

VIRGINIA ACTS OF ASSEMBLY -- 1996 SESSION

CHAPTER 1018

An Act to authorize the Woodrow Wilson Bridge and Tunnel Compact and to repeal § 33.1-320.1 of the Code of Virginia; penalties.

[H 1163]

Approved April 17, 1996

Be it enacted by the General Assembly of Virginia:

1. *§ 1. The Governor is hereby authorized and directed to execute, on behalf of the Commonwealth of Virginia, an interstate compact with the State of Maryland and the District of Columbia, which compact shall be in a form substantially as it appears in § 2 of this Act.*

§ 2. Preamble; Woodrow Wilson Bridge and Tunnel Compact.

Whereas, traffic congestion imposes serious economic burdens on the metropolitan Washington, D.C., area, costing each commuter an estimated \$1,000 per year; and

Whereas, the volume of traffic in the metropolitan Washington, D.C., area is expected to increase by more than 70 percent between 1990 and 2020; and

Whereas, the deterioration of the Woodrow Wilson Memorial Bridge and the growing population of the metropolitan Washington, D.C., area contribute significantly to traffic congestion; and

Whereas, the Bridge serves as a vital link in the Interstate Highway System and in the Northeast corridor; and

Whereas, identifying alternative methods for maintaining this vital link of the Interstate System is critical to addressing the traffic congestion of the area; and

Whereas, the Bridge is the only drawbridge in the metropolitan Washington, D.C., area on the Interstate System; and

Whereas, the Bridge is the only segment of the Capital Beltway with only six lanes; and

Whereas, the Bridge is the only segment of the Capital Beltway with a remaining expected life of less than 10 years; and

Whereas, the Bridge is the only part of the Interstate Highway System owned by the federal government; and

Whereas, the Bridge was constructed by the federal government; and

Whereas, prior to the date of the enactment of this Act, the federal government will have contributed 100 percent of the cost of building and rehabilitating the Bridge; and

Whereas, the federal government has a continuing responsibility to fund future costs associated with the upgrading of the Interstate Route 95 crossing, including the rehabilitation and construction of the Bridge; and

Whereas, the Woodrow Wilson Memorial Bridge Coordination Committee is undertaking planning studies pertaining to the Bridge, consistent with the National Environmental Policy Act of 1969 (42 U.S.C. § 4321 et seq.) and other applicable federal laws; and

Whereas, the transfer of ownership of the Bridge to a regional authority under the terms and conditions described in this Act would foster regional transportation planning efforts to identify solutions to the growing problem of traffic congestion on and around the Bridge; and

Whereas, the Authority shall maximize the use of existing public or private sector entities to provide necessary project services, including management, construction, legal, accounting, and operating services and not create a new bureaucracy or organizational structure; and

Whereas, any material change to the Bridge must take into account the interests of nearby communities, the commuting public, federal, state, and local government organizations, and other affected groups; and

Whereas, a commission of congressional, state, and local officials and transportation representatives has recommended to the Secretary of the United States Department of Transportation that the Bridge be transferred to an independent authority to be established by the State of Maryland, the District of Columbia and the Commonwealth of Virginia; now, therefore,

The State of Maryland, the District of Columbia and the Commonwealth of Virginia, hereinafter referred to as the signatories, do hereby covenant and agree as follows:

Article IV.

Nothing herein shall be construed to amend, alter, or in any way affect the power of the signatories and their political subdivisions to levy and collect taxes on property or income or upon the sale of any material, equipment, or supplies or to levy, assess, and collect franchise or other similar taxes or fees for the licensing of vehicles and the operation thereof.

Article V.

Adoption of Compact by Signatories; Withdrawal; Cooperation.

1. This compact shall be adopted by the signatories in the manner provided by law. This compact shall become effective after the State of Maryland and the District of Columbia have passed acts similar in substance to this Act.

2. Any signatory may withdraw from the compact upon one year's written notice to that effect to the other signatories. In the event of a withdrawal of one of the signatories from the compact, the compact shall be terminated; provided, however, that no revenue bonds, notes, or other evidence of obligation issued pursuant to Article VII of Chapter II, or any other financial obligations of the Authority remain outstanding and that the withdrawing signatory has made a full accounting of its financial obligations, if any, to the other signatories.

3. Upon the termination of this compact, the jurisdiction over the matters and persons covered by this compact shall revert to the signatories and the federal government, as their interests may appear.

4. Each of the signatories pledges to each of the other signatory parties faithful cooperation in the development and implementation of the project.

Article IV.

Terms of Agreement Between Signatories.

