§ 2.1-20.1. (For effective date - See note) Health and related insurance for state employees.

A. 1. The Governor shall establish a plan for providing health insurance coverage, including chiropractic treatment, hospitalization, medical, surgical and major medical coverage, for state employees and retired state employees with the Commonwealth paying the cost thereof to the extent of the coverage included in such plan. The Department of Personnel and Training shall administer this section. The plan chosen shall provide means whereby coverage for the families or dependents of state employees may be purchased. The Commonwealth may pay all or a portion of the cost thereof, and for such portion as the Commonwealth does not pay, the employee may purchase the coverage by paying the additional cost over the cost of coverage for an employee.

2. Such contribution shall be financed through appropriations provided by law.

B. 1. The plan shall include coverage for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age thirty-five through thirty-nine, one such mammogram biennially to persons age forty through forty-nine, one such mammogram annually to persons age fifty and over and may be limited to a benefit of fifty dollars per mammogram subject to such dollar limits, deductibles, and coinsurance factors as are no less favorable than for physical illness generally. The term "mammogram" shall mean an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film, and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast.

2. The plan shall include coverage for the treatment of breast cancer by dose-intensive chemotherapy with autologous bone marrow transplants or stem cell support when performed at a clinical program authorized to provide such therapies as a part of clinical trials sponsored by the National Cancer Institute. For persons previously covered under the plan, there shall be no denial of coverage due to the existence of a preexisting condition.

C. Claims incurred during a fiscal year but not reported during that fiscal year shall be paid from such funds as shall be appropriated by law. Appropriations, premiums and other payments shall be deposited in the employee health insurance fund, from which payments for claims, premiums, cost containment programs and administrative expenses shall be withdrawn from time to time. The assets of the fund shall be held for the sole benefit of the employee health insurance program. The fund shall be held in the state treasury. Any interest on unused balances in the fund shall revert back to the credit of the fund.

D. For the purposes of this section, the term "state employee" means state employee as defined in § 51.1-124.3, employee as defined in § 51.1-201, the Governor, Lieutenant Governor and Attorney General, judge as defined in § 51.1-301 and judges, clerks and deputy clerks of regional juvenile and domestic relations, county juvenile and domestic relations, and district courts of the Commonwealth, and interns and residents employed by the Medical College of Virginia of Virginia Commonwealth University Hospitals and the School of Medicine and Hospital of the University of Virginia.

E. Provisions shall be made for retired employees to obtain coverage under the above plan. The Commonwealth may, but shall not be obligated to, pay all or any portion of the cost thereof.

F. Any self-insured group health insurance plan established by the Department of Personnel and Training which utilizes a network of preferred providers shall not exclude any physician solely on the basis of a reprimand or censure from the Board of Medicine, so long as the physician otherwise meets the plan criteria established by the Department.

§ 2.1-20.1. (Delayed effective date - See notes) Health and related insurance for state employees.

A. 1. The Governor shall establish a plan for providing health insurance coverage, including chiropractic treatment, hospitalization, medical, surgical and major medical coverage, for state employees and retired state employees with the Commonwealth paying the cost thereof to the extent of the coverage included in such plan. The Department of Personnel and Training shall administer this section. The plan chosen shall provide means whereby coverage for the families or dependents of state employees may be purchased. The Commonwealth may pay all or a portion of the cost thereof, and for such portion as the Commonwealth does not pay, the employee may purchase the coverage by paying the additional cost over the cost of coverage for an employee.

2. Such contribution shall be financed through appropriations provided by law.

B. 1. The plan shall include coverage for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to

183 persons age thirty-five through thirty-nine, one such mammogram biennially to persons age forty
184 through forty-nine, one such mammogram annually to persons age fifty and over and may be limited to
185 a benefit of fifty dollars per mammogram subject to such dollar limits, deductibles, and coinsurance
186 factors as are no less favorable than for physical illness generally. The term "mammogram" shall mean
187 an X-ray examination of the breast using equipment dedicated specifically for mammography, including
188 but not limited to the X-ray tube, filter, compression device, screens, film, and cassettes, with an
189 average radiation exposure of less than one rad mid-breast, two views of each breast.

190 2. The plan shall include coverage for the treatment of breast cancer by dose-intensive chemotherapy
191 with autologous bone marrow transplants or stem cell support when performed at a clinical program
192 authorized to provide such therapies as a part of clinical trials sponsored by the National Cancer
193 Institute. For persons previously covered under the plan, there shall be no denial of coverage due to the
194 existence of a preexisting condition.

195 C. Claims incurred during a fiscal year but not reported during that fiscal year shall be paid from
196 such funds as shall be appropriated by law. Appropriations, premiums and other payments shall be
197 deposited in the employee health insurance fund, from which payments for claims, premiums, cost
198 containment programs and administrative expenses shall be withdrawn from time to time. The assets of
199 the fund shall be held for the sole benefit of the employee health insurance program. The fund shall be
200 held in the state treasury. Any interest on unused balances in the fund shall revert back to the credit of
201 the fund.

202 D. For the purposes of this section, the term "state employee" means state employee as defined in
203 § 51.1-124.3, employee as defined in § 51.1-201, the Governor, Lieutenant Governor and Attorney
204 General, judge as defined in § 51.1-301 and judges, clerks and deputy clerks of district courts of the
205 Commonwealth, and interns and residents employed by the Medical College of Virginia of Virginia
206 Commonwealth University Hospitals and the School of Medicine and Hospital of the University of
207 Virginia.

208 E. Provisions shall be made for retired employees to obtain coverage under the above plan. The
209 Commonwealth may, but shall not be obligated to, pay all or any portion of the cost thereof.

210 F. Any self-insured group health insurance plan established by the Department of Personnel and
211 Training which utilizes a network of preferred providers shall not exclude any physician solely on the
212 basis of a reprimand or censure from the Board of Medicine, so long as the physician otherwise meets
213 the plan criteria established by the Department.

214 § 2.1-51.21. Agencies for which responsible.

