The authority of the juvenile court to adjudicate matters involving the custody, visitation, support, control or disposition of a child shall not be limited to the consideration of petitions filed by a mother, father or legal guardian but shall include petitions filed at any time by any party with a legitimate interest therein. A party with a legitimate interest shall be broadly construed and shall include, but not be limited to, grandparents, stepparents, former stepparents, blood relatives and family members. § 22.1-199.1. *Programs designed to promote educational opportunities.*

A. *The General Assembly finds that Virginia educational research supports the conclusion that poor children are more at risk of educational failure than children from more affluent homes and that reduced pupil-teacher ratios and class sizes result in improved academic performance among young children; to this end, the General Assembly establishes a long-term goal of reducing pupil-teacher ratios and class sizes for grades K through 3 in those schools in the Commonwealth with high or moderate concentrations of at-risk students.*

*Effective July 1, 1996, and with such funds as are provided in the appropriations act for this purpose, there is hereby established the statewide voluntary pupil-teacher ratio and class size reduction program for the purpose of reaching the long-term goal of statewide voluntary pupil-teacher ratio and class size reductions for grades K through 3 in schools with high or moderate concentrations of at-risk students, consistent with the provisions first provided during the 1994-1995 school year.*

*In order to facilitate these primary grade ratio and class size reductions, the Department of Education shall calculate the state funding of these voluntary ratio and class size reductions based on the incremental cost of providing the lower class sizes according to the greater of the division average per-pupil cost of all divisions or the actual division per-pupil cost. Localities shall provide matching funds for these voluntary ratio and class size reductions based on the composite index of local ability to pay. School divisions shall notify the Department of Education of their intention to implement the reduced ratios and class sizes in one or more of their qualifying schools by August 1 of each year. By March 31 of each year, school divisions shall forward data substantiating that each participating school has a complying pupil-teacher ratio.*

*In developing the proposed 1996-1998 biennium budget for public education, the Board of Education shall include funding for these ratios and class sizes. Effective July 1, 1996, the ratios and class sizes shall be included in the annual budget for public education.*

B. *The General Assembly finds that educational technology is one of the most important components, along with highly skilled teachers, in ensuring the delivery of quality public school education throughout the Commonwealth and, to this end, the following program is established. With such funds as are appropriated for this purpose, the Board of Education shall award to the several school divisions grants for expanded access to educational technology. Funding for educational technology training for instructional personnel shall be provided by the local school boards. Each qualifying school board shall establish an individualized technology plan, which shall be approved by the Superintendent of Public Instruction, for integrating technology into the classroom and into schoolwide instructional programs. The grants shall be prioritized as follows:*

*1. In the 1994 biennium, the first priority for these funds shall be to automate the library media centers and provide network capabilities in Virginia's elementary, middle and high schools, or combination thereof, in order to ensure access to the statewide library and other information networks. If any elementary, middle or high school has already met this priority, the 1994 biennium grant shall be used to provide other educational technologies identified in the relevant division's approved technology plan, such as multimedia and telecomputing packages, integrated learning systems, laptop computer loan programs, vocational technology laboratories or other electronic techniques designed to enhance public education and to facilitate teacher training in and implementation of effective instructional technology. The Board shall also distribute, as provided in the appropriations act, funds to support the purchase of electronic reference materials for use in the statewide automated reference system.*

*2. In the 1996 biennium, the first priority for funding shall be consistent with the Board of Education's revised six-year technology plan.*

*3. The Departments of Education, Information Technology, and General Services shall coordinate master contracts for the purchase by local school boards of the aforementioned educational technologies and reference materials.*

C. *The General Assembly finds that effective prevention programs designed to assist children at risk of school failure and dropout are practical mechanisms for reducing violent and criminal activity and for ensuring that Virginia's children will reach adulthood with the skills necessary to succeed in the*

twenty-first century; to this end, the following program is hereby established. With such funds as are appropriated for this purpose, the General Assembly hereby establishes a grant program to be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds who are unserved by another such program. The grants shall be used to provide full-day and at least school-year programs for at-risk four-year-old children that include quality preschool education, health services, social services, parental involvement, and transportation. The Department of Education, in cooperation with such other state agencies which may coordinate child day care and early childhood programs, shall establish guidelines for quality preschool education and criteria for the service components, consistent with the findings of the November 1993 study by the Board of Education, the Department of Education, and the Council on Child Day Care and Early Childhood Programs. During the 1995-96 fiscal year, the Board of Education shall, with such funds as are appropriated for this purpose, distribute grants, based on an allocation formula providing the state share of the grant per child, as specified in the appropriations act, for thirty percent of the unserved at-risk four-year-olds in the Commonwealth pursuant to the funding provided in the appropriations act. During the 1996-97 fiscal year, grants shall be distributed, with such funds as are appropriated for this purpose, based on an allocation formula providing the state share of the grant per child, as specified in the appropriations act, for sixty percent of the unserved at-risk four-year-olds in the Commonwealth, such sixty percent to be calculated by adding services for thirty percent more of the unserved at-risk children to the thirty percent of unserved at-risk children in each locality provided funding in the appropriations act.

In order for a locality to qualify for these grants, the local governing body shall commit to providing the required matching funds, based on the composite index of local ability to pay. Localities may use, for the purposes of meeting the local match, local expenditures for existing qualifying programs and shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program shall be used to supplement, not supplant, any funds currently provided for preschool programs within the locality.