The Authority shall not undertake the ownership of the existing Woodrow Wilson Bridge, or any duties or responsibilities associated therewith, nor undertake any of the responsibilities and powers provided in this Act until the Governors of the State of Maryland and the Commonwealth of Virginia and the Mayor of the District of Columbia have entered into an agreement with the U.S. Secretary of Transportation including provisions governing the transfer of the existing Bridge from the federal government to the Authority, and which shall provide for a contractual commitment by the federal government to provide federal funding for the project, including, at a minimum, a 100 percent federal share for the following:

(1) The cost of continuing rehabilitation of the Bridge until such time as the project is operational;

(2) An amount, as determined by the Woodrow Wilson Memorial Bridge Coordination Committee, equivalent to the cost of replacing the Bridge with a comparable modern bridge designed according to current engineering standards;

(3) The cost of planning, preliminary engineering and design, right-of-way acquisition, environmental studies and documentation, and final engineering for the project; and

(4) A substantial contribution towards remaining project costs.

Such federal funds shall be in addition to and shall not diminish the federal transportation funding allocated or apportioned to the Commonwealth of Virginia and the State of Maryland and the District of Columbia. Upon all parties' approval of this agreement, this compact shall become effective and the Authority shall have responsibility for duties concerning ownership, construction, operation, and maintenance of the project. At least thirty days before the Governor of Virginia enters into the agreement described under this article, the Governor shall submit the agreement to the Commonwealth

Transportation Board for its review and comment.

*Article VII.
Management Plan.*

Within a reasonable period after this compact becomes effective under Article VI of this chapter, the Authority shall prepare and submit to the Governors of the Commonwealth of Virginia and the State of Maryland and the Mayor of the District of Columbia, a management plan that includes:

- A. An organizational structure;*
- B. A staffing plan that includes job descriptions; and*
- C. A proposed salary schedule consistent with existing salary schedules for similar positions in the State of Maryland, the Commonwealth of Virginia, or the District of Columbia.*

The Authority shall not implement the provisions of this Act until the Governors of the Commonwealth of Virginia and the State of Maryland and the Mayor of the District of Columbia have approved the management plan.

Subsequent to the approval of the management plan, the Authority may increase the number of its employees and their salary levels, provided that such increases do not result in a twenty percent increase above the level in the approved management plan. Increases in excess of twenty percent shall require an amendment to the approved management plan. A proposed amendment shall be submitted to and approved by the Governors of the Commonwealth of Virginia and the State of Maryland and the Mayor of the District of Columbia prior to becoming effective.

In the conduct of its responsibilities and duties, the Authority shall maximize the use of existing public and private sector entities to provide necessary services, including management, construction, legal, accounting, and other services, as the Authority may deem necessary.

Article VIII.

Jurisdiction of Courts; Liability for Contracts and Torts.

1. Except as provided herein, the Authority shall be liable for its contracts and for its torts and those of its directors, officers, employees, and agents. For tort actions arising out of conduct occurring in Maryland, Maryland tort and sovereign immunity law shall apply. The exclusive remedy for such breach of contracts and torts for which the Authority shall be liable, as herein provided, shall be by suit against the Authority. Nothing contained in this Act shall be construed as a waiver by Maryland, the District of Columbia, or Virginia of any immunity from suit.

2. The United States district courts shall have original jurisdiction, concurrent with the courts of Virginia, the District of Columbia, and Maryland, of all actions brought by or against the Authority. Any such action initiated in a state court or the superior court of the District of Columbia shall be removable to the appropriate United States district court in the manner provided by act of June 25, 1948, as amended (28 U.S.C. § 1446).

3. If any part or provision of this compact or the application thereof to any person or circumstances be adjudged invalid by any court of competent jurisdiction, such judgment shall be confined in its operation to the part, provision or application directly involved in the controversy in which such judgment shall have been rendered and shall not affect or impair the validity of the remainder of this compact or the application thereof to other persons or circumstances, and the signatories hereby declare that they would have entered into this compact or the remainder thereof had the invalidity of such provision or application thereof been apparent.

4. This compact shall be liberally construed to effectuate the purposes for which it is created.

21. To do all acts and things necessary or incidental to the performance of its duties and the execution of its powers under this Act.

Article III.

Incidental Powers.

The Authority shall have power to construct grade separations at intersections of the project with public highways and to change and adjust the lines and grades of such highways so as to accommodate the same to the design of such grade separation. The cost of such grade separations and any damage incurred in changing and adjusting the lines and grades of such highways shall be ascertained and paid by the Authority as a part of the cost of the project.