215 The Secretary of Education shall be responsible to the Governor for the following agencies:
216 Department of Education, State Council of Higher Education, Virginia Student Assistance Authorities,
217 Virginia Museum of Fine Arts, The Science Museum of Virginia, Frontier Culture Museum of Virginia,
218 The Library of Virginia, Jamestown-Yorktown Foundation, Board of Regents of Gunston Hall, *the*
219 *Medical College of Virginia Hospitals Authority*, and the Virginia Advisory Council for Adult Education
220 and Literacy. The Governor may, by executive order, assign any other state executive agency to the
221 Secretary of Education, or reassign any agency listed above to another secretary.

222 § 2.1-116.22. Eligibility for transitional severance benefit.

223 A. Any full-time employee of the Commonwealth (i) whose position is covered by the Virginia
224 Personnel Act (§ 2.1-110 et seq.), (ii) whose position is exempt from the Virginia Personnel Act
225 pursuant to subdivision A 2, A 4 (except those persons specified in subsection C of this section), A 7, A
226 15 or A 16 of § 2.1-116, (iii) who is employed by the State Corporation Commission, (iv) who is
227 employed by the Virginia Workers' Compensation Commission, (v) who is employed by the Virginia
228 Retirement System, (vi) who is employed by the State Lottery Department, (vii) who is employed by the
229 Medical College of Virginia Hospitals *prior to any transfer of such Hospitals to the Medical College of*
230 *Virginia Hospitals Authority pursuant to Chapter 6.2 (§ 23-50.15:2 et seq.) of Title 23* and the
231 University of Virginia Medical Center, or (viii) who is employed at a state educational institution as
232 administrative or professional faculty (including presidents and teaching and research faculty) as defined
233 in the Consolidated Salary Authorization for Faculty Positions in Institutions of Higher Education,
234 1994-95, and (a) who, on or after January 1, 1995, is involuntarily separated, or is involuntarily
235 separated on or after July 1, 1994, if at the time of involuntary separation had attained age fifty and had
236 fifteen or more years of service, and (b) for whom reemployment with the Commonwealth is not
237 possible because there is no available position for which the employee is qualified or the position
238 offered to the employee requires relocation or a reduction in salary, shall be eligible, under the
239 conditions specified, for the transitional severance benefit conferred by this chapter. The date of
240 involuntary separation shall mean the date an employee was terminated from employment or placed on
241 leave without pay-layoff or equivalent status.

242 B. An otherwise eligible employee whose position is contingent upon project grants as defined in the
243 Catalogue of Federal Domestic Assistance, shall not be eligible for the transitional severance benefit
244 conferred by this chapter unless the funding source had agreed to assume all financial responsibility

therefor in its written contract with the Commonwealth.

C. Members of the Judicial Retirement System (§ 51.1-300 et seq.) and officers elected by popular vote shall not be eligible for the transitional severance benefit conferred by this chapter.

§ 2.1-342. Official records to be open to inspection; procedure for requesting records and responding to request; charges; exceptions to application of chapter.

A. Except as otherwise specifically provided by law, all official records shall be open to inspection and copying by any citizens of the Commonwealth during the regular office hours of the custodian of such records. Access to such records shall not be denied to citizens of the Commonwealth, representatives of newspapers and magazines with circulation in the Commonwealth, and representatives of radio and television stations broadcasting in or into the Commonwealth. The custodian of such records shall take all necessary precautions for their preservation and safekeeping. Any public body covered under the provisions of this chapter shall make an initial response to citizens requesting records open to inspection within five work days after the receipt of the request by the public body which is the custodian of the requested records. Such citizen request shall designate the requested records with reasonable specificity. A specific reference to this chapter by the requesting citizen in his request shall not be necessary to invoke the provisions of this chapter and the time limits for response by the public body. The response by the public body within such five work days shall be one of the following responses:

1. The requested records shall be provided to the requesting citizen.

2. If the public body determines that an exemption applies to all of the requested records, it may refuse to release such records and provide to the requesting citizen a written explanation as to why the records are not available with the explanation making specific reference to the applicable Code sections which make the requested records exempt.

3. If the public body determines that an exemption applies to a portion of the requested records, it may delete or excise that portion of the records to which an exemption applies, but shall disclose the remainder of the requested records and provide to the requesting citizen a written explanation as to why these portions of the record are not available to the requesting citizen with the explanation making specific reference to the applicable Code sections which make that portion of the requested records exempt. Any reasonably segregatable portion of an official record shall be provided to any person requesting the record after the deletion of the exempt portion.

4. If the public body determines that it is practically impossible to provide the requested records or to determine whether they are available within the five-work-day period, the public body shall so inform the requesting citizen and shall have an additional seven work days in which to provide one of the three preceding responses.

Nothing in this section shall prohibit any public body from petitioning the appropriate court for additional time to respond to a request for records when the request is for an extraordinary volume of records and a response by the public body within the time required by this chapter will prevent the public body from meeting its operational responsibilities. Before proceeding with this petition, however, the public body shall make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

The public body may make reasonable charges for the copying, search time and computer time expended in the supplying of such records. The public body may also make a reasonable charge for preparing documents produced from a geographic information system at the request of anyone other than the owner of the land that is the subject of the request. However, such charges shall not exceed the actual cost to the public body in supplying such records or documents, except that the public body may charge, on a pro rata per acre basis, for the cost of creating topographical maps developed by the public body, for such maps or portions thereof, which encompass a contiguous area greater than fifty acres. Such charges for the supplying of requested records shall be estimated in advance at the request of the citizen. The public body may require the advance payment of charges which are subject to advance determination.

In any case where a public body determines in advance that search and copying charges for producing the requested documents are likely to exceed \$200, the public body may, before continuing to process the request, require the citizen requesting the information to agree to payment of an amount not to exceed the advance determination by five percent. The period within which the public body must respond under this section shall be tolled for the amount of time that elapses between notice of the advance determination and the response of the citizen requesting the information.

Official records maintained by a public body on a computer or other electronic data processing system which are available to the public under the provisions of this chapter shall be made reasonably accessible to the public at reasonable cost.

