of a community services board under the Department of Mental Health, Mental Retardation and Substance Abuse Services' Comprehensive Plan; or (iii) physician's office, except that portion of a physician's office described above in subdivision 9 of the definition of "medical care facility"; or (iv) the *Woodrow Wilson Rehabilitation Center of the Department of Rehabilitative Services*.

"Project" means:

1. Establishment of a medical care facility;
2. An increase in the total number of beds or operating rooms in an existing medical care facility;
3. Relocation at the same site of ten beds or ten percent of the beds, whichever is less, from one existing physical facility to another in any two-year period; however, a hospital shall not be required to obtain a certificate for the use of ten percent of its beds as nursing home beds as provided in § 32.1-132;
4. Introduction into an existing medical care facility of any new nursing home service, such as intermediate care facility services, extended care facility services, or skilled nursing facility services,

regardless of the type of medical care facility in which those services are provided;

5. Introduction into an existing medical care facility of any new cardiac catheterization, computed tomographic (CT), gamma knife surgery, lithotripsy, magnetic resonance imaging (MRI), magnetic source imaging (MSI), medical rehabilitation, neonatal special care, obstetrical, open heart surgery, positron emission tomographic (PET) scanning, psychiatric, organ or tissue transplant service, radiation therapy, single photon emission computed tomography (SPECT), substance abuse treatment, or such other specialty clinical services as may be designated by the Board by regulation, which the facility has never provided or has not provided in the previous twelve months;

6. Conversion of beds in an existing medical care facility to medical rehabilitation beds or psychiatric beds;

7. The addition or replacement by an existing medical care facility of any medical equipment for the provision of cardiac catheterization, computed tomographic (CT), gamma knife surgery, lithotripsy, magnetic resonance imaging (MRI), magnetic source imaging (MSI), open heart surgery, positron emission tomographic (PET) scanning, radiation therapy, single photon emission computed tomography (SPECT), or other specialized service designated by the Board by regulation; notwithstanding the above, the Commissioner shall develop regulations providing for the replacement by a medical care facility of existing medical equipment, which is determined by the Commissioner to be inoperable or otherwise in need of replacement without requiring issuance of a certificate of public need; or

8. Any capital expenditure of one million dollars or more, not defined as reviewable in subdivisions 1 through 7 of this definition, by or in behalf of a medical care facility, except capital expenditures, registered with the Commissioner pursuant to regulations developed by the Board, of less than two million dollars that do not involve the expansion of any space in which patient care services are provided, including, but not limited to, expenditures for nurse-call systems, materials handling and management information systems, parking lots and garages, child-care centers, and laundry services.

"Regional health planning agency" means the regional agency, including the regional health planning board, its staff and any component thereof, designated by the Virginia Health Planning Board to perform the health planning activities set forth in this chapter within a health planning region.

"State Medical Facilities Plan" means the planning document adopted by the Board of Health which shall include, but not be limited to, (i) methodologies for projecting need for medical care facility beds and services; (ii) statistical information on the availability of medical care facilities and services; and (iii) procedures, criteria and standards for review of applications for projects for medical care facilities and services.

"Virginia Health Planning Board" means the statewide health planning body established pursuant to § 32.1-122.02 which serves as the analytical and technical resource to the Secretary of Health and Human Resources in matters requiring health analysis and planning.
