

VIRGINIA ACTS OF ASSEMBLY -- 1996 RECONVENED SESSION

CHAPTER 1010

An Act to facilitate the use of enterprise zone incentives by pharmaceutical, health care and home care products companies undertaking significant new research and development activities.

[H 1066]

Approved April 17, 1996

Be it enacted by the General Assembly of Virginia:

1. *§ 1. Notwithstanding the provisions of § 59.1-279 respecting requirements for qualified business firms, the requirement that at least forty percent of the new employees employed at a qualified business either have incomes below eighty percent of the area median income for the jurisdiction prior to employment or are residents of the zone may be waived by the Governor for pharmaceutical, health care and home care products companies, which are undertaking expansions for the primary purpose of basic research or research and development in the experimental or laboratory sense, following receipt and review of an application from the mayor or chairman of the board of supervisors of the city, town, or county in which the waiver is being requested. Any application shall be only for an individual qualified business firm.*

If provisions of the first section of this enactment are held invalid, then it shall not affect the validity of the requirements of § 59.1-279 as they pertain to all other entities seeking to be designated as qualified business firms.

2. *That the provisions of Chapter 22 (§ 59.1-271 et seq.) of Title 59.1 shall not apply to any business operating in an enterprise zone in the Commonwealth pursuant to Chapter 29 (§ 59.1-364 et seq.) of Title 59.1.*