Public bodies shall not be required to create or prepare a particular requested record if it does not already exist. Public bodies may, but shall not be required to, abstract or summarize information from

306 official records or convert an official record available in one form into another form at the request of
307 the citizen. The public body shall make reasonable efforts to reach an agreement with the requester
308 concerning the production of the records requested.

309 Failure to make any response to a request for records shall be a violation of this chapter and deemed
310 a denial of the request.

311 B. The following records are excluded from the provisions of this chapter but may be disclosed by
312 the custodian in his discretion, except where such disclosure is prohibited by law:

313 1. Memoranda, correspondence, evidence and complaints related to criminal investigations; adult
314 arrestee photographs when necessary to avoid jeopardizing an investigation in felony cases until such
315 time as the release of such photograph will no longer jeopardize the investigation; reports submitted to
316 the state and local police, to investigators authorized pursuant to § 53.1-16 and to the campus police
317 departments of public institutions of higher education as established by Chapter 17 (§ 23-232 et seq.) of
318 Title 23 in confidence; portions of records of local government crime commissions that would identify
319 individuals providing information about crimes or criminal activities under a promise of anonymity;
320 records of local police departments relating to neighborhood watch programs that include the names,
321 addresses, and operating schedules of individual participants in the program that are provided to such
322 departments under a promise of confidentiality; and all records of persons imprisoned in penal
323 institutions in the Commonwealth provided such records relate to the imprisonment. Information in the
324 custody of law-enforcement officials relative to the identity of any individual other than a juvenile who
325 is arrested and charged, and the status of the charge or arrest, shall not be excluded from the provisions
326 of this chapter.

327 Criminal incident information relating to felony offenses shall not be excluded from the provisions of
328 this chapter; however, where the release of criminal incident information is likely to jeopardize an
329 ongoing criminal investigation or the safety of an individual, cause a suspect to flee or evade detection,
330 or result in the destruction of evidence, such information may be withheld until the above-referenced
331 damage is no longer likely to occur from release of the information.

332 2. (Effective until July 1, 1996) Confidential records of all investigations of applications for licenses
333 and permits, and all licensees and permittees made by or submitted to the Alcoholic Beverage Control
334 Board, the State Lottery Department or the Virginia Racing Commission.

335 2. (Effective July 1, 1996) Confidential records of all investigations of applications for licenses and
336 permits, and all licensees and permittees made by or submitted to the Alcoholic Beverage Control
337 Board, the State Lottery Department, the Virginia Racing Commission, or the Charitable Gaming
338 Commission.

339 3. State income, business, and estate tax returns, personal property tax returns, scholastic records and
340 personnel records containing information concerning identifiable individuals, except that such access
341 shall not be denied to the person who is the subject thereof, and medical and mental records, except that
342 such records can be personally reviewed by the subject person or a physician of the subject person's
343 choice; however, the subject person's mental records may not be personally reviewed by such person
344 when the subject person's treating physician has made a part of such person's records a written statement
345 that in his opinion a review of such records by the subject person would be injurious to the subject
346 person's physical or mental health or well-being.

347 Where the person who is the subject of medical records is confined in a state or local correctional
348 facility, the administrator or chief medical officer of such facility may assert such confined person's right
349 of access to the medical records if the administrator or chief medical officer has reasonable cause to
350 believe that such confined person has an infectious disease or other medical condition from which other
351 persons so confined need to be protected. Medical records shall be reviewed only and shall not be
352 copied by such administrator or chief medical officer. The information in the medical records of a
353 person so confined shall continue to be confidential and shall not be disclosed to any person except the
354 subject by the administrator or chief medical officer of the facility or except as provided by law.

355 For the purposes of this chapter such statistical summaries of incidents and statistical data concerning
356 patient abuse as may be compiled by the Commissioner of the Department of Mental Health, Mental
357 Retardation and Substance Abuse Services shall be open to inspection and releasable as provided in
358 subsection A of this section. No such summaries or data shall include any patient-identifying
359 information. Where the person who is the subject of scholastic or medical and mental records is under
360 the age of eighteen, his right of access may be asserted only by his guardian or his parent, including a
361 noncustodial parent, unless such parent's parental rights have been terminated or a court of competent
362 jurisdiction has restricted or denied such access. In instances where the person who is the subject thereof
363 is an emancipated minor or a student in a state-supported institution of higher education, such right of
364 access may be asserted by the subject person.

365 4. Memoranda, working papers and correspondence (i) held by or requested from members of the
366 General Assembly or the Division of Legislative Services or (ii) held or requested by the office of the
367 Governor or Lieutenant Governor, Attorney General or the mayor or other chief executive officer of any

political subdivision of the Commonwealth or the president or other chief executive officer of any state-supported institution of higher education. This exclusion shall not apply to memoranda, studies or other papers held or requested by the mayor or other chief executive officer of any political subdivision which are specifically concerned with the evaluation of performance of the duties and functions of any locally elected official and were prepared after June 30, 1992 nor shall this exclusion apply to agenda packets prepared and distributed to public bodies for use at a meeting.

Except as provided in § 30-28.18, memoranda, working papers and correspondence of a member of the General Assembly held by the Division of Legislative Services shall not be released by the Division without the prior consent of the member.

5. Written opinions of the city, county and town attorneys of the cities, counties and towns in the Commonwealth and any other writing protected by the attorney-client privilege.

6. Memoranda, working papers and records compiled specifically for use in litigation or as a part of an active administrative investigation concerning a matter which is properly the subject of an executive or closed meeting under § 2.1-344 and material furnished in confidence with respect thereto.

7. Confidential letters and statements of recommendation placed in the records of educational agencies or institutions respecting (i) admission to any educational agency or institution, (ii) an application for employment, or (iii) receipt of an honor or honorary recognition.

8. Library records which can be used to identify both (i) any library patron who has borrowed material from a library and (ii) the material such patron borrowed.

9. Any test or examination used, administered or prepared by any public body for purposes of evaluation of (i) any student or any student's performance, (ii) any employee or employment seeker's qualifications or aptitude for employment, retention, or promotion, or (iii) qualifications for any license or certificate issued by any public body.

