HOUSE BILL NO. 1436

Offered January 22, 1996

A BILL to amend and reenact § 11-41.2:1 of the Code of Virginia, relating to Virginia Public Procurement Act; design-build authority.

Patron-Bloxom

Referred to Committee for Courts of Justice

10 Be it enacted by the General Assembly of Virginia:

11 1. That § 11-41.2:1 of the Code of Virginia is amended and reenacted as follows:

12 § 11-41.2:1. Design-build or construction management contracts for public bodies other than the 13 Commonwealth authorized.

14 Notwithstanding any other provisions of law to the contrary: (i) the City of Richmond may enter into 15 a contract for the construction of a visitors' center; (ii) Prince William County and the Cities of Manassas and Manassas Park may enter into a contract for the construction of a regional jail; (iii) the 16 17 Counties of Fluvanna, Greene, Louisa, Madison and Orange may enter into a contract for a regional jail; (iv) the City of Norfolk may enter into a contract for construction of a jail and construction of a 18 replacement public health center; (v) the City of Winchester and the Counties of Clarke and Frederick 19 20 may enter into a contract for the construction of an adult regional detention facility; (vi) the Counties of 21 King George and Spotsylvania, the City of Fredericksburg, and any other counties which are members 22 of the Rappahannock Regional Jail Board may enter into a contract for the construction of a regional 23 jail; (vii) the County of Henrico may enter into a contract for enlargement or renovation of its existing 24 jail or the Counties of Henrico, Goochland and New Kent may enter into a contract for the construction of a regional jail; (viii) the Counties of King George, Richmond, and Westmoreland and the Town of 25 Warsaw, or any combination of three or more of those localities, may enter into a contract for the 26 27 construction of a regional jail; (ix) the Counties of Alleghany and Bath and the Cities of Covington and 28 Clifton Forge, or any three, may enter into a contract for construction of a regional jail; (x) Albemarle 29 County and the City of Charlottesville may enter into a contract for the construction of an addition to 30 the Albemarle-Charlottesville Joint Security Complex; (xi) the City of Chesapeake may enter into a 31 contract for the construction of a replacement for the Jordan Bridge; (xii) the County of Northampton 32 may enter into a contract for the construction of a jail; (xiii) any political subdivision either individually 33 or in conjunction with other political subdivisions may enter into a contract for the construction of a 34 materials recovery facility or a solid waste processing facility; (xiv) any city with a 1990 United States 35 Census population in excess of 350,000 persons may enter into a contract for the construction of a long-term water supply project from the Roanoke River and the expansion of a Marine Science 36 37 Museum; (xv) the City of Chesapeake may enter into a contract for the renovation of its existing jail 38 and the construction of a new jail; (xvi) the Town of Vienna may enter into contracts for the construction of a Public Works and Maintenance Buildings Project at the Northside Property Yard, and 39 40 reconstruction of the Town Hall to comply with the Americans with Disabilities Act (42 U.S.C. § 12101 41 et seq.), and relocation of utilities and reconstruction of bus shelters, sidewalks, driveway aprons and 42 crosswalks and landscaping along the Maple Avenue Business District; (xvii) the County of Frederick 43 may enter into a contract for the construction of county administrative offices; (xviii) the Counties of James City and York, and the Cities of Poquoson and Williamsburg may enter into a contract for the 44 construction of the Virginia Peninsula Regional Jail; (xix) the Counties of Essex, Mathews, Middlesex, 45 King and Queen and King William may enter into a contract for the construction of the Middle Peninsula Regional Security Center; (xx) the County of Powhatan may enter into a contract for the 46 47 renovation of the former public school building; (xxi) the Virginia Baseball Stadium Authority may **48** enter into a contract for the construction of a major league baseball stadium in Northern Virginia 49 Planning District 8; (xxii) the school board of any county with a population of less than 100,000 and 50 51 adjacent to a county having the urban county executive form of government may enter into contracts for the construction of two public schools; (xxiii) the school board of any city with a population between 52 53 16,100 and 18,100 may enter into a contract for the renovation and improvement of a public school; and 54 (xxiv) any county with a population in excess of 200,000 and adjacent to a county having the urban 55 county executive form of government may enter into contracts for the construction of a biotechnology laboratory, office, and warehouse facility; (xxv) the School Board of Accomack County may enter into 56 contracts for the renovation of two schools and for the construction of four public schools, on a fixed 57 price or not-to-exceed price design-build basis or construction management basis in accordance with 58 59 procedures consistent with those described in this chapter for procurement of nonprofessional services

60 through competitive negotiation. Such governing bodies may authorize payment to no more than three 61 responsive bidders who are not awarded the design-build contract if such governing bodies determine

61 responsive bidders who are not awarded the design-build contract if such governing bodies determine 62 that such payment is necessary to promote competition. Such governing bodies shall not be required to

63 award a design-build contract to the lowest bidder, but may consider price as one factor in evaluating

64 the proposals received. Such governing bodies shall maintain adequate records to allow post-project

65 evaluation by the Commonwealth.

66 For purposes of this section, "materials recovery facility" shall mean a facility receiving source

67 separated recyclable materials and processing them for the secondary materials market, and "solid waste

68 processing facility" shall mean a facility which specializes in the recovery of recyclable and reusable 69 materials from a solid waste stream and which may include the production of fuel or compost or both

69 materials from a solid waste stream and which may include the production of fuel or compost or both.
