An application for registration shall be made on forms prescribed by the Commission and shall be accompanied by a fee in the amount of \$500. Each registration certificate shall remain valid for a period of one year from the date of issuance. Application for renewal of a registration certificate shall be accompanied by a fee in the amount of \$500 and shall be made on forms prescribed by the Commission.
- B. The Commission shall have authority to prescribe by regulation reasonable criteria consistent with the provisions of this article for the registration of suppliers. The Commission may refuse to register any supplier who has, or which has any officer, director, partner, or owner who has (i) been convicted of or pleaded nolo contendere to a felony in any state or federal court or has been convicted of any offense which, if committed in the Commonwealth, would be a felony; (ii) been convicted of or pleaded nolo contendere to a crime involving gambling; (iii) had any license, permit, certificate or other authority related to activities defined as charitable gaming in the Commonwealth suspended or revoked in the Commonwealth or in any other jurisdiction; or (iv) failed to file or has been delinquent in excess of one year in the filing of any tax returns or the payment of any taxes due the Commonwealth.
- C. The Commission may suspend, revoke or refuse to renew the registration certificate of any supplier for any conduct described in subsection B or for any violation of this article or regulation of the Commission. Before taking any such action, the Commission shall give the supplier a written statement of the grounds upon which it proposes to take such action and an opportunity to be heard. Every hearing in a contested case shall be conducted in accordance with the Administrative Process Act (§ 9-6.14:1 et seq.).
- D. Each supplier shall document each sale of charitable gaming supplies to a qualified organization on an invoice which clearly shows (i) the name and address of the qualified organization to which the supplies were sold; (ii) the date of the sale; (iii) the name or form and serial number of each deal of instant bingo cards and pull-tab raffle cards, the quantity of deals sold and the price per deal paid by the qualified organization; (iv) the serial number of the top sheet in each packet of bingo paper, the serial number for each series of uncollated bingo paper, and the cut, color and quantity of bingo paper sold;

429 and (v) any other information with respect to items of charitable gaming supplies as the Commission 430 may prescribe by regulation. A legible copy of the invoice shall accompany the charitable gaming 431 supplies when delivered to the qualified organization.

E. Each supplier shall maintain a legible copy of each invoice required by subsection D for a period of three years from the date of sale. Each supplier shall make such documents immediately available for inspection and copying to any agent or employee of the Commission upon request made during normal business hours. This subsection shall not limit the right of the Commission to require the production of any other documents in the possession of the supplier which relate to its transactions with qualified organizations. All documents and other information of a proprietary nature furnished to the Commission in accordance with this subsection shall not be a matter of public record and shall be exempt from

disclosure under the provisions of the Freedom of Information Act (§ 2.1-340 et seq.).

2. That §§ 2.1-1.5, 2.1-1.9, 2.1-20.4, 2.1-51.27, 2.1-342, 9-6.25:3, and 18.2-334.2 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Chapter 8 of Title 18.2 an article numbered 1.1:2, consisting of sections numbered 18.2-340.39 through 18.2-340.52, as follows:

 - § 2.1-51.27. Agencies for which responsible.

 - § 2.1-342. Official records to be open to inspection; procedure for requesting records and responding to request; charges; exceptions to application of chapter.
 - A. Except as otherwise specifically provided by law, all official records shall be open to inspection

HB2041H1 12 of 31

and copying by any citizens of the Commonwealth during the regular office hours of the custodian of such records. Access to such records shall not be denied to citizens of the Commonwealth, representatives of newspapers and magazines with circulation in the Commonwealth, and representatives of radio and television stations broadcasting in or into the Commonwealth. The custodian of such records shall take all necessary precautions for their preservation and safekeeping. Any public body covered under the provisions of this chapter shall make an initial response to citizens requesting records open to inspection within five work days after the receipt of the request by the public body which is the custodian of the requested records. Such citizen request shall designate the requested records with reasonable specificity. A specific reference to this chapter by the requesting citizen in his request shall not be necessary to invoke the provisions of this chapter and the time limits for response by the public body. The response by the public body within such five work days shall be one of the following responses:

- 1. The requested records shall be provided to the requesting citizen.
- 2. If the public body determines that an exemption applies to all of the requested records, it may refuse to release such records and provide to the requesting citizen a written explanation as to why the records are not available with the explanation making specific reference to the applicable Code sections which make the requested records exempt.
- 3. If the public body determines that an exemption applies to a portion of the requested records, it may delete or excise that portion of the records to which an exemption applies, but shall disclose the remainder of the requested records and provide to the requesting citizen a written explanation as to why these portions of the record are not available to the requesting citizen with the explanation making specific reference to the applicable Code sections which make that portion of the requested records exempt. Any reasonably segregatable portion of an official record shall be provided to any person requesting the record after the deletion of the exempt portion.
- 4. If the public body determines that it is practically impossible to provide the requested records or to determine whether they are available within the five-work-day period, the public body shall so inform the requesting citizen and shall have an additional seven work days in which to provide one of the three preceding responses.