As used in this subdivision 9, "test or examination" shall include (i) any scoring key for any such test or examination, and (ii) any other document which would jeopardize the security of such test or examination. Nothing contained in this subdivision 9 shall prohibit the release of test scores or results as provided by law, or limit access to individual records as is provided by law. However, the subject of such employment tests shall be entitled to review and inspect all documents relative to his performance on such employment tests.

When, in the reasonable opinion of such public body, any such test or examination no longer has any potential for future use, and the security of future tests or examinations will not be jeopardized, such test or examination shall be made available to the public. However, minimum competency tests administered to public school children shall be made available to the public contemporaneously with statewide release of the scores of those taking such tests, but in no event shall such tests be made available to the public later than six months after the administration of such tests.

10. Applications for admission to examinations or for licensure and scoring records maintained by the Department of Health Professions or any board in that department on individual licensees or applicants. However, such material may be made available during normal working hours for copying, at the requester's expense, by the individual who is the subject thereof, in the offices of the Department of Health Professions or in the offices of any health regulatory board, whichever may possess the material.

11. Records of active investigations being conducted by the Department of Health Professions or by any health regulatory board in the Commonwealth.

12. Memoranda, legal opinions, working papers and records recorded in or compiled exclusively for executive or closed meetings lawfully held pursuant to § 2.1-344.

13. Reports, documentary evidence and other information as specified in §§ 2.1-373.2 and 63.1-55.4.

14. Proprietary information gathered by or for the Virginia Port Authority as provided in § 62.1-132.4 or § 62.1-134.1.

15. Contract cost estimates prepared for the confidential use of the Department of Transportation in awarding contracts for construction or the purchase of goods or services and records, documents and automated systems prepared for the Department's Bid Analysis and Monitoring Program.

16. Vendor proprietary information software which may be in the official records of a public body. For the purpose of this section, "vendor proprietary software" means computer programs acquired from a vendor for purposes of processing data for agencies or political subdivisions of the Commonwealth.

17. Data, records or information of a proprietary nature produced or collected by or for faculty or staff of state institutions of higher learning, other than the institutions' financial or administrative records, in the conduct of or as a result of study or research on medical, scientific, technical or scholarly issues, whether sponsored by the institution alone or in conjunction with a governmental body or a private concern, where such data, records or information has not been publicly released, published, copyrighted or patented.

18. Financial statements not publicly available filed with applications for industrial development financings.

429 19. Lists of registered owners of bonds issued by a political subdivision of the Commonwealth,
430 whether the lists are maintained by the political subdivision itself or by a single fiduciary designated by
431 the political subdivision.

432 20. Confidential proprietary records, voluntarily provided by private business pursuant to a promise
433 of confidentiality from the Department of Economic Development, the Virginia Economic Development
434 Partnership, or local or regional industrial or economic development authorities or organizations, used by
435 the Department, the Partnership, or such entities for business, trade and tourism development; and
436 memoranda, working papers or other records related to businesses that are considering locating or
437 expanding in Virginia, prepared by the Partnership, where competition or bargaining is involved and
438 where, if such records are made public, the financial interest of the governmental unit would be
439 adversely affected.

1093 provisions of Title 13.1 (§ 13.1-1 et seq.) or similar provisions of any successor law, except in those
1094 cases where, by the express terms of the provisions thereof, the power is confined to corporations
1095 created under such title, and that are not inconsistent with the purposes and intent of this chapter or the
1096 limitations included in this chapter.

The purchase of insurance, participation in an insurance plan, or the creation of a self-insurance plan by the Authority shall not be deemed a waiver or relinquishment of any sovereign immunity to which the Authority or its officers, directors, employees, or agents are otherwise entitled.

§ 23-50.15:8. Audit.

The Authority shall retain an independent certified public accountant to prepare an annual audit within three months after each fiscal year and in accordance with generally accepted accounting principles and any applicable provisions of law. Such rules and regulations shall have the force and effect of law (i) after publication one time in full in a newspaper of general circulation in the city or county where the affected property is located, and (ii) when posted where the public using such property may conveniently see them. Violation of any such rule or regulation shall be punishable as a Class 1 misdemeanor.

(b) All claims related to the employment relationship between employees of the Authority and the University on and after the transfer date;

(c) All claims for breach of contract resulting from the Authority's action or failure to act on and after the transfer date;

(d) All claims related to the Authority's errors and omissions, including, but not limited to, medical malpractice, directors' and officers' liability, workers' compensation, automobile liability, and premises, completed operations and products liability, resulting from the Authority's action or failure to act on and after the transfer date; and

3. The existence of a binding agreement between the University and the Authority by which the Authority shall accept and agree to abide by provisions that ensure the continued support of the education, research, patient care and public service missions of the Medical College of Virginia Hospitals.

C. Any lease of hospital facilities, or any parts thereof, from the University to the Authority may include a provision that requires the Authority to pay the University a rental payment for the hospital facilities, or any parts thereof, that are leased. For those hospital facilities for which rental is paid, the rental shall be an amount that may not be less than the greater of the following:

1. An amount equal to the debt service accruing during the term of the lease on all outstanding bonds issued for the purpose of financing the acquisition, construction or improvement of the hospital facilities, or any parts thereof, on which rental is paid; or

2. A nominal amount determined by the parties to be necessary to prevent the lease from being unenforceable because of a lack of consideration.

D. Any lease of hospital facilities, or any parts thereof, shall include a provision that requires the Authority to continue to support the education, research, patient care and public service missions of the Medical College of Virginia Hospitals.

E. All other agencies and officers of the Commonwealth are authorized and directed to take such actions as may be necessary or desirable in the judgment of the University to permit such conveyance and the full use and enjoyment of the hospital facilities, including, without limitation, the transfer of property of any type held in the name of the Commonwealth or some instrumentality or agency thereof but used by the University in the operation of the hospital facilities.

F. The Authority may pay to or on behalf of the University some or all of the costs of the hospital facilities. The University may apply some or all of such proceeds to the payment or defeasance of its obligations issued to finance the hospital facilities, and the Authority may issue its bonds to finance or refinance such payment to or on behalf of the University.

