HOUSE BILL NO. 437

AMENDMENT IN THE NATURE OF A SUBSTITUTE

(Proposed by the House Committee on General Laws
on February 10, 1996)

(Patron Prior to Substitute—Delegate Moore)

A *BILL to amend and reenact § 2.1-342 of the Code of Virginia, relating to the Freedom of Information Act; exemptions.*

Be it enacted by the General Assembly of Virginia:

1. That § 2.1-342 of the Code of Virginia is amended and reenacted as follows:

§ 2.1-342. Official records to be open to inspection; procedure for requesting records and responding to request; charges; exceptions to application of chapter.

A. Except as otherwise specifically provided by law, all official records shall be open to inspection and copying by any citizens of the Commonwealth during the regular office hours of the custodian of such records. Access to such records shall not be denied to citizens of the Commonwealth, representatives of newspapers and magazines with circulation in the Commonwealth, and representatives of radio and television stations broadcasting in or into the Commonwealth. The custodian of such records shall take all necessary precautions for their preservation and safekeeping. Any public body covered under the provisions of this chapter shall make an initial response to citizens requesting records open to inspection within five work days after the receipt of the request by the public body which is the custodian of the requested records. Such citizen request shall designate the requested records with reasonable specificity. A specific reference to this chapter by the requesting citizen in his request shall not be necessary to invoke the provisions of this chapter and the time limits for response by the public body. The response by the public body within such five work days shall be one of the following responses:

1. The requested records shall be provided to the requesting citizen.

2. If the public body determines that an exemption applies to all of the requested records, it may refuse to release such records and provide to the requesting citizen a written explanation as to why the records are not available with the explanation making specific reference to the applicable Code sections which make the requested records exempt.

3. If the public body determines that an exemption applies to a portion of the requested records, it may delete or excise that portion of the records to which an exemption applies, but shall disclose the remainder of the requested records and provide to the requesting citizen a written explanation as to why these portions of the record are not available to the requesting citizen with the explanation making specific reference to the applicable Code sections which make that portion of the requested records exempt. Any reasonably segregatable portion of an official record shall be provided to any person requesting the record after the deletion of the exempt portion.

4. If the public body determines that it is practically impossible to provide the requested records or to determine whether they are available within the five-work-day period, the public body shall so inform the requesting citizen and shall have an additional seven work days in which to provide one of the three preceding responses.

Nothing in this section shall prohibit any public body from petitioning the appropriate court for additional time to respond to a request for records when the request is for an extraordinary volume of records and a response by the public body within the time required by this chapter will prevent the public body from meeting its operational responsibilities. Before proceeding with this petition, however, the public body shall make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

The public body may make reasonable charges for the copying, search time and computer time expended in the supplying of such records. The public body may also make a reasonable charge for preparing documents produced from a geographic information system at the request of anyone other than the owner of the land that is the subject of the request. However, such charges shall not exceed the actual cost to the public body in supplying such records or documents, except that the public body may charge, on a pro rata per acre basis, for the cost of creating topographical maps developed by the public body, for such maps or portions thereof, which encompass a contiguous area greater than fifty acres. Such charges for the supplying of requested records shall be estimated in advance at the request of the citizen. The public body may require the advance payment of charges which are subject to advance determination.

In any case where a public body determines in advance that search and copying charges for producing the requested documents are likely to exceed \$200, the public body may, before continuing to process the request, require the citizen requesting the information to agree to payment of an amount not

60 to exceed the advance determination by five percent. The period within which the public body must
61 respond under this section shall be tolled for the amount of time that elapses between notice of the
62 advance determination and the response of the citizen requesting the information.

63 Official records maintained by a public body on a computer or other electronic data processing
64 system which are available to the public under the provisions of this chapter shall be made reasonably
65 accessible to the public at reasonable cost.

66 Public bodies shall not be required to create or prepare a particular requested record if it does not
67 already exist. Public bodies may, but shall not be required to, abstract or summarize information from
68 official records or convert an official record available in one form into another form at the request of
69 the citizen. The public body shall make reasonable efforts to reach an agreement with the requester
70 concerning the production of the records requested.

71 Failure to make any response to a request for records shall be a violation of this chapter and deemed
72 a denial of the request.

73 B. The following records are excluded from the provisions of this chapter but may be disclosed by
74 the custodian in his discretion, except where such disclosure is prohibited by law:

75 1. Memoranda, correspondence, evidence and complaints related to criminal investigations; adult
76 arrestee photographs when necessary to avoid jeopardizing an investigation in felony cases until such
77 time as the release of such photograph will no longer jeopardize the investigation; reports submitted to
78 the state and local police, to investigators authorized pursuant to § 53.1-16 and to the campus police
79 departments of public institutions of higher education as established by Chapter 17 (§ 23-232 et seq.) of
80 Title 23 in confidence; portions of records of local government crime commissions that would identify
81 individuals providing information about crimes or criminal activities under a promise of anonymity;
82 records of local police departments relating to neighborhood watch programs that include the names,
83 addresses, and operating schedules of individual participants in the program that are provided to such
84 departments under a promise of confidentiality; and all records of persons imprisoned in penal
85 institutions in the Commonwealth provided such records relate to the imprisonment. Information in the
86 custody of law-enforcement officials relative to the identity of any individual other than a juvenile who
87 is arrested and charged, and the status of the charge or arrest, shall not be excluded from the provisions
88 of this chapter.