Nothing in this section shall prohibit any public body from petitioning the appropriate court for additional time to respond to a request for records when the request is for an extraordinary volume of records and a response by the public body within the time required by this chapter will prevent the public body from meeting its operational responsibilities. Before proceeding with this petition, however, the public body shall make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

The public body may make reasonable charges for the copying, search time and computer time expended in the supplying of such records. The public body may also make a reasonable charge for preparing documents produced from a geographic information system at the request of anyone other than the owner of the land that is the subject of the request. However, such charges shall not exceed the actual cost to the public body in supplying such records or documents, except that the public body may charge, on a pro rata per acre basis, for the cost of creating topographical maps developed by the public body, for such maps or portions thereof, which encompass a contiguous area greater than fifty acres. Such charges for the supplying of requested records shall be estimated in advance at the request of the citizen. The public body may require the advance payment of charges which are subject to advance determination.

In any case where a public body determines in advance that search and copying charges for producing the requested documents are likely to exceed \$200, the public body may, before continuing to process the request, require the citizen requesting the information to agree to payment of an amount not to exceed the advance determination by five percent. The period within which the public body must respond under this section shall be tolled for the amount of time that elapses between notice of the advance determination and the response of the citizen requesting the information.

Official records maintained by a public body on a computer or other electronic data processing system which are available to the public under the provisions of this chapter shall be made reasonably accessible to the public at reasonable cost. Beginning July 1, 1997, every public body of state government shall compile, and annually update, an index of computer databases which contains at a minimum those databases created by them on or after July 1, 1997. "Computer database" means a structured collection of data or documents residing in a computer. Such index shall be an official record and shall include, at a minimum, the following information with respect to each database listed therein: a list of data fields, a description of the format or record layout, the date last updated, a list of any data fields to which public access is restricted, a description of each format in which the database can be copied or reproduced using the public body's computer facilities, and a schedule of fees for the production of copies in each available form. The form, context, language, and guidelines for the indices and the databases to be indexed shall be developed by the Director of the Department of Information

Technology in consultation with the State Librarian and the State Archivist. The public body shall not be required to disclose its software security, including passwords.

Public bodies shall not be required to create or prepare a particular requested record if it does not already exist. Public bodies may, but shall not be required to, abstract or summarize information from official records or convert an official record available in one form into another form at the request of the citizen. The public body shall make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

Failure to make any response to a request for records shall be a violation of this chapter and deemed a denial of the request.

- B. The following records are excluded from the provisions of this chapter but may be disclosed by the custodian in his discretion, except where such disclosure is prohibited by law:
- 1. Memoranda, correspondence, evidence and complaints related to criminal investigations; adult arrestee photographs when necessary to avoid jeopardizing an investigation in felony cases until such time as the release of such photograph will no longer jeopardize the investigation; reports submitted to the state and local police, to investigators authorized pursuant to § 53.1-16 and to the campus police departments of public institutions of higher education as established by Chapter 17 (§ 23-232 et seq.) of Title 23 in confidence; portions of records of local government crime commissions that would identify individuals providing information about crimes or criminal activities under a promise of anonymity; records of local police departments relating to neighborhood watch programs that include the names, addresses, and operating schedules of individual participants in the program that are provided to such departments under a promise of confidentiality; and all records of persons imprisoned in penal institutions in the Commonwealth provided such records relate to the imprisonment. Information in the custody of law-enforcement officials relative to the identity of any individual other than a juvenile who is arrested and charged, and the status of the charge or arrest, shall not be excluded from the provisions of this chapter.

Criminal incident information relating to felony offenses shall not be excluded from the provisions of this chapter; however, where the release of criminal incident information is likely to jeopardize an ongoing criminal investigation or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence, such information may be withheld until the above-referenced damage is no longer likely to occur from release of the information.