G. Funds held by or for the University or any predecessor or division thereof, specifically including, without limitation, funds held by the University Foundation or the Medical College of Virginia Foundation for the benefit of the Medical College of Virginia Hospitals or any predecessor thereof, for use in operating, maintaining or constructing hospital facilities, providing medical and health sciences education or conducting medical or related research may be transferred, in whole or in part, to the Authority if the University or any foundation determines that the transfer is consistent with the intended use of the funds. The University may direct in writing that all or part of the money or property representing its beneficial interest under a will, trust agreement or other donative instrument be distributed to the Authority if the University determines that such direction will further any of the

original purposes of the will, trust agreement or other instrument. Such a direction shall not be considered a waiver, disclaimer, renunciation, assignment or disposition of the beneficial interest by the University. A fiduciary's distribution to the Authority pursuant to such a written direction from the University shall be deemed a distribution to the University for all purposes relating to the donative instrument, and the fiduciary shall have no liability for distributing any money or property to the Authority pursuant to such a direction. None of the foregoing shall deprive any court of its jurisdiction to determine whether such a distribution is appropriate, under its express powers or otherwise.

§ 23-50.15:18. Operation of hospital facilities.

The Authority may not operate any of the hospital facilities prior to execution of the lease or leases and agreement or agreements required by § 23-50.15:17, and such other agreements as may be necessary or convenient in the University's judgment to provide for the transfer of the operations of the hospital facilities to the Authority.

§ 23-50.15:19. Assignment of agreements.

The University may assign, and the Authority may accept the rights, and assume the obligations under, any contracts or other agreements of any type relating to the financing or the operating of the hospital facilities. Upon evidence that such assignment and acceptance have been made, all agencies and instrumentalities of the Commonwealth are directed to consent to such assignment and to accept the substitution of the Authority for the University as a party to such agreements to the extent that the University's obligations thereunder relate to ownership, operation or financing of the hospital facilities. Indebtedness previously incurred by the Commonwealth, the Virginia Public Building Authority, the Virginia College Building Authority and any other agencies and instrumentalities of the Commonwealth to finance the hospital facilities may continue to remain outstanding after their transfer and the assignment of the agreements relating thereto by the University to the Authority.

§ 23-50.15:20. Licenses and permits.

The transfer of the hospital facilities from the University to the Authority shall not require a certificate of public need pursuant to Article 1.1 of Chapter 4 (§ 32.1-102.1 et seq.) of Title 32. All licenses, permits, certificates of public need or other authorizations of the Commonwealth or any agency thereof or of any county, city or town held by the University in connection with the ownership or operation of the hospital facilities shall be deemed to be transferred, without further action, to the Authority as and to the extent the Authority undertakes the activity thereby permitted. All agencies and officers of the Commonwealth and all agencies and officers of counties, cities and towns are directed to confirm such transfer by the issuance of new or amended licenses, permits, certificates of public need or other authorizations upon the request of the University and the Authority.

§ 23-50.15:21. Agent for University.

If for any reason the Authority cannot replace the University as a party to any agreement in connection with the financing, ownership or operation of the hospital facilities, the Authority and the University may provide that the Authority shall act as agent for the University in carrying out its obligations under such agreement and/or in receiving the benefits thereunder.

§ 23-50.15:22. Employees of the Authority.

A. Employees of the Authority shall not be considered employees of the Commonwealth, and shall not be covered by the provisions of Chapter 10 (§ 2.1-110 et seq.) of Title 2.1. Employees of the Authority shall be employed on such terms and conditions as established by the Authority. The Board of Directors of the Authority shall develop and adopt policies and procedures that will afford its employees grievance rights.

B. The Authority shall issue a written notice to all persons whose employment will be transferred from state employment to employment by the Authority. The date upon which such written notice is issued shall be referred to herein as the "Option Date." Each person whose employment will be transferred to employment with the Authority may, by written request made within 180 days of the Option Date, elect not to become an employee of the Authority. If the Authority has offered an employee a position for which the employee is qualified and which does not require relocation or a reduction in salary, but such employee nevertheless elects not to become an employee of the Authority, then such employee shall not be considered involuntarily separated from state employment and shall not be eligible for the severance benefits conferred by the provisions of the Workforce Transition Act, Chapter 10.5 (§ 2.1-116.20 et seq.) of Title 2.1. Any employee who is transferred to employment with the Authority shall not be considered to be involuntarily separated from state employment and shall not be eligible for the severance benefits conferred by the provisions of the Workforce Transition Act. However, employees who are not offered the opportunity to transfer from state employment to employment by the Authority shall be entitled to the benefits conferred by the Workforce Transition Act if otherwise eligible.

C. Without limiting its power generally with respect to employees, the Authority may employ any person employed by the University in the operation of the hospital facilities and may assume obligations under any employment agreement for such person and the University may assign any such contract to the Authority.

D. The Authority and the University may also enter into agreements providing for the purchase of services of employees of the University utilized in the operation of the hospital facilities by payment of such amounts as may be agreed upon to cover all or part of the salaries and other costs of such employees.

E. Notwithstanding any other provision of law to the contrary, any person whose employment is to be transferred from state employment to employment by the Authority as a result of this chapter and who is a member of any plan for providing health insurance coverage pursuant to Chapter 2 (§ 2.1-11.1 et seq.) of Title 2.1, may elect, within 180 days of the Option Date, to continue to be a member of such health insurance plan under the same terms and conditions as would apply if the transferred employee had remained a state employee, so long as the employee is employed with the Authority or returns to state employment. Alternatively, such employee may elect, within 180 days of the Option Date, to become a member of the health insurance plan established by the Authority for the benefit of its employees.

