46 § 63.1-332. Caregivers Grant Program established.

47 A. From January 1, 2000, through December 31, 2005, any caregiver who provides care for a
 48 mentally or physically impaired relative shall be eligible to receive an annual caregivers grant in the
 49 amount of \$500. The grants under this chapter shall be paid from the Fund, as provided in this chapter,
 50 to the caregiver during the calendar year immediately following the calendar year in which the care for
 51 a mentally or physically impaired relative was provided. The total amount of grants to be paid under
 52 this chapter for any year shall not exceed the amount appropriated by the General Assembly to the
 53 Fund for payment to caregivers for such year.

54 B. Only one grant shall be allowed annually for each mentally or physically impaired relative
 55 receiving care under the provisions of this section. Multiple caregivers providing care to the same
 56 mentally or physically impaired relative shall be eligible to file a joint application in which they

57 allocate the \$500 grant as mutually agreed.

58 C. The mentally or physically impaired relative being cared for may live in the caregiver's home or
 59 in his own home but shall not be receiving Medicaid-reimbursed community long-term care services,
 60 other than on a temporary or periodic basis, or living in a nursing home or other assisted living facility
 61 where assistance with ADLs is already provided and the cost of such assistance is included in the
 62 monthly bill or rental fee.

63 § 63.1-333. Virginia Caregivers Grant Fund established.

64 There is hereby established a special fund in the state treasury to be known as the Virginia
 65 Caregivers Grant Fund, which shall be administered by the Department. The Fund shall include such
 66 moneys as may be appropriated by the General Assembly from time to time and designated for the
 67 Fund. For fiscal year 2000-2001, such sum shall not exceed \$1.4 million. The Fund shall be used solely
 68 for the payment of grants to caregivers pursuant to this chapter. Unallocated moneys in the Fund in any
 69 year shall remain in the Fund and be available for allocation for grants under this chapter in ensuing
 70 fiscal years.

71 § 63.1-334. Grant application process; administration.

72 A. Grant applications shall be submitted by caregivers to the Department between February 1 and
 73 May 1 of the year following the calendar year in which the care for a mentally or physically impaired
 74 relative was provided. Failure to meet the application deadline shall render the caregiver ineligible to
 75 receive a grant for care provided during such calendar year. For filings by mail, the postmark
 76 cancellation shall govern the date of the filing determination.

77 B. Applications for grants shall include (i) proof of the caregiver's income; (ii) certification by the
 78 private physician who has screened the mentally or physically impaired relative and found him to be
 79 eligible, in accordance with relevant state regulations, for placement in an assisted-living facility or a
 80 nursing home or for receiving community long-term care services; (iii) the mentally or physically
 81 impaired relative's place of residence; and (iv) such other relevant information as the Department may
 82 reasonably require. Any caregiver applying for the grant pursuant to this chapter shall affirm, by
 83 signing and submitting his application for a grant, that the mentally or physically impaired relative for
 84 whom he provided care and the care provided meet the criteria set forth in this chapter. As a condition
 85 of receipt of a grant, a caregiver shall agree to make available to the Department for inspection, upon
 86 request, all relevant and applicable documents to determine whether the caregiver meets the
 87 requirements for the receipt of grants as set forth in this chapter, and to consent to the use by the
 88 Department of all relevant information relating to eligibility for the requested grant.

89 C. The Department shall review applications for grants and determine the amount of the grant to be
 90 allocated to each caregiver. The Department shall allocate moneys in the following order of priority: (i)
 91 first, to unpaid grant amounts carried forward from prior years because caregivers did not receive the
 92 full amount of any grant to which they were eligible in a prior year and (ii) then to other eligible
 93 applicants. If the moneys in the Fund are less than the amount of grants to which applicants in any
 94 class of priority are eligible, the moneys in the Fund shall be apportioned among eligible applicants in
 95 such class pro rata, based upon the amount of the grant for which an applicant is eligible and the
 96 amount of money in the Fund available for allocation to such class.

97 D. If a caregiver is allocated less than the full amount of a grant for which he is eligible in any
 98 year, the caregiver shall not be eligible for the deficiency in that year, but the unpaid portion of the
 99 grant to which the caregiver was eligible shall be carried forward by the Department to the following
 100 year, during which it shall be in the first class of priority as provided in subsection C. A caregiver shall
 101 have no claim against the Commonwealth with respect to any grant authorized by this chapter.

102 E. The Department shall certify to the Comptroller the amount of grant to be allocated to eligible
 103 caregiver applicants. Payments shall be made by check issued by the State Treasurer on warrant of the
 104 Comptroller. The Comptroller shall not draw any warrants to issue checks for this program without a
 105 specific legislative appropriation as specified in conditions and restrictions on expenditures in the
 106 appropriation act.

107 F. Actions of the Department relating to the review, allocation and awarding of grants shall be
 108 exempt from the provisions of the Administrative Process Act (§ 9-6.14:1 et seq.) pursuant to subdivision
 109 B 4 of § 9-6.14:4.1. Decisions of the Department shall be final and not subject to review or appeal.

110 § 63.1-335. Confidentiality of information.

111 Except in accordance with proper judicial order or as otherwise provided by law, any employee or
 112 former employee of the Department shall not divulge any information acquired by him in the
 113 performance of his duties with respect to the income or grant eligibility of any caregiver submitted
 114 pursuant to this chapter. The provisions of this section shall not be applicable to (i) acts performed or
 115 words spoken or published in the line of duty under law; (ii) inquiries and investigations to obtain
 116 information as to the implementation of this chapter by a duly constituted committee of the General
 117 Assembly, or when such inquiry or investigation is relevant to its study, provided that any such

118 *information shall be privileged; or (iii) the publication of statistics so classified as to prevent the*
119 *identification of particular caregivers.*
