6 **Be it enacted by the General Assembly of Virginia:**7 **1. That § 46.2-752 of the Code of Virginia is amended and reenacted as follows:**

8 § 46.2-752. Taxes and license fees imposed by counties, cities, and towns; limitations on amounts;
9 disposition of revenues; requiring evidence of payment of personal property taxes; prohibiting display of
10 licenses after expiration; failure to display valid local license required by other localities.

11 A. Except as provided in § 46.2-755, counties, cities, and towns may levy and assess taxes and
12 charge license fees on motor vehicles, trailers, and semitrailers. However, none of these taxes and
13 license fees shall be assessed or charged by any county on vehicles owned by residents of any town
14 located in the county when such town constitutes a separate school district if the vehicles are already
15 subject to town license fees and taxes. The amount of the license fee or tax imposed by any county,
16 city, or town on any motor vehicle, trailer, or semitrailer shall not be greater than the amount of the
17 license tax imposed by the Commonwealth on the motor vehicle, trailer, or semitrailer. The license fees
18 and taxes shall be imposed in such manner, on such basis, for such periods, and subject to proration for
19 fractional periods of years, as the proper local authorities may determine. Local licenses may be issued
20 free of charge for any or all of the following:

21 1. Vehicles powered by clean special fuels as defined in § 58.1-2101, including dual-fuel and bi-fuel
22 vehicles,

23 2. Vehicles owned by volunteer rescue squads,

24 3. Vehicles owned by volunteer fire departments,

30 9. Vehicles owned by persons qualified to receive special license plates under § 46.2-739, or

32 members of volunteer rescue squads, former members of volunteer fire departments, former auxiliary
33 police officers, former volunteer police chaplains, and former volunteer special police officers appointed
34 under § 15.1-144. In the case of active members of volunteer rescue squads and volunteer fire
35 departments, applications for such licenses shall be accompanied by written evidence, in a form
36 acceptable to the locality, of their active membership, and no member shall be issued more than one
37 such license free of charge. The situs for the imposition of licensing fees under this section shall in all
38 cases, except as hereinafter provided, be the county, city, or town in which the motor vehicle, trailer, or
39 semitrailer is normally garaged, stored, or parked. If it cannot be determined where the personal property
40 is normally garaged, stored, or parked, the situs shall be the domicile of its owner. In the event the
41 owner of the motor vehicle is a student attending an institution of higher education, the situs shall be
42 the domicile of such student.

43 B. The revenue derived from all county, city, or town taxes and license fees imposed on motor
44 vehicles, trailers, or semitrailers shall be applied to general county, city, or town purposes.

45 C. A county, city, or town may require that no motor vehicle, trailer, or semitrailer shall be locally
46 licensed until the applicant has produced satisfactory evidence that all personal property taxes on the
47 motor vehicle, trailer, or semitrailer to be licensed have been paid and satisfactory evidence that any
48 delinquent motor vehicle, trailer, or semitrailer personal property taxes owing have been paid which
49 have been properly assessed or are assessable against the applicant by the county, city, or town. A
50 county, city, or town may also provide that no motor vehicle license shall be issued unless the tangible
51 personal property taxes properly assessed or assessable by that locality on any tangible personal property
52 used or usable as a dwelling titled by the Department of Motor Vehicles and owned by the taxpayer
53 have been paid. Any county and any town within any such county may by agreement require that all
54 personal property taxes assessed by either the county or the town on any vehicle be paid before
55 licensure of such vehicle by either the county or the town.

56 D. The Counties of Arlington, Fairfax, Loudoun, and Prince William and towns within them and the

57 Cities of Alexandria, Chesapeake, Danville, Falls Church, and Fairfax may require that no motor vehicle,
 58 trailer, or semitrailer shall be licensed by that jurisdiction unless all fines owed to the jurisdiction by the
 59 owner of the vehicle, trailer, or semitrailer for violation of the jurisdiction's ordinances governing
 60 parking of vehicles have been paid. The provisions of this subsection shall not apply to vehicles owned
 61 by firms or companies in the business of renting motor vehicles.

