116 CHAPTER 46.

117 VIRGINIA INFORMATION PROVIDERS NETWORK AUTHORITY ACT.

§ 9-350. Definitions.

As used in this chapter, unless the context clearly indicates otherwise:

"Authority" means the Virginia Information Providers Network Authority, a political subdivision of the Commonwealth created by this chapter.

"Board" means the board of directors of the Authority.

"Gateway" means any centralized electronic information system by which public information shall be provided via dial-in modem or continuous link to the public through subscription or through public libraries.

"Public information" means any information created, acquired, or stored in electronic, magnetic, optical or magneto-optical form by state agencies which is included within the information deemed to be public pursuant to the Virginia Freedom of Information Act (§ 2.1-340 et seq.) or the Virginia Public Records Act (§ 42.1-76 et seq.).

"State agency" means any agency, institution, board, bureau, commission, council, or instrumentality of state government.

"User association" means an association of users of information through a gateway.

§ 9-351. Declaration of purpose; Authority established.

The General Assembly determines that there exists in the Commonwealth a need to provide for the centralized marketing, provision, leasing or executing of license agreements for access on-line or in volume on such terms and conditions as may be determined to be in the best interest of the Commonwealth. Therefore, a political subdivision of the Commonwealth to be known as the Virginia Information Providers Network Authority is hereby created. The Authority's exercise of powers conferred by this chapter shall be deemed to be the performance of an essential governmental function and matters of public necessity for which public moneys may be spent and private property acquired.

§ 9-352. Board of directors.

The Authority shall be governed by a board of directors consisting of eleven members, two of whom shall be the Secretary of Administration and the Director of the Council on Information Management, both of whom shall serve during their terms of office. The remaining nine members shall be appointed by the Governor as follows: three members who are chief executive officers of agencies in the executive branch; two members from a list submitted by the Virginia State Bar; three members from user associations of a statewide character, except that no two shall represent the same user association; and one member from a list submitted by the State Librarian. Three members appointed by the Governor shall be appointed for terms of one year, three for terms of two years, and three for terms of three years, effective from their dates of appointment. Thereafter, board members shall be appointed for terms of three years. All board members appointed by the Governor shall be confirmed by the affirmative vote of a majority of those voting in each house of the General Assembly. Vacancies in board membership shall be filled by appointment for the unexpired portion of the term. Board members shall be subject to removal from office for cause. The board shall annually elect one of its members as chairman, one as vice-chairman, and another as secretary. The board may also elect other subordinate officers, who may or may not be members of the board, as it deems proper. The chairman or, in his absence, the vice-chairman shall preside at all meetings of the board. In the absence of both the chairman and vice-chairman, the board shall appoint a chairman pro tempore, who shall preside at such meetings. Six members shall constitute a quorum for the transaction of the Authority's business, and no vacancy in the membership shall impair the right of a quorum to exercise all the rights and perform all the duties of the Authority. Pursuant to § 14.1-5, board members shall be entitled to reimbursement for their reasonable travel, meal and lodging expenses incurred in attending board meetings or while otherwise engaged in discharging their duties. Such expenses shall be paid out of the treasury of the Authority upon vouchers signed by the board chairman or by such other person as the board designates for this purpose. The board shall employ a network manager of the Authority, who shall serve at the pleasure of the board, to direct the day-to-day operations and activities of the Authority and carry out the powers and duties conferred upon him as may be delegated to him by the board. The network manager and employees of the Authority shall be compensated in the manner provided by the board.

§ 9-353. Powers and duties of the Authority.