D. The General Assembly finds that local autonomy in making decisions on local educational needs and priorities results in effective grass-roots efforts to improve education in the Commonwealth's public schools only when coupled with sufficient state funding; to this end, the following block grant program is hereby established. With such funds as are provided in the appropriations act, the Department of Education shall distribute block grants to localities to enable compliance with the Commonwealth's requirements for school divisions in effect on January 1, 1995. Therefore, for the purpose of such compliance, the block grant herein established shall consist of a sum equal to the amount appropriated in the appropriations act for the covered programs, including the at-risk add-on program; dropout prevention, specifically Project YES; Project Discovery; English as a second language programs, including programs for overage, nonschooled students; Advancement Via Individual Determination (AVID); the Homework Assistance Program; programs initiated under the Virginia Guaranteed Assistance Program, except that such funds shall not be used to pay any college expenses of participating students; Reading Recovery; and school/community health centers. Each school board may use any funds received through the block grant to implement the covered programs and other programs designed to save the Commonwealth's children from educational failure.

#### *§ 22.1-279.3. Parental responsibility and involvement requirements.*

A. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and supportive of individual rights.

B. A school board shall provide opportunities for parental and community involvement in every school in the school division.

C. Within one calendar month of the opening of school, each school board shall, simultaneously with any other materials customarily distributed at that time, send to the parents of each enrolled student (i) a notice of the requirements of this section and (ii) a copy of the school board's standards of student conduct.

Each parent of a student shall sign and return to the school in which the student is enrolled a statement acknowledging the requirements of the school board's standards of student conduct and recognizing his responsibility to assist the school in disciplining the student and maintaining order, and acknowledging that failure to so participate could result in court action against the student and the parent. Each school shall maintain records of such signed statements.

D. The school principal may request the student's parent to meet with the principal or his designee to review the school board's standards of student conduct and the parent's responsibility to participate with the school in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress.

E. In accordance with § 22.1-277 and the guidelines required by § 22.1-278, the school principal may notify the parents of any student who violates a school board policy when such violation could result in the student's suspension, whether or not the school administration has imposed such disciplinary action. The notice shall state (i) the date and particulars of the violation; (ii) the obligation

of the parent to take actions to assist the school in improving the student's behavior; and (iii) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials.

F. No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or his designee determines that readmission, without parent conference, is appropriate for the student.

G. Upon the failure of a parent to comply with the provisions of this section, the school board may, by petition to the juvenile and domestic relations court, proceed against such parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior, as follows:

1. If the court finds that the parent has willfully and unreasonably failed to return the statement required by subsection C of this section, it may impose a civil penalty not to exceed fifty dollars;

2. If the court finds that the parent has willfully and unreasonably failed to meet, pursuant to a request of the principal as set forth in subsection D of this section, to review the school board's standards of student conduct and the parent's responsibility to assist the school in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress, it may order the parent to so meet; or

3. If the court finds that the parent has willfully and unreasonably failed to accompany a suspended student to meet with school officials pursuant to subsection F, or upon the student's receiving a second suspension or being expelled, it may order (i) the student or his parent to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior or (ii) the student or his parent to be subject to such conditions and limitations as the court deems appropriate for the supervision, care, and rehabilitation of the student or his parent. In addition, the court may order the parent to pay a civil penalty not to exceed \$500.

H. The civil penalties established pursuant to this section shall be enforceable in the juvenile and domestic relations court in which the student's school is located and shall be paid into a fund maintained by the appropriate local governing body to support programs or treatments designed to improve the behavior of students as described in subdivision 3 of subsection G. Upon the failure to pay the civil penalties imposed by this section, the attorney for the appropriate county, city, or town shall enforce the collection of such civil penalties.

I. All references in this section to the juvenile and domestic relations court shall be also deemed to mean any successor in interest of such court.

#### § 58.1-4022. State Lottery Fund.

A. All moneys received from the sale of lottery tickets or shares, less payment for prizes and compensation of agents as authorized by regulation and any other revenues received under this chapter, shall be placed in a special fund known as the "State Lottery Fund." Notwithstanding any other provisions of law, interest earned from moneys in the State Lottery Fund shall accrue to the benefit of such Fund.

B. The total costs for the operation and administration of the lottery shall be funded from the State Lottery Fund and shall be in such amount as provided in the general appropriation act. Appropriations to the Department during any fiscal year beginning on and after July 1, 1989, exclusive of agent compensation, shall at no time exceed ten percent of the total annual estimated gross revenues to be generated from lottery sales. However, should it be anticipated at any time by the Director that such operational and administrative costs for a fiscal year will exceed the limitation provided herein, the Director shall immediately report such information to the Board, the Governor and the Chairmen of Senate Finance and House Appropriations Committees. From the moneys in the Fund, the Comptroller shall establish a special reserve fund in such amount as shall be provided by regulation of the Department for (i) operation of the lottery, or (ii) use if the game's pay-out liabilities exceed its cash on hand.

C. Any start-up sums appropriated from the general fund of the Commonwealth necessary to commence operation of a state lottery shall be repaid within the first twelve months of initial lottery sales.

D. Appropriation of lottery revenues shall be made only upon actual and audited collections as transferred to the general fund and shall in no event be predicated upon an estimation of such revenues. No later than ten days after receipt of the audit report required by § 58.1-4023, the Comptroller shall transfer to the general fund, less the special reserve fund, the audited balances of the State Lottery Fund. In addition to such other funds as may be appropriated, 100 percent of the lottery revenues transferred to the general fund shall be appropriated entirely and solely for the purpose of public education in the Commonwealth, which purposes shall include, but not be limited to, those programs specified in § 22.1-199.1.

E. As a function of the administration of this chapter, funds may be expended for the purposes of reasonably informing the public concerning (i) the facts embraced in the subjects contained in subdivisions 1 through 7 of subsection A of § 58.1-4007 and (ii) the fact that the net proceeds are paid into the general fund of the Commonwealth; but no funds shall be expended for the primary purpose of

inducing persons to participate in the lottery.