F. Notwithstanding any other provision of law to the contrary, any person whose employment is to be transferred from state employment to employment by the Authority as a result of this chapter and who is a member of the Virginia Retirement System, or other retirement plan as authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1, may elect, within 180 days of the Option Date, to continue to be a member of the Virginia Retirement System or other such authorized retirement plan under the same terms and conditions as would apply if the transferred employee had remained a state employee, so long as the employee is employed with the Authority or returns to state employment. Alternatively, such employee may elect, within 180 days of the Option Date, to become a member of the retirement program established by the Authority for the benefit of its employees. The following rules shall apply:

1. With respect to any transferred employee who elects to remain a member of the Virginia Retirement System or other such authorized retirement plan, employment with the Authority shall be treated as state employment with the employer participating at the state rate in the Virginia Retirement System or other such authorized retirement plan. The Authority shall collect and pay all employee and employer contributions to the Virginia Retirement System or other such authorized retirement plan for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) of Title 51.1 for such transferred employees.

2. Transferred employees who elect to become members of the retirement program established by the Authority for the benefit of its employees will be given full credit for their creditable service as defined in § 51.1-124.3, vesting and benefit accrual under the retirement program established by the Authority. For any such employee, employment with the Authority shall be treated as employment with any non-participating employer for purposes of the Virginia Retirement System or other retirement plan as authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1.

3. For transferred employees who elect to become members of the retirement program established by the Authority, the Virginia Retirement System or other such authorized plan shall transfer to the retirement plan established by the Authority assets equal to the actuarially determined present value of the accrued basic benefit as of the transfer date. For purposes hereof, the basic benefits shall be the benefit accrued under the Virginia Retirement System or other such authorized retirement plan, determined based on creditable service and average final compensation as defined in § 51.1-124.3 and determined as of the transfer date. The actuarial present value shall be determined on the same basis, using the same actuarial factors and assumptions used in determining the funding needs of the Virginia Retirement System or other such authorized retirement plan, so that the transfer of assets to the retirement plan established by the Authority will have no effect on the funded status and financial stability of the Virginia Retirement System or other such authorized retirement plan.

§ 23-50.15:23. Appropriations of Commonwealth.

Appropriations heretofore made by the General Assembly for capital improvements, health care services or other items related to or supplied at the hospital facilities may be paid to the Authority by the University or, at the request of the University, by any officer or agency of the Commonwealth pursuant to customary procedures upon evidence that the Authority will use such appropriations for the intended purposes.

§ 23-50.15:24. Power to issue bonds.

The Authority may issue bonds from time to time for any of its purposes, including financing or refinancing all or any part of its programs or general operations, costs of any project, including the hospital facilities, whether or not owned by the Authority, or to refund bonds or other obligations issued therefor by or on behalf of the Authority, the University or otherwise, including bonds or obligations not then subject to redemption, and may guarantee, assume or otherwise agree to pay, in whole or in part, indebtedness issued by the University or any other party resulting in the acquisition or construction of facilities for the benefit of the Authority or the refinancing thereof. Notwithstanding Article 2 (§ 2.1-177

1413 *et seq.*) of Chapter 14 of Title 2.1, bonds may be issued under the provisions of this chapter without
1414 obtaining the consent of any commission, board, bureau or agency of the Commonwealth or of any
1415 political subdivision, and without any proceedings or the happening of conditions or things other than
1416 those proceedings, conditions or things that are specifically required by this chapter; provided, however,
1417 that each debt offering shall be submitted to the Treasury Board which shall undertake a due diligence
1418 review for the sole purpose of determining the offering's potential impact on the debt rating of the
1419 Commonwealth, and the Treasury Board, after such review, shall certify the impact, if any; and
1420 provided further that such debt may be issued by the Authority unless the Treasury Board certifies that
1421 the issuance will adversely impact such debt rating. The Authority may issue such types of bonds as it
1422 may determine, including, without limitation, bonds payable as to principal and interest from any one or
1423 more of the following sources: (i) its revenues generally; (ii) income and revenues derived from the
1424 operation, sale or lease of a particular project or projects, whether or not they are financed or
1425 refinanced from the proceeds of such bonds; (iii) funds realized from the enforcement of security
1426 interests or other liens or obligations securing such bonds; (iv) proceeds from the sale of bonds; (v)
1427 payments under letters of credit, policies of municipal bond insurance, guarantees or other credit
1428 enhancements; (vi) any reserve or sinking funds created to secure such payment; (vii) accounts
1429 receivable of the Authority; or (viii) other available funds of the Authority.

1430 Any bonds may be additionally guaranteed by, or secured by a pledge of, any grant, contribution or
1431 appropriation from a participating political subdivision, the University, the Commonwealth or any
1432 political subdivision, agency or instrumentality thereof, any federal agency or any unit, private
1433 corporation, partnership, association or individual.

1434 § 23-50.15:25. *Liability of Commonwealth, political subdivisions and members of Board of Directors.*

1435 No bonds issued by the Authority under this chapter shall constitute a debt or a pledge of the faith
1436 and credit of the Commonwealth, or any political subdivision thereof other than the Authority, but shall
1437 be payable solely from the revenue, money or property of the Authority as provided for in this chapter.
1438 No member of the Board of Directors or officer, employee or agent of the Authority or any person
1439 executing bonds of the Authority shall be liable personally on the bonds by reason of their issuance or
1440 execution. Each bond issued under this chapter shall contain on its face a statement to the effect that (i)
1441 neither the Commonwealth, nor any political subdivision thereof, nor the Authority shall be obligated to
1442 pay the principal of, or interest or premium on, the bond or other costs incident to the bond except
1443 from the revenue, money or property of the Authority pledged and that (ii) neither the faith and credit
1444 nor the taxing power of the Commonwealth, or any political subdivision thereof, is pledged to the
1445 payment of the principal of or interests or premium on the bond.

1446 § 23-50.15:26. *Liability on bonds.*

1447 Neither the Directors nor any person executing any bonds shall be liable personally on the bonds by
1448 reason of the issuance thereof. Bonds of the Authority shall not be a debt of the Commonwealth or any
1449 political subdivision thereof other than the Authority and shall so state on their face. Neither the
1450 Commonwealth nor any political subdivision thereof other than the Authority shall be liable for payment
1451 of bonds of the Authority, nor shall such bonds be payable out of any funds or properties of the
1452 Commonwealth or any political subdivision thereof other than those of the Authority, except as
1453 permitted by § 23-50.15:24. The bonds of the Authority shall not constitute an indebtedness within the
1454 meaning of any debt limitation or restriction. Bonds of the Authority are declared to be issued for an
1455 essential public and governmental purpose.