The Authority may exercise all powers necessary or convenient for carrying out its statutory purposes, including, without limitation, the power to:

1. Sue and be sued, implead and be impleaded, complain and defend in all courts;
2. Adopt, use, and alter at will a common seal;
3. Foster the development of a coordinated, comprehensive system for providing ready access to electronic public state government information for individuals, businesses, and other entities;
4. Make and execute contracts, lease agreements and all other instruments necessary or convenient to exercise the powers of the Authority or to further the public purpose for which the Authority is created;

179 5. Acquire by purchase, lease, or otherwise and to hold, lease, and dispose of real or personal
 180 property of every kind and character, or any interest therein, in furtherance of the public purpose of the
 181 Authority;

182 6. Apply for and accept any gifts or grants or loan guarantees or loans of funds or property or
 183 financial and other aid in any form from the federal government or any agency or instrumentality
 184 thereof, or from the state or any agency or instrumentality thereof, or from any other source for any or
 185 all of the purposes specified in this chapter and to comply, subject to the provisions of this chapter, with
 186 the terms and conditions thereof;

187 7. Contract with state agencies or any local government for the use by the Authority of any property,
 188 facilities, or services of the state or any such state agency or local government or for the use by any
 189 state agency or local government of any facilities or services of the Authority; and such state agencies
 190 and local governments are authorized to enter into such contracts;

191 8. Fix and collect fees and charges for public information, media, and incidental services furnished
 192 by it to any private individual or entity, notwithstanding the charges set forth in § 2.1-342;

193 9. Deposit or invest funds held by it in any state depository or in any investment which is authorized
 194 for the investment of proceeds of state general obligation bonds, and use, redeposit, or reinvest interest
 195 earned on such funds for the purposes set forth in this chapter;

196 10. Exercise any power granted by the laws of the Commonwealth not in conflict with the public
 197 purpose of the Authority; and

198 11. Make rules and regulations for its own governance.

199 § 9-354. Network manager; duties.

200 The network manager shall (i) direct and supervise the day-to-day operations and expansion of the
 201 gateway and network, including the initial phase of operations necessary to make such gateway
 202 operational; (ii) attend meetings of the Authority; (iii) keep a record of all gateway, network and related
 203 operations of the Authority, which shall be the property of the Authority; (iv) maintain and be custodian
 204 of all financial and operational records, documents, and papers filed with the Authority; and (v) update
 205 and revise annually the business plan of the Authority, in consultation with and under the direction of
 206 the Authority's board of directors.

207 § 9-355. Access to public information of state agencies.

208 A. All state agencies may make available to the Authority access to public information upon terms
 209 mutually agreed upon by the Authority and any such state agency.

210 B. The Authority shall reimburse the state agency for costs incurred to provide such access to the
 211 Authority. The terms of the agreement between the Authority and state agency shall provide, inter alia,
 212 that the Authority shall retain from the proceeds from providing access to public information only an
 213 agreed-upon amount sufficient to cover an appropriate share of the expenses incurred by the Authority
 214 in accomplishing the purposes set forth in this chapter. If the state agency is the Department of Motor
 215 Vehicles, such agreements shall provide that the balance of the proceeds from the sale or licensing of
 216 such public information shall be distributed to such state agency. For any other state agency, such
 217 agreements shall provide that one-half of the balance of the proceeds shall be distributed to the state
 218 agency and the other one-half of the balance of the proceeds shall be distributed to the general fund of
 219 the state treasury.

220 § 9-356. Access to public information; receipt of information; application of statutory restrictions on
 221 confidentiality to Authority.

222 A. The Authority may provide electronic access to public information provided to it by any state
 223 agency and to the extent provided in the agreement with the providing agency. The Authority shall
 224 explore ways and means of expanding the amount and kind of public information provided, increasing
 225 the utility of the public information provided and the form in which it is provided, expanding the base of
 226 users who access such public information and, where appropriate, implementing changes.

227 B. The Authority shall be authorized to execute license agreements which provide access to public
 228 information in any electronic medium or format. However, any licensing agreement executed by the
 229 Authority shall contain language or terms that prohibit the disclosure of information that reveals or
 230 reasonably could be expected to reveal the identity of any individual who is a data subject. Further,
 231 information subject to any such licensing agreement shall be designed to prevent persons from
 232 combining data elements to reveal the identity of individual data subjects. For the purposes of this
 233 subsection, "data subject" and "personal information" mean the same as those terms are defined in
 234 § 2.1-379. Nothing contained in this chapter shall preclude any state agency from providing access to
 235 public information to the public or other government agencies or entities, or from disseminating any
 236 public information to which the Authority does not provide access.

