107 § 15.1-1379. Issuance of bonds, notes and other obligations of authority.

108 A. The authority shall have the power to issue bonds from time to time in its discretion, for any of  
109 its purposes, including the payment of all or any part of the cost of authority facilities and including the  
110 payment or retirement of bonds previously issued by it. All bonds issued by the authority shall be  
111 payable solely from the revenues and receipts derived from the leasing or sale by the authority of its  
112 facilities or any part thereof or from payments received by the authority in connection with its loans *or*  
113 *contracts*, and the authority may issue such types of bonds as it may determine, including (without  
114 limiting the generality of the foregoing) bonds payable, both as to principal and interest: (i) from its  
115 revenues and receipts generally; (ii) exclusively from the revenues and receipts of a particular facility,  
116 *contract* or loan; or (iii) exclusively from the revenues and receipts of certain designated facilities or  
117 loans whether or not they are financed in whole or in part from the proceeds of such bonds. Unless  
118 otherwise provided in the proceeding authorizing the issuance of the bonds, or in the trust indenture  
119 securing the same, all bonds shall be payable solely and exclusively from the revenues and receipts of a  
120 particular facility, *contract* or loan. Bonds may be executed and delivered by the authority at any time  
121 and from time to time, may be in such form and denominations and of such terms and maturities, may

be in registered or bearer form either as to principal or interest or both, may be payable in such installments and at such time or times not exceeding forty years from the date thereof, may be payable at such place or places whether within or without the Commonwealth, may bear interest at such rate or rates, may be payable at such time or times and at such place or places, may be evidenced in such manner, and may contain such provisions not inconsistent herewith, all as shall be provided and specified by the board of directors in authorizing each particular bond issue. If deemed advisable by the board of directors, there may be retained in the proceedings under which any bonds of the authority are authorized to be issued an option to redeem all or any part thereof as may be specified in such proceedings, at such price or prices and after such notice or notices and on such terms and conditions as may be set forth in such proceedings and as may be briefly recited on the face of the bonds, but nothing herein contained shall be construed to confer on the authority any right or option to redeem any bonds except as may be provided in the proceedings under which they shall be issued. Any bonds of the authority may be sold at public or private sale in such manner and from time to time as may be determined by the board of directors of the authority to be most advantageous, and the authority may pay all costs, premiums and commissions which its board of directors may deem necessary or advantageous in connection with the issuance thereof. Issuance by the authority of one or more series of bonds for one or more purposes shall not preclude it from issuing other bonds in connection with the same facility or any other facility, but the proceedings whereunder any subsequent bonds may be issued shall recognize and protect any prior pledge or mortgage made for any prior issue of bonds. Any bonds of the authority at any time outstanding may from time to time be refunded by the authority by the issuance of its refunding bonds in such amount as the board of directors may deem necessary, but not exceeding an amount sufficient to refund the principal of the bonds so to be refunded, together with any unpaid interest thereon and any costs, premiums or commissions necessary to be paid in connection therewith. Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the bonds to be refunded thereby, or by the exchange of the refunding bonds for the bonds to be refunded thereby, with the consent of the holders of the bonds so to be refunded, and regardless of whether or not the bonds to be refunded were issued in connection with the same facilities or separate facilities, and regardless of whether or not the bonds proposed to be refunded shall be payable on the same date or on different dates or shall be due serially or otherwise.

B. All bonds shall be signed by the chairman or vice-chairman of the authority or shall bear his facsimile signature, and the corporate seal of the authority or a facsimile thereof shall be impressed or imprinted thereon and attested by the signature of the secretary (or the secretary-treasurer) or the assistant secretary (or assistant secretary-treasurer) of the authority or shall bear his facsimile signature, and any coupons attached thereto shall bear the facsimile signature of said chairman. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be an officer before delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. When the signatures of both the chairman or the vice-chairman and the secretary (or the secretary-treasurer) or the assistant secretary (or the assistant secretary-treasurer) are facsimiles, the bonds must be authenticated by a corporate trustee or other authenticating agent approved by the authority.

C. If the proceeds derived from a particular bond issue, due to error of estimates or otherwise, shall be less than the cost of the authority facilities for which such bonds were issued, additional bonds may in like manner be issued to provide the amount of such deficit and, unless otherwise provided in the proceedings authorizing the issuance of the bonds of such issue or in the trust indenture securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds of the first issue. If the proceeds of the bonds of any issue shall exceed such cost, the surplus may be deposited to the credit of the sinking fund for such bonds or may be applied to the payment of the cost of any additions, improvements or enlargements of the authority facilities for which such bonds shall have been issued.

D. Prior to the preparation of definitive bonds, the authority may, under like restrictions, issue interim receipts or temporary bonds with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this chapter without obtaining the consent of any department, division, commission, board, bureau or agency of the Commonwealth, and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions or things which are specifically required by this chapter; provided, however, that nothing contained in this chapter shall be construed as affecting the powers and duties now conferred by law upon the State Corporation Commission.

E. All bonds issued under the provisions of this chapter shall have and are hereby declared to have

183 all the qualities and incidents of and shall be and are hereby made negotiable instruments under the  
184 Uniform Commercial Code of Virginia (§ 8.1-101 et seq.), subject only to provisions respecting  
185 registration of the bonds.

186 F. In addition to all other powers granted to the authority by this chapter, the authority is authorized  
187 to provide for the issuance, from time to time of notes or other obligations of the authority for any of  
188 its authorized purposes. All of the provisions of this chapter which relate to bonds or revenue bonds  
189 shall apply to such notes or other obligations insofar as such provisions may be appropriate.
