6 **Be it enacted by the General Assembly of Virginia:**7 **1. That § 58.1-3245.1 of the Code of Virginia is amended and reenacted as follows:**

8 § 58.1-3245.1. Blighted areas constitute public danger; promotion of economic development.

9 It is hereby found and declared that blighted areas exist in the Commonwealth, and these areas  
10 impair economic values and tax revenues, and endanger the health, safety, morals and welfare of the  
11 citizens because commercial, residential and industrial structures are subject to dilapidation, deterioration,  
12 inadequate ventilation, and inadequate public utilities. It is also found to be in the public interest to  
13 promote the commerce and prosperity of the citizens of the Commonwealth by providing public  
14 facilities, including but not limited to, roads, water, sewers, ~~and~~ parks, *and real estate devoted to*  
15 *open-space use as that term is defined in § 58.1-3230* in development project areas to encourage the  
16 development of such areas. Local governments should encourage private investment in development  
17 project areas in order to enhance the real estate tax base of such areas and, where appropriate, to  
18 eliminate blighted conditions. It is essential to the public interest that governing bodies have authority to  
19 finance development project costs by using real estate tax increments to encourage private investment in  
20 development project areas.