89 Criminal incident information relating to felony offenses shall not be excluded from the provisions of
90 this chapter; however, where the release of criminal incident information is likely to jeopardize an
91 ongoing criminal investigation or the safety of an individual, cause a suspect to flee or evade detection,
92 or result in the destruction of evidence, such information may be withheld until the above-referenced
93 damage is no longer likely to occur from release of the information.

94 2. (Effective until July 1, 1996) Confidential records of all investigations of applications for licenses
95 and permits, and all licensees and permittees made by or submitted to the Alcoholic Beverage Control
96 Board, the State Lottery Department or the Virginia Racing Commission.

97 2. (Effective July 1, 1996) Confidential records of all investigations of applications for licenses and
98 permits, and all licensees and permittees made by or submitted to the Alcoholic Beverage Control
99 Board, the State Lottery Department, the Virginia Racing Commission, or the Charitable Gaming
100 Commission.

101 3. State income, business, and estate tax returns, personal property tax returns, scholastic records and
102 personnel records containing information concerning identifiable individuals, except that such access
103 shall not be denied to the person who is the subject thereof, and medical and mental records, except that
104 such records can be personally reviewed by the subject person or a physician of the subject person's
105 choice; however, the subject person's mental records may not be personally reviewed by such person
106 when the subject person's treating physician has made a part of such person's records a written statement
107 that in his opinion a review of such records by the subject person would be injurious to the subject
108 person's physical or mental health or well-being.

109 Where the person who is the subject of medical records is confined in a state or local correctional
110 facility, the administrator or chief medical officer of such facility may assert such confined person's right
111 of access to the medical records if the administrator or chief medical officer has reasonable cause to
112 believe that such confined person has an infectious disease or other medical condition from which other
113 persons so confined need to be protected. Medical records shall be reviewed only and shall not be
114 copied by such administrator or chief medical officer. The information in the medical records of a
115 person so confined shall continue to be confidential and shall not be disclosed to any person except the
116 subject by the administrator or chief medical officer of the facility or except as provided by law.

117 For the purposes of this chapter such statistical summaries of incidents and statistical data concerning
118 patient abuse as may be compiled by the Commissioner of the Department of Mental Health, Mental
119 Retardation and Substance Abuse Services shall be open to inspection and releasable as provided in
120 subsection A of this section. No such summaries or data shall include any patient-identifying
121 information. Where the person who is the subject of scholastic or medical and mental records is under

the age of eighteen, his right of access may be asserted only by his guardian or his parent, including a noncustodial parent, unless such parent's parental rights have been terminated or a court of competent jurisdiction has restricted or denied such access. In instances where the person who is the subject thereof is an emancipated minor or a student in a state-supported institution of higher education, such right of access may be asserted by the subject person.

4. Memoranda, working papers and correspondence (i) held by or requested from members of the General Assembly or the Division of Legislative Services or (ii) held or requested by the office of the Governor or Lieutenant Governor, Attorney General or the mayor or other chief executive officer of any political subdivision of the Commonwealth or the president or other chief executive officer of any state-supported institution of higher education. This exclusion shall not apply to memoranda, studies or other papers held or requested by the mayor or other chief executive officer of any political subdivision which are specifically concerned with the evaluation of performance of the duties and functions of any locally elected official and were prepared after June 30, 1992 nor shall this exclusion apply to agenda packets prepared and distributed to public bodies for use at a meeting.

Except as provided in § 30-28.18, memoranda, working papers and correspondence of a member of the General Assembly held by the Division of Legislative Services shall not be released by the Division without the prior consent of the member.

As used in this subdivision 9, "test or examination" shall include (i) any scoring key for any such test or examination, and (ii) any other document which would jeopardize the security of such test or examination. Nothing contained in this subdivision 9 shall prohibit the release of test scores or results as provided by law, or limit access to individual records as is provided by law. However, the subject of such employment tests shall be entitled to review and inspect all documents relative to his performance on such employment tests.

When, in the reasonable opinion of such public body, any such test or examination no longer has any potential for future use, and the security of future tests or examinations will not be jeopardized, such test or examination shall be made available to the public. However, minimum competency tests administered to public school children shall be made available to the public contemporaneously with statewide release of the scores of those taking such tests, but in no event shall such tests be made available to the public later than six months after the administration of such tests.

10. Applications for admission to examinations or for licensure and scoring records maintained by the Department of Health Professions or any board in that department on individual licensees or applicants.