62 E. If in any county imposing license fees and taxes under this section, a town therein imposes like
 63 fees and taxes on vehicles of owners resident in the town, the owner of any vehicle subject to the fees
 64 or taxes shall be entitled, on the owner's displaying evidence that he has paid the fees or taxes, to
 65 receive a credit on the fees or taxes imposed by the county to the extent of the fees or taxes he has paid
 66 to the town. Nothing in this section shall deprive any town now imposing these licenses and taxes from
 67 increasing them or deprive any town not now imposing them from hereafter doing so, but subject to the
 68 limitations provided in subsection D of this section. The governing body of any county and the
 69 governing body of any town in that county wherein each imposes the license tax herein provided may
 70 provide mutual agreements so that not more than one license plate or decal in addition to the state plate
 71 shall be required.

72 F. Notwithstanding the provisions of subsection E of this section, in a consolidated county wherein a
 73 tier-city exists, the tier-city may, in accordance with the provisions of the agreement or plan of
 74 consolidation, impose license fees and taxes under this section in addition to those fees and taxes
 75 imposed by the county, provided that the combined county and tier-city rates do not exceed the
 76 maximum provided in subsection A of this section. No credit shall be allowed on the fees or taxes
 77 imposed by the county for fees or taxes paid to the tier-city, except as may be provided by the
 78 consolidation agreement or plan. The governing body of any county and the governing body of any
 79 tier-city in said county wherein each imposes the license tax herein may provide by mutual agreement
 80 that no more than one license plate or decal in addition to the state license plate shall be required.

81 G. Any county, city, or town levying taxes and charging license fees under this section may by
 82 ordinance provide that it shall be unlawful for any owner or operator of a motor vehicle, trailer, or
 83 semitrailer to fail to obtain and display the local license required by any ordinance of the county, city or
 84 town in which the vehicle is registered or to display upon a motor vehicle, trailer, or semitrailer any
 85 such local license after its expiration date. The ordinance may provide that a violation shall constitute a
 86 misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor and may, in the case
 87 of a motor vehicle registered to a resident of the locality where such vehicle is registered, authorize the
 88 issuance by local law-enforcement officers of citations, summonses, parking tickets, or uniform traffic
 89 summonses for violations. Any such ordinance may also provide that a violation of the ordinance by the
 90 registered owner of the vehicle may not be discharged by payment of a fine except upon presentation of
 91 satisfactory evidence that the required license has been obtained.

92 H. Except as provided by subsections E and F, no vehicle shall be subject to taxation under the
 93 provisions of this section in more than one jurisdiction.

94 I. Purchasers of new or used motor vehicles shall be allowed at least a ten-day grace period,
 95 beginning with the date of purchase, during which to pay license fees charged by local governments
 96 under authority of this section.

97 J. Beginning October 1, 1992, the treasurer or director of finance of any county, city, or town may
 98 enter into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew
 99 any vehicle registration of any applicant therefor who owes to such county, city or town any delinquent
 100 tangible personal property tax levied with respect to such vehicle in excess of \$100. Before being issued
 101 any vehicle registration or renewal of such license or registration by the Commissioner, the applicant
 102 must first satisfy all such delinquent taxes and present evidence satisfactory to the Commissioner that all
 103 such delinquent taxes have been paid in full. The Commissioner shall charge a reasonable fee to cover
 104 the costs of such enforcement action. The treasurer or director of finance of any county, city, or town
 105 seeking to collect delinquent taxes through the withholding of registration or renewal thereof by the
 106 Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided
 107 for in his agreement with the Commissioner and supply to the Commissioner information necessary to
 108 identify the debtor whose registration or renewal is to be denied. Any agreement entered into pursuant to
 109 the provisions of this subsection shall provide the debtor notice of the intent to deny renewal of
 110 registration at least thirty days prior to the expiration date of a current vehicle registration. For the
 111 purposes of this subsection, notice by first-class mail to the registrant's address as maintained in the
 112 records of the Department of Motor Vehicles shall be deemed sufficient.

113 K. The governing bodies of any two or more counties, cities, or towns may enter into compacts for
 114 the regional enforcement of local motor vehicle license requirements. The governing body of each
 115 participating jurisdiction may by ordinance require the owner or operator of any motor vehicle, trailer,
 116 or semitrailer to display on his vehicle a valid local license issued by another county, city, or town that
 117 is a party to the regional compact, provided that the owner or operator is required by the jurisdiction of

118 situs, as provided in § 58.1-3511, to obtain and display such license. The ordinance may provide that a
119 violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4
120 misdemeanor. Any such ordinance may also provide that a violation of the ordinance by the owner of
121 the vehicle may not be discharged by payment of a fine except upon presentation of satisfactory
122 evidence that the required license has been obtained.
