If the contract seller will not be furnishing the supplies and services to the purchaser, the contract seller must attach to the preneed funeral contract a copy of the seller's agreement with the provider.

B. If a life insurance or annuity contract is used to fund the preneed funeral contract, the life insurance or annuity contract shall provide either that the face value thereof shall be adjusted annually by a factor equal to the Consumer Price Index as published by the Office of Management and Budget of the United States, or a benefit payable at death under such contract that will equal or exceed the sum of all premiums paid for such contract plus interest or dividends, which for the first fifteen years shall be compounded annually at a rate of at least five percent. what occurs and whether any entitlements or obligations arise if there is a difference between the proceeds of the life insurance policy or annuity contract and the amount actually needed to fund the preneed contract.

C. When the consideration consists in whole or in part of any real estate, the contract shall be recorded as an attachment to the deed whereby such real estate is conveyed, and the deed shall be recorded in the clerk's office of the circuit court of the city or county in which the real estate being conveyed is located.

D.