- 2. Confidential records of all investigations of applications for licenses and permits, and all licensees and permittees made by or submitted to the Alcoholic Beverage Control Board, the State Lottery Department, or the Virginia Racing Commission, or the Charitable Gaming Commission.
- 3. State income, business, and estate tax returns, personal property tax returns, scholastic records and personnel records containing information concerning identifiable individuals, except that such access shall not be denied to the person who is the subject thereof, and medical and mental records, except that such records can be personally reviewed by the subject person or a physician of the subject person's choice; however, the subject person's mental records may not be personally reviewed by such person when the subject person's treating physician has made a part of such person's records a written statement that in his opinion a review of such records by the subject person would be injurious to the subject person's physical or mental health or well-being.

Where the person who is the subject of medical records is confined in a state or local correctional facility, the administrator or chief medical officer of such facility may assert such confined person's right of access to the medical records if the administrator or chief medical officer has reasonable cause to believe that such confined person has an infectious disease or other medical condition from which other persons so confined need to be protected. Medical records shall be reviewed only and shall not be copied by such administrator or chief medical officer. The information in the medical records of a person so confined shall continue to be confidential and shall not be disclosed to any person except the subject by the administrator or chief medical officer of the facility or except as provided by law.

For the purposes of this chapter such statistical summaries of incidents and statistical data concerning patient abuse as may be compiled by the Commissioner of the Department of Mental Health, Mental Retardation and Substance Abuse Services shall be open to inspection and releasable as provided in subsection A of this section. No such summaries or data shall include any patient-identifying information. Where the person who is the subject of scholastic or medical and mental records is under the age of eighteen, his right of access may be asserted only by his guardian or his parent, including a noncustodial parent, unless such parent's parental rights have been terminated or a court of competent jurisdiction has restricted or denied such access. In instances where the person who is the subject thereof is an emancipated minor or a student in a state-supported institution of higher education, such right of access may be asserted by the subject person.

4. Memoranda, working papers and correspondence (i) held by or requested from members of the General Assembly or the Division of Legislative Services or (ii) held or requested by the Office of the

HB2041H1 14 of 31

Governor or Lieutenant Governor, Attorney General or the mayor or other chief executive officer of any political subdivision of the Commonwealth or the president or other chief executive officer of any state-supported institution of higher education. This exclusion shall not apply to memoranda, studies or other papers held or requested by the mayor or other chief executive officer of any political subdivision which are specifically concerned with the evaluation of performance of the duties and functions of any locally elected official and were prepared after June 30, 1992 nor shall this exclusion apply to agenda packets prepared and distributed to public bodies for use at a meeting.

Except as provided in § 30-28.18, memoranda, working papers and correspondence of a member of the General Assembly held by the Division of Legislative Services shall not be released by the Division without the prior consent of the member.

- 5. Written opinions of the city, county and town attorneys of the cities, counties and towns in the Commonwealth and any other writing protected by the attorney-client privilege.

- 8. Library records which can be used to identify both (i) any library patron who has borrowed material from a library and (ii) the material such patron borrowed.
- 9. Any test or examination used, administered or prepared by any public body for purposes of evaluation of (i) any student or any student's performance, (ii) any employee or employment seeker's qualifications or aptitude for employment, retention, or promotion, or (iii) qualifications for any license or certificate issued by any public body.

As used in this subdivision 9, "test or examination" shall include (i) any scoring key for any such test or examination, and (ii) any other document which would jeopardize the security of such test or examination. Nothing contained in this subdivision 9 shall prohibit the release of test scores or results as provided by law, or limit access to individual records as is provided by law. However, the subject of such employment tests shall be entitled to review and inspect all documents relative to his performance on such employment tests.

When, in the reasonable opinion of such public body, any such test or examination no longer has any potential for future use, and the security of future tests or examinations will not be jeopardized, such test or examination shall be made available to the public. However, minimum competency tests administered to public school children shall be made available to the public contemporaneously with statewide release of the scores of those taking such tests, but in no event shall such tests be made available to the public later than six months after the administration of such tests.

- 10. Applications for admission to examinations or for licensure and scoring records maintained by the Department of Health Professions or any board in that department on individual licensees or applicants. However, such material may be made available during normal working hours for copying, at the requester's expense, by the individual who is the subject thereof, in the offices of the Department of Health Professions or in the offices of any health regulatory board, whichever may possess the material.
- 11. Records of active investigations being conducted by the Department of Health Professions or by any health regulatory board in the Commonwealth.
- 12. Memoranda, legal opinions, working papers and records recorded in or compiled exclusively for executive or closed meetings lawfully held pursuant to § 2.1-344.

