

1997 SESSION

INTRODUCED

971353487

HOUSE BILL NO. 2825

Offered January 20, 1997

A BILL to amend and reenact § 32.1-126.3 of the Code of Virginia, relating to fire suppression systems in hospitals.

Patrons—Weatherholtz, Crouch, Davies, Mims, Orrock and Purkey

Referred to Committee on Health, Welfare and Institutions

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-126.3 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-126.3. Fire suppression systems required in hospitals.

After January 1, 1998, the Commissioner shall not issue a license to or renew the license of any hospital, regardless of when such facility was constructed, unless the hospital is equipped with an automatic sprinkler system which complies with the regulations of the Board of Housing and Community Development.

The Commissioner may, at his discretion, extend the time for compliance with this section for any hospital that can demonstrate (i) its inability to comply, if such hospital submits, prior to January 1, 1998, a plan for compliance by a date certain which shall be no later than July 1, 1998; or (ii) that construction is underway for a new facility to house the services currently located in the noncomplying facility and that such construction will be completed and the noncomplying facility relocated by December 31, 1998.

The provisions of Article 1.1 (§ 32.1-102.1 et seq.) of Chapter 4 of this title shall not apply to expenditures required solely for compliance with this section.

For the purposes of this section and § 36-99.9:1, "automatic sprinkler system" means a device for suppressing fire in patient rooms and other areas of the hospital customarily used for patient care.