If the Authority shall find it necessary to change the location of any portion of any public highway, it shall cause the same to be reconstructed at such location as the Authority shall deem most favorable and be of substantially the same type and in as good condition as the original highway. The cost of such reconstruction and any damage incurred in changing the location of any such highway shall be ascertained and paid by the Authority as a part of the cost of the project.

Any public highway affected by the construction of the project may be vacated or relocated by the Authority in the manner now provided by law for the vacation or relocation of public roads, and any damages awarded on account thereof shall be paid by the Authority as a part of the cost of the project.

The Authority shall also have power to make regulations for the installation, construction, maintenance, repair, renewal, relocation and removal of tracks, pipes, mains, conduits, cables, wires, towers, poles and other equipment and appliances (herein called "public utility facilities") of any public utility in, on, along, over or under the project. Whenever the Authority shall determine that it is necessary that any such public utility facilities which now are, or hereafter may be, located in, on, along, over or under the project should be relocated in the project, or should be removed from the project, the public utility owning or operating such facilities shall relocate or remove the same in accordance with the order of the Authority, provided that the cost and expenses of such relocation or removal, including the cost of installing such facilities in a new location or new locations, and the cost of any lands, or any rights or interests in lands, and any other rights, acquired to accomplish such relocation or removal, shall be ascertained and paid by the Authority as a part of the cost of the project. In case of any such relocation or removal of facilities, the public utility owning or operating the same, its successors or assigns, may maintain and operate such facilities, with the necessary appurtenances, in the new location or new locations, for as long a period, and upon the same terms and conditions, as it had the right to maintain and operate such facilities in their former location or locations.

Article IV.

Acquisition of Property.

The Authority is hereby authorized and empowered to acquire by purchase, whenever it shall deem such purchase expedient, solely from funds provided under the authority of this Act, such lands, structures, rights-of-way, property, rights, franchises, easements and other interest in lands, including lands lying under water and riparian rights, which are located within the Washington, D.C.,

metropolitan area, as it may deem necessary or convenient for the construction and operation of the project, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof; and to take title thereto in the name of the Authority.

All counties, cities, towns and other political subdivisions and all public agencies and authorities of the signatories, notwithstanding any contrary provision of law, are hereby authorized and empowered to lease, lend, grant or convey to the Authority at the Authority's request, upon such terms and conditions as the governing bodies of such counties, cities, towns, political subdivisions, agencies or authorities may deem reasonable and fair and without the necessity for any advertisement, order of court or other action or formality, other than the regular and formal action of the authorities concerned, any real property which may be necessary or convenient to the effectuation of the authorized purposes of the Authority, including public roads and other real property already devoted to public use.

Whenever a reasonable price cannot be agreed upon, or whenever the owner is legally incapacitated or is absent, unknown or unable to convey valid title, the Authority is hereby authorized and empowered to acquire by condemnation or by the exercise of the power of eminent domain any lands, property, rights, rights-of-way, franchises, easements and other property deemed necessary or convenient for the construction or the efficient operation of the project or necessary in the restoration of public or private property damaged or destroyed.

Whenever the Authority acquires property under this article, it shall comply with the applicable federal law relating to relocation and relocation assistance. If there is no applicable federal law, the Authority shall comply with the provisions of the state law of the signatory in which the property is located governing relocation and relocation assistance.

In advance of undertaking any acquisition of property or easements in Maryland or the condemnation of such property, the Authority must obtain from the Maryland Board of Public Works approval of a plan identifying the properties or easements to be obtained for the project. In advance of undertaking any acquisition of property or easements in Virginia or the condemnation of such property, the Authority must obtain from the Virginia Commonwealth Transportation Board approval of a plan identifying the properties to be obtained for the project. Condemnation proceedings shall be in accordance with the provisions of state law of the signatory in which the property is located governing condemnation by the highway agency of such state. Nothing in this act shall be construed to authorize the authority to condemn the property of the Commonwealth of Virginia, the District of Columbia, or the State of Maryland.

Article V.

Procurement.

1. Except as provided in subdivisions 2, 3, and 6 of this article, and except in the case of procurement procedures otherwise expressly authorized by law, the Authority in conducting a procurement of goods, services, or construction shall obtain full and open competition through the use of competitive procedures in accordance with the requirements of this section and use the competitive procedure or combination of procedures that is most suitable under the circumstances of the procurement.

The Authority shall solicit sealed bids if (i) time permits the solicitation, submission, and evaluation of sealed bids; (ii) the award will be made on the basis of price and other price-related factors; (iii) it is not necessary to conduct discussions with the responding sources about their bids; and (iv) there is a reasonable expectation of receiving more than one sealed bid. If the Authority does not solicit sealed bids, it shall request competitive proposals.

