§ 46.2-1090. Warning devices on school buses; use thereof; penalties.

Every bus used for the principal purpose of transporting school children shall be equipped with a warning device of such type as may be prescribed by the State Board of Education after consultation with the Superintendent of State Police. Such a warning device shall indicate when such bus is *either (i) stopped, is or about to stop, and when it is taking to take on or discharging discharge children, the elderly, or mentally or physically handicapped persons or (ii) stopped or about to stop behind another such bus that is stopped or about to stop to take on or discharge any such persons.* Such warning device shall be used and in operation for at least 100 feet before any proposed stop of such bus if the lawful speed limit is less than thirty-five miles per hour, and for at least 200 feet before any proposed stop of such bus if the lawful speed limit is thirty-five miles per hour or more.