237 C. The Authority may be authorized by the judicial and legislative branches to execute license
 238 agreements which provide access to public information in any electronic medium or format on their
 239 behalf. However, nothing in this chapter shall be construed to affect or pertain to records originating

from or under the control of the clerks of the circuit courts of the Commonwealth except upon terms mutually agreed upon by the Authority, any state agency that may be holding such records for archival purposes, and the clerk's office where such records originated.

D. The Authority may receive public information in electronic format from members of the public for the purpose of transmitting such public information electronically to state agencies.

E. In circumstances where official records subject to the Virginia Freedom of Information Act (§ 2.1-340 et seq.) are furnished to the Authority by any state agency and such records are no longer available from such agency, the Authority, as custodian of such records, shall be subject to requests for such records made pursuant to the Freedom of Information Act. All statutory provisions governing public or official records, including, but not limited to, the Freedom of Information Act (§ 2.1-340 et seq.), the Privacy Protection Act of 1976 (§ 2.1-377 et seq.), and the Virginia Public Records Act (§ 42.1-76 et seq.), and all penalties for any violation thereof shall apply to the Authority and its employees. Nothing in this chapter shall relieve any public body, including the Authority, of any duty imposed by such statutory provisions governing public or official records, nor shall this chapter be construed to authorize or encourage the destruction or deletion of such records by public bodies.

§ 9-357. Exemption from taxes.

The exercise of the powers granted by this chapter shall be in all respects for the benefit of the people of the Commonwealth. As the operation of the Authority and the undertaking of activities in the furtherance of the purposes of the Authority shall constitute performance of essential governmental functions, the Authority shall not be required to pay any taxes upon the income therefrom, including sales and use taxes on the tangible personal property used in the operations of the Authority. The exemption hereby granted shall not be construed to extend to persons conducting a business on the premises of the facility for which local or state taxes would otherwise be required.

§ 9-358. Ownership of public information not affected.

Nothing in this chapter shall be deemed to effect a transfer of ownership of any public information from any state agency to the Authority.

§ 9-359. Financing and operations; Virginia Information Providers Network Fund established.

A. Initial funding for start-up costs incurred by the Authority shall be obtained from private donations. No state funds shall be used for any Authority purpose.

B. The Authority shall fund its operations from revenues generated from providing access to public information, and from money, goods or in-kind services donated to the Authority by private sources.

C. There is hereby established a special fund in the state treasury to be known as the Virginia Information Providers Network Fund, hereinafter referred to as "the Fund." All moneys received by the Authority, including revenues generated from providing access to public information, and any gifts, donations, grants, or other contributions from any source, public or private, shall be deposited in the Fund. Expenses incurred by the Authority in accomplishing its purposes set forth in this chapter, as determined by the Board, shall be paid out of the Fund on warrant of the Comptroller. The Comptroller shall transfer the balance of the moneys in the Fund to the appropriate state agency or to the general fund, as required by the terms of the agreements between state agencies and the Authority pursuant to § 9-355, no later than June 30 of each year.

§ 9-360. Exemption of Authority from personnel and procurement procedures.

The provisions of Chapter 10 (§ 2.1-110 et seq.) of Title 2.1 and Chapter 7 (§ 11-35 et seq.) of Title 11 of the Code of Virginia shall not apply to the Authority in the exercise of any power conferred under this chapter.

§ 9-361. Forms of accounts and records; audit; annual report.

The accounts and records of the Authority showing the receipt and disbursement of funds from whatever source derived, shall be in such form as the Auditor of Public Accounts prescribes. The Auditor of Public Accounts, or his legally authorized representatives, shall annually examine the accounts and books of the Authority. The Authority shall submit an annual report to the Governor and General Assembly on or before November 1 of each year. Such report shall contain the audited annual financial statements of the Authority for the year ending the preceding June 30. The annual report shall be distributed in accordance with the provisions of § 2.1-467.