2. The Authority may use procedures other than competitive procedures if:

a. the goods, services, or construction needed by the Authority are available from only one responsible source and no other type of property, services, or construction will satisfy the needs of the Authority;

b. the Authority's need for the property, services, or construction is of such unusual and compelling urgency that the Authority would be seriously injured unless the Authority limits the number of sources from which it solicits bids or proposals; or

c. the goods or services needed can be obtained through federal or other governmental sources at reasonable prices.

3. For the purpose of applying subdivision 2 a of this article:

a. in the case of a contract for goods, services, or construction to be awarded on the basis of acceptance of an unsolicited proposal, the goods, services, or construction shall be deemed to be available from only one responsible source if the source has submitted an unsolicited proposal that demonstrates a concept:

(1) that is unique and innovative or, in the case of a service, for which the source demonstrates a unique capability to provide the service; and

(2) the substance of which is not otherwise available to the Authority and does not resemble the substance of a pending competitive procurement.

b. in the case of a follow-on contract for the continued development or production of a major system or highly specialized equipment or the continued provision of highly specialized services, the goods,

services, or construction may be deemed to be available from only the original source and may be procured through procedures other than competitive procedures if it is likely that award to a source other than the original source would result in:

(1) substantial duplication of cost to the Authority that is not expected to be recovered through competition; or

(2) unacceptable delays in fulfilling the Authority's needs.

4. If the Authority uses procedures other than competitive procedures to procure property, services, or construction under subdivision 2 b of this article, the Authority shall request offers from as many potential sources as is practicable under the circumstances.

5. a. To promote efficiency and economy in contracting, the Authority may use simplified acquisition procedures for purchases of property, services and construction.

b. For the purposes of this section, simplified acquisition procedures may be used for purchases for an amount that does not exceed the simplified acquisition threshold adopted by the federal government.

c. A proposed purchase or contract for an amount above the simplified acquisition threshold may not be divided into several purchases or contracts for lesser amounts in order to use the procedures under subdivision a of this section.

d. In using simplified acquisition procedures, the Authority shall promote competition to the maximum extent practicable.

6. The Authority shall adopt policies and procedures to implement this article. The policies and procedures shall provide for publication of notice of procurements and other actions designed to secure competition where competitive procedures are used.

7. The Authority in its sole discretion may reject any and all bids or proposals received in response to a solicitation.

8. In structuring all procurements under this article, the Authority shall comply with federal laws and regulations, and other federal requirements set forth in grant agreements or elsewhere, as they may be amended from time to time, governing minority business enterprise participation.

Article VI.

Revenues.

The Authority is hereby authorized to fix, revise, charge and collect tolls for the use of the project, and to contract with any person, partnership, association or corporation desiring the use of the project, and to fix the terms, conditions, rents and rates of charges for such use.

Such tolls shall be so fixed and adjusted in respect of the aggregate of tolls from the project as to provide a fund sufficient in combination with other revenues, if any, to pay (i) the cost of maintaining, repairing and operating such project and (ii) the principal of and the interest on the bonds as the same shall become due and payable, and to create reserves for such purposes. Such tolls shall be not subject to supervision or regulation by any other authority, board, bureau, or agency of the Commonwealth of Virginia or the State of Maryland or the District of Columbia. The tolls and all other revenues derived from the project in connection with which the bonds of any issue shall have been issued, except such part thereof as may be necessary to pay such cost of maintenance, repair, and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust indenture securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust indenture in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and, upon the approval of the Governors of the Commonwealth of Virginia and the State of Maryland, and the Mayor of the District of Columbia, the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the tolls or other revenues or other moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust indenture by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust indenture. Except as may otherwise be provided in such resolution or such trust indenture, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another.

Tolls shall not be set at rates such that toll revenues generated by the project exceed those necessary to meet requirements under any applicable trust indenture for the project.

Article VII.

Revenue Bonds.

The Authority is hereby authorized to provide for the issuance, at one time or from time to time, of revenue bonds of the Authority for the purpose of paying all or any part of the cost of the project or of any portion or portions thereof. The principal of and the interest of such bonds shall be payable solely from the funds provided in this compact for such payment. Any bonds of the Authority issued pursuant

to this article shall not constitute a debt of the Commonwealth, or any political subdivision thereof other than the Authority, and shall so state on their face. Neither the members of the Authority nor any person executing such bonds shall be liable personally thereon by reason of the issuance thereof. The bonds of each issue shall be dated, shall bear interest at a rate or rates or in a manner, shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form and the manner of execution of the bonds and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The bonds may be issued in such form as the Authority may determine. The Authority may sell such bonds in such manner, either at public or private sale, and for such price as it may determine will best effect the purposes of this compact.