1456 § 23-50.15:27. *Form of bonds.*

1457 Bonds of the Authority shall be authorized by resolution setting forth the maximum principal amount
1458 issuable and may be issued in one or more series, shall be dated, shall mature at such time or times not
1459 exceeding forty years from their date and may be made redeemable or subject to tender before maturity,
1460 at the option of the Authority, at such price or prices and under such terms and conditions as may be
1461 fixed by the Authority or its agents prior to issuance. Bonds of the Authority shall bear interest payable
1462 at such times and at such rates as may be determined by the Authority, or as may be determined in
1463 such manner as the Authority or its agents may provide, including rates approved by officers of the
1464 Authority under authorization of the Board, rates tied to indices, rates of other securities or other
1465 standards and determinations by agents designated by the Authority under guidelines established by the
1466 Authority.

1467 The Authority shall determine the form of its bonds and the manner of execution and shall fix the
1468 denominations thereof and the place or places of payment of principal and interest, which may be at
1469 any bank or trust company or securities depository within or without the Commonwealth. The bonds
1470 may be issued in coupon or registered form, or both, and provision may be made for their registration
1471 in whole or in part. Bonds issued in registered form may be issued under a system of book-entry for
1472 recording the ownership and transfer of ownership of rights to receive payments thereon. If any officer
1473 whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to
1474 be such officer before delivery of such bond, such signature or such facsimile shall nevertheless be valid

and sufficient for all purposes. The Authority may contract for the services of one or more banks, trust companies, financial institutions or other entities or persons, within or outside the Commonwealth, for the authentication, registration, transfer, exchange and payment of bonds, or may provide such services itself. The Authority may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine.

Notwithstanding any of the other provisions of this chapter or any recitals in any bonds issued under the provisions of this chapter, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth.

Prior to the preparation of definitive bonds, the Authority may issue interim receipts or temporary bonds, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any mutilated, destroyed, stolen or lost bonds.

§ 23-50.15:28. Trust indentures and mortgages; security for the bonds.

Any bond issued under this chapter may be issued pursuant to or secured by a trust indenture, deed of trust or mortgage of any project or projects or any other property of the Authority, whether or not financed, in whole or in part, from the proceeds of such bonds, by a trust or other agreement with a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth, or other agent for bondholders, or any combination thereof. Any such trust indenture or other agreement, or the resolution providing for the issuance of bonds, may pledge or assign fees, rents and other charges to be received and may contain provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law. Such provisions may include covenants: (i) providing for the collection and application of revenues and the repossession and sale by the Authority, or any trustees under any trust indenture or agreement, of any project or other property upon default; (ii) setting forth duties of the Authority in relation to the acquisition, construction, maintenance, operation and insurance of any project or other property of the Authority and the amounts of fees, rents and other charges to be charged; (iii) providing for the collection of such fees, rents and other charges, and the custody, safeguarding and application of all moneys of the Authority; (iv) providing for the creation of sinking funds and the creation and maintenance of reserves; and (v) setting forth conditions or limitations with respect to the incurrence of indebtedness or the granting of mortgages or other liens. Such trust indenture, trust or other agreement or resolution may set forth the rights and remedies of the bondholders and of the trustee or other agent for bondholders and may restrict the individual right of action by bondholders.

In addition, the Authority may grant mortgages, deeds of trust, security interests and other liens on its real and personal property, including its accounts receivable, to secure bonds. All pledges of revenues of the Authority for payment of bonds shall be valid and binding from the time when the pledge is made, and the revenues pledged and thereafter received by the Authority shall be subject immediately to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. The Authority may also provide for the recording or filing of any mortgage, deed of trust, security interest or other lien, or any financing statement or other instrument, necessary or desirable to create, perfect or evidence any lien created pursuant to this chapter.

It shall be lawful for any bank or trust company within or without the Commonwealth to serve as depository of the proceeds of bonds or of other revenues of the Authority and to furnish indemnifying bonds or to pledge such securities as may be required by the Authority.

All expenses incurred in carrying out the provisions of such trust indenture or agreement or resolution or other agreements relating to any project, including those to which the Authority may not be a party, may be treated as a part of the costs of a project.

§ 23-50.15:29. Remedies of obligees of Authority.

Except to the extent that the rights herein given may be restricted by such trust indenture or trust or other agreement, any holder of bonds or coupons issued under the provisions of this chapter and the trustee or other agent for bondholders under any trust indenture or trust or other agreement may, either at law or in equity, by suit, action, injunction, mandamus or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth or granted by this chapter or under such trust indenture, trust or other agreement or the resolution authorizing the issuance of such bonds, and may enforce and compel the performance of all duties required by this chapter or by such trust indenture, trust or other agreement or resolution to be performed by the Authority or by any officer or agent thereof, including the fixing, charging and collecting of fees, rents and other charges.

§ 23-50.15:30. Bonds to be legal investments.

Bonds issued by the Authority under the provisions of this chapter are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, all

insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities that may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations is now or may hereafter be authorized by law.

§ 23-50.15:31. Existing bonds.

The Authority may assume, or may agree to make payments in amounts sufficient for the University to pay, some or all of the hospital obligations incurred under resolutions previously adopted by the University with respect to the hospital facilities and may issue bonds to refund bonds issued under such resolutions or to refinance such payment obligations. If the Authority has assumed all hospital obligations under any such bond resolution and commenced its operation of substantially all of the hospital facilities financed or refinanced thereby, the University, the State Treasurer, the Virginia Public Building Authority and the Virginia College Building Authority shall take such steps as are appropriate to provide for the substitution of the Authority for the University under such resolution and to transfer to the Authority any funds payable to the University under the terms of such resolution.

§ 23-50.15:32. Confidential and public information.

