

1 VIRGINIA ACTS OF ASSEMBLY — CHAPTER

2 *An Act to direct the State Water Control Board to petition the Administrator of the United States*
3 *Environmental Protection Agency to approve the designation of Smith Mountain Lake as a*
4 *no-discharge zone for boat sewage.*

5 [S 328]

6 Approved

7 Whereas, Smith Mountain Lake was recently approved as a safe source for public drinking water;
8 and

9 Whereas, prohibiting the discharge of sewage from boats would improve water quality in Smith
10 Mountain Lake; and

11 Whereas, Section 312 of the federal Clean Water Act (33 U.S.C. § 1322) provides that a "State may
12 completely prohibit the discharge from all vessels of any sewage, whether treated or not, into [any]
13 waters, except that no such prohibition shall apply until the Administrator determines that adequate
14 facilities for the safe and sanitary removal and treatment from all vessels are reasonably available for
15 such water to which such prohibition would apply"; now, therefore,

16 **Be it enacted by the General Assembly of Virginia:**

17 **1. § 1.** *That the State Water Control Board shall petition the Administrator of the United States*
18 *Environmental Protection Agency to approve the designation of Smith Mountain Lake as a no-discharge*
19 *zone for boat sewage. If such approval is granted, the Board shall prohibit the discharge from all*
20 *vessels of any sewage into Smith Mountain Lake.*
