1. That §§ 54.1-2708, 54.1-2920, 54.1-3009, and 54.1-3605 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 54.1-2408.1 as follows:

§ 54.1-2408.1. Summary suspension of licenses, certificates or registrations; allegations to be in writing.

A. Any health regulatory board may suspend the license, certificate or registration of any person holding a license, certificate or registration issued by it without a hearing simultaneously with the institution of proceedings for a hearing, if the relevant board finds that there is a substantial danger to the public health or safety which warrants this action. A board may meet by telephone conference call when summarily suspending a license, certificate or registration if a good faith effort to assemble a quorum of the board has failed and, in the judgment of a majority of the members of the board, the continued practice by the individual constitutes a substantial danger to the public health or safety. Institution of proceedings for a hearing shall be provided simultaneously with the summary suspension. The hearing shall be scheduled within a reasonable time of the date of the summary suspension.

B. Allegations of violations of this title shall be made in writing to the relevant health regulatory board.

§ 54.1-2708. Disciplinary action discretion.

~~A.~~ Except in the case of a monetary penalty, the Board may take disciplinary action notwithstanding any action pending before or consummated before any court or any criminal penalty which has been or may be imposed.

~~B.~~ The Board may suspend the license of any person licensed hereunder, without a hearing simultaneously with the institution of proceedings for a hearing, if it finds that there is a substantial danger to the public health or safety which warrants this action. The Board may meet by telephone conference call when summarily suspending a license, if a good faith effort to assemble a quorum of the Board has failed and in the judgment of a majority of the members of the Board, the continued practice of the practitioner constitutes a substantial danger to the public health or safety. Institution of proceedings for a hearing shall be provided simultaneously with the summary suspension. The hearing shall be scheduled within a reasonable time of the date of the summary suspension.

§ 54.1-2920. Notice and opportunity to be heard required before suspension or revocation of license; allegations to be in writing; practice pending appeal; notice to patients.

Except as provided in § 54.1-2408.1, the Board shall take no action to revoke or suspend the license of any of its licensees except after reasonable notice and an opportunity to be heard in accordance with the Administrative Process Act (§ 9-6.14:1 et seq.). Such action may be in addition to any penalty imposed by law for the violation. For the purposes of this section, reasonable notice means written notice mailed at least thirty days prior to the scheduled hearing.

The Board may meet by telephone conference call when summarily suspending a license or certificate, if a good faith effort to assemble a quorum of the Board has failed and in the judgment of the officers of the Board, the licensee's or certificate holder's continued practice constitutes a substantial danger to public health or safety.

Institution of proceedings for a hearing shall be provided simultaneously with the summary suspension. The hearing shall be scheduled within a reasonable time of the date of the summary suspension.