A. The Authority shall be subject to the provisions of the Freedom of Information Act (§ 2.1-340 et seq.), which shall include the following exceptions:

1. Pursuant to subdivision 24 of subsection A of § 2.1-344, the Authority may conduct closed or executive meetings to discuss or consider any of the following: the condition, acquisition, use or disposition of real or personal property; operational plans that could affect the value of property, real or personal, owned or desirable for ownership by the Authority; matters relating to gifts, bequests and fund-raising activities; grants and contracts for services or work to be performed by the Authority; marketing or operational strategies that could affect the economic viability of the Authority; members of its medical and teaching staffs and qualifications for appointments thereto; and qualifications or evaluation of other employees. The Authority shall follow the provisions of § 2.1-344.1 when convening executive or closed meetings.

2. Pursuant to subdivision 62 of subsection B of § 2.1-342, the Authority shall not be required to disclose records pertaining to any of the following: the qualifications for or continued membership on its medical or teaching staffs; proprietary information gathered by or in the possession of the Authority from third parties; contract cost estimates prepared for confidential use and awarding contracts for construction or the purchase of goods or services; data, records or information of a proprietary nature produced or collected by or for the Authority or members of its medical or teaching staffs; financial statements not publicly available that may be filed with the Authority from third parties; customer account information; consulting or other reports paid for by the Authority to assist the Authority in connection with its strategic planning and goals; and the determination of marketing and operational strategies that affect the economic viability of the Authority. In addition, the Authority shall not be required to disclose data, records or information of a proprietary nature produced or collected by or for employees of the Authority, other than the Authority's financial or administrative records, in the conduct of or as a result of study or research on medical, scientific, technical or scholarly issues, whether sponsored by the Authority alone or in conjunction with a governmental body or a private concern, where such data, records or information has not been publicly released, published, copyrighted or patented.

B. For purposes of the Freedom of Information Act (§ 2.1-340 et seq.), meetings of the Board shall not be considered meetings of the Board of Visitors of the University. Meetings of the Board may be conducted through telephonic or video means as provided in § 2.1-343.1(C) through (F) or similar provisions of any successor law.

§ 23-50.15:33. Chapter liberally construed.

This chapter shall be liberally construed and applied to promote its underlying purposes and policies.

§ 23-50.15:34. Exemption of Authority from personnel, procurement, and capital outlay procedures.

The provisions of Chapter 10 (§ 2.1-110 et seq.) of Title 2.1 and Chapter 7 (§ 11-35 et seq.) of Title 11 shall not apply to the Authority in the exercise of any power conferred under this chapter. Notwithstanding any provision of law or regulation to the contrary, the Authority shall not be subject to any process or procedure that requires the submission, review or approval of any capital outlay project.

§ 23-50.15:35. Reversion to University.

Upon dissolution of the Authority, all assets of the Authority, after satisfaction of creditors, shall revert to the University.

§ 23-232. Establishment authorized; employment of officers.

A. The governing board of each public institution of higher learning named in § 23-14, hereafter sometimes referred to in this chapter as "institution," is authorized to establish a campus police

department and to employ campus police officers and auxiliary forces upon appointment as provided in §§ 23-233 and 23-233.1. Such employment shall be governed by the Virginia Personnel Act, as set forth in Chapter 10 (§ 2.1-110 et seq.) of Title 2.1.

B. The Medical College of Virginia Hospitals Authority shall be authorized to employ police officers and auxiliary forces as provided in this chapter and in § 23-50.15:10, except that the employment of such officers and forces shall not be governed by the Virginia Personnel Act (§ 21.-110 et seq.).

§ 32.1-85. Adoption.

A formulary of another state or of any agency of the United States, a formulary in use at the University of Virginia Hospital or the ~~hospitals of Virginia Commonwealth University Medical College of Virginia Hospitals~~ or any combination of such formularies may be adopted for use as the Virginia Voluntary Formulary pending the adoption of an original Formulary. Not later than July 1, 1981, the Council shall commence to compile an original Formulary.

§ 51.1-126.1. Certain employees of teaching hospitals.

A. Any teaching hospital affiliated with an institution of higher education may establish a retirement plan covering in whole or in part its employees who are health care providers, as determined by the Department of Personnel and Training pursuant to § 2.1-116, and is authorized to make contributions for the benefit of its employees who elect to participate in such plan or arrangement rather than in the retirement system established by this chapter. Any such alternative retirement plan shall not become effective until July 1, 1991, or any time thereafter, as determined by such teaching hospital. Any health care provider employed by such teaching hospital on or after July 1, 1991, may make an irrevocable election to participate in either the retirement plan established by this chapter or the plan provided by the teaching hospital, in accordance with guidelines established by the Virginia Retirement System. The election herein provided shall, as to any health care provider employed after the alternative retirement plan implementation date, be exercised not later than thirty-one days from the time of entry upon the performance of his duties.

B. No health care provider employed by a teaching hospital who is an active member of a plan established under this section shall also be an active member of the retirement system or a beneficiary other than a contingent annuitant.

C. The contribution by the Commonwealth to any other retirement plan established on behalf of health care providers as provided in subsection A shall be the contribution by the Commonwealth which would be required if the health care provider were a member of the retirement system or eight percent of creditable compensation, whichever is less.

D. If the institution of higher education with which the teaching hospital is affiliated has adopted a retirement plan under § 51.1-126 for its employees who are engaged in the performance of teaching, administrative, or research duties, the plan established under this section shall offer the same investment opportunities as are available to the participants of the plan established under § 51.1-126.

E. The Virginia Retirement System shall develop policies and procedures, as approved by the Secretaries of Administration and Education, for the administration of the retirement plan established under this section.

F. Pursuant to § 23-50.15:22, employees of the Medical College of Virginia Hospitals Authority shall be eligible to continue their participation in the Virginia Retirement System or in an alternative retirement plan offered pursuant to this section.

2. That the provisions of §§ 9-156, 9-166.2, 23-50.11, 23-232, 32.1-85, and 51.1-126.1 shall become effective on the transfer date, as defined in § 23-50.15:4.
