HOUSE BILL NO. 1160

Offered January 26, 1998

A BILL to amend and reenact § 33.1-23.2 of the Code of Virginia, relating to allocation of funds for primary system highway construction and interstate matching requirements.

Patrons—McClure, Callahan and Devolites

Referred to Committee on Transportation

Be it enacted by the General Assembly of Virginia:

1. That § 33.1-23.2 of the Code of Virginia is amended and reenacted as follows:

§ 33.1-23.2. Allocation of construction funds for primary system and interstate match.

A. The Commonwealth Transportation Board shall allocate such funds as are available under § 33.1-23.1 B 1 to the primary system of state highways, including the arterial network, for construction and shall apportion such funds among the nine construction districts so that each construction district shall be allocated a share of such funds equal to the proportion that such construction district bears to the Commonwealth as a whole in terms of: vehicle-miles traveled on the primary system, primary road lane mileage and a primary road need factor which adjusts the weights in the allocation formula for the construction district with the largest under-allocation relative to primary needs, with vehicle-miles traveled weighted ~~seventy~~ *sixty-five* percent, primary road lane mileage weighted ~~twenty-five~~ *twenty* percent, *density of use weighted ten percent*, and the primary road need factor weighted five percent, *provided, however, that no construction district shall be allocated any less than its allocation under this section for fiscal year 1996-97.*

B. Out of each district's total allocation of primary funds pursuant to *subdivision* 1 of subsection B of § 33.1-23.1, the Board shall allocate all needed interstate federal-aid matching funds, up to a maximum of twenty-five percent of the district's primary allocation. Any additional interstate federal-aid matching funds needed in a district shall be allocated by the Board from the Interstate Federal-Aid Matching Fund established in § 33.1-23.1:2.

C. Notwithstanding subsection A of this section, the Board may provide for exceptionally heavy expenditures for repairs or replacements made necessary by highway damage resulting from accidents, severe weather conditions, acts of God or vandalism.

D. Such funds allocated to the primary system shall, as far as possible, be allotted prior to the commencement of the fiscal year and public announcement made of such allotment but the Board shall not approve such allotment until after a public hearing at which political subdivisions of the Commonwealth and interested citizens may be heard.

In any case where any allotment of funds is made under this subsection to any county, all or a part of which subsequently is incorporated as or into a city or town, such allocation shall not be impaired thereby and the funds so allocated shall be expended as if such county or any part thereof had never become an incorporated city, but that portion of such city shall not be eligible to receive funds as a city during the same year it receives the funds allocated as a county or as any part of a county.