- 16. Vendor proprietary information software which may be in the official records of a public body. For the purpose of this section, "vendor proprietary software" means computer programs acquired from a vendor for purposes of processing data for agencies or political subdivisions of the Commonwealth.
- 17. Data, records or information of a proprietary nature produced or collected by or for faculty or staff of state institutions of higher learning, other than the institutions' financial or administrative records, in the conduct of or as a result of study or research on medical, scientific, technical or scholarly issues, whether sponsored by the institution alone or in conjunction with a governmental body or a private concern, where such data, records or information has not been publicly released, published, copyrighted or patented.
- 18. Financial statements not publicly available filed with applications for industrial development financings.

- 19. Lists of registered owners of bonds issued by a political subdivision of the Commonwealth, whether the lists are maintained by the political subdivision itself or by a single fiduciary designated by the political subdivision.

- 26. Fisheries data which would permit identification of any person or vessel, except when required by court order as specified in § 28.2-204.
- 27. Records of active investigations being conducted by the Department of Medical Assistance Services pursuant to Chapter 10 (§ 32.1-323 et seq.) of Title 32.1.

§ 18.2-340.43. Sale of raffle tickets; drawings. An organization which has obtained a permit under this article to conduct a raffle may sell raffle tickets both in and out of the jurisdiction issuing the permit and may conduct its drawing either in the jurisdiction in which a majority of the tickets were sold or in the jurisdiction issuing the permit, except that pull-tabs or seal cards as defined in § 18.2-340.39 used as part of a raffle may be sold only upon the premises owned or exclusively leased by such organization and at such times as it is not open to the public, except to members and their guests.

§ 18.2-340.44. Conduct of bingo games; special permits.

A. A qualified organization shall accept only cash or, at its option, checks in payment of any charges or assessments for players to participate in bingo games. However, no organization shall accept postdated checks in payment of any charges or assessments for players to participate in bingo games.

No organization or any person on the premises shall extend lines of credit or accept any credit or debit card or other electronic fund transfer in payment of any charges or assessments for players to

participate in bingo.

- B. Bingo games may be held by qualified organizations no more frequently than two calendar days in any calendar week.
- C. A special permit may be granted an organization which entitles it to conduct more frequent operation of bingo games during carnivals, fairs and other similar events which are located in the jurisdiction issuing the permit and which are not in violation of any local zoning ordinance.

§ 18.2-340.45. Conduct of instant bingo.

- A. Any organization qualified to conduct bingo games pursuant to the provisions of this article is authorized to play instant bingo as a part of such bingo game and only at such location and at such times as are specified in the bingo application permit for regular bingo games.
- B. Any organization playing instant bingo shall maintain a record of the date, quantity and card value of instant bingo supplies purchased as well as the name and address of the supplier of such instant bingo supplies. The organization shall also maintain a written invoice or receipt from a nonmember of the organization verifying any information required by this subsection. Instant bingo supplies shall be paid for only by check drawn on an account of the organization.
 - D. No organization shall sell an instant bingo card to any individual below eighteen years of age.

§ 18.2-340.46. Joint operation of bingo games; written reports; special permit required.

A. Any two qualified organizations may jointly organize and conduct bingo games provided both have fully complied with all other provisions of this article.

B. Any two qualified organizations jointly conducting bingo games shall (i) be subject to the same restrictions and prohibitions contained in this article that would apply to a single organization conducting bingo games and (ii) furnish the local governing body of the jurisdiction where such games will be held a written report setting forth the division of manpower, costs, and proceeds for each game to be jointly conducted.

Upon a finding that the division of manpower and costs for each game bears a reasonable relationship to the division of proceeds, the local governing body shall issue a special permit for the joint conduct of all approved bingo games.

C. No bingo game shall be jointly conducted until the special permit issued pursuant to Subsection B is obtained by the organization involved for that bingo game.

§ 18.2-340.47. Reports of gross receipts and disbursements required; form of reports; failure to file.

A. Complete records of all receipts and disbursements shall be kept and filed annually under oath with the local official designated by the local governing body. The annual or quarterly financial report and other items required to be filed under this section shall be a matter of public record. All accountings shall be made on or before December 1 of each calendar year for which a permit has been issued. Any organization whose gross receipts exceed \$50,000 during any calendar quarter shall file an additional accounting of its receipts and disbursements during such quarter no later than sixty days following the last day of the quarter.