The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the project, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust indenture securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust indenture securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this compact without obtaining the consent of any department, division, commission, board, bureau or agency of the compact signatories, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this article.

Article VIII.

Bonds Not to Constitute a Debt or Pledge of Taxing Power.

Revenue bonds issued under the provisions of this Act shall not be deemed to constitute a debt or a pledge of the faith and credit of the Authority or of any signatory government or political subdivision thereof, but such bonds shall be payable solely from the funds provided from tolls and other revenues. The issuance of revenue bonds under the provisions of this Act shall not directly or indirectly or contingently obligate the Authority, or any signatory government or political subdivision thereof, to levy or to pledge any form of taxation whatever. All such revenue bonds shall contain a statement on their face substantially to the foregoing effect.

Article IX.

Bonds Eligible for Investment.

Bonds issued by the Authority under the provisions of this Act are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any Commonwealth or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations is now or may hereafter be authorized by law.

Article X.

Trust Funds.

All moneys received pursuant to this Act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this Act. The resolution authorizing the bonds of any issue or the trust indenture securing such bonds shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes thereof, subject to such regulations as this Act and such resolution or trust indenture may provide.

Article XI.

Trust Indenture.

In the discretion of the Authority, any bonds issued under the provisions of this Act may be secured

by a trust indenture by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. Such trust indenture or the resolution providing for the issuance of such bonds may pledge or assign the tolls and other revenues to be received, but shall not convey or mortgage the project or any part thereof.

Article XII.

Remedies.

Any holder of bonds issued under the provisions of this Act or any of the coupons appertaining thereto, and the trustee under any trust indenture, except to the extent the rights herein given may be restricted by such trust indenture or the resolution authorizing the issuance of such bonds, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the Commonwealth of Virginia, the State of Maryland, or the District of Columbia or granted hereunder or under such trust indenture or the resolution authorizing the issuance of such bonds, and may enforce and compel the performance of all duties required by this Act or by such trust indenture or resolution to be performed by the Authority or by any officer thereof, including the fixing, charging and collecting of tolls.

Article XIII.

Tax Exemption.

The exercise of the powers granted by this Act will be in all respects for the benefit of the people of the Commonwealth and for the increase of their commerce and prosperity, and as the operation and maintenance of the project will constitute the performance of essential governmental functions, the Authority shall not be required to pay any taxes or assessments upon the project or any property acquired or used by the Authority under the provisions of this Act or upon the income therefrom, and the bonds issued under the provisions of this Act, and the income therefrom, shall at all times be free from taxation within the Commonwealth.

Article XIV.

The project when constructed and opened to traffic shall be maintained and kept in good condition and repair by the Authority. The project shall also be policed and operated by such force of police, toll-takers and other operating employees as the Authority may in its discretion employ. The Authority may enter into a contractual agreement with an existing governmental entity in Maryland or Virginia to provide these services. An Authority police officer shall have all the powers granted to a peace officer and a police officer of the State of Maryland. All other police officers of the signatory parties and of each county, city, town or other political subdivision of the Commonwealth of Virginia through which any project, or portion thereof, extends shall have the same powers and jurisdiction within the limits of such projects as they have beyond such limits and shall have access to the project at any time for the purpose of exercising such powers and jurisdiction.

On or before August 31 in each year, the Authority shall make an annual report of its activities for the preceding fiscal year to the Governors of Maryland and Virginia and the Mayor of the District of Columbia. Each such report shall set forth a complete operating and financial statement covering its operations during the year. The Authority shall cause an audit of its books and accounts to be made at least once in each year by certified public accountants and the cost thereof may be treated as a part of the cost of construction or operation of the project. The records, books and accounts of the Authority shall be subject to examination and inspection by duly authorized representatives of the governing bodies of Maryland, the District of Columbia and Virginia, and by any bondholder or bondholders at any reasonable time, provided the business of the Authority is not unduly interrupted or interfered with thereby.

Any member, agent or employee of the Authority who contracts with the Authority or is interested, either directly or indirectly, in any contract with the Authority or in the sale of any property, either real or personal, to the Authority shall be guilty of a misdemeanor, and, upon conviction, may be punished by a fine of not more than \$1,000 or by imprisonment for not more than one year, or both.

Any person who uses the project and fails or refuses to pay the toll provided therefor shall be guilty of a misdemeanor, and, upon conviction, may be punished by a fine of not more than \$100 or by imprisonment for not more than thirty days, or both.

2. That § 33.1-320.1 of the Code of Virginia is repealed.
