## **HOUSE JOINT RESOLUTION NO. 162**

Offered January 26, 1998

Proposing an amendment to Section 8 of Article X of the Constitution of Virginia, relating to limits on taxes and revenues and the Revenue Stabilization Fund.

Patron—Cranwell

## Referred to Committee on Rules

10 RESOLVED by the House of Delegates, the Senate concurring, a majority of the members elected to 11 each house agreeing, That the following amendment to the Constitution of Virginia be, and the same hereby is, proposed and referred to the General Assembly at its first regular session held after the next 12 general election of members of the House of Delegates for its concurrence in conformity with the 13 provisions of Section 1 of Article XII of the Constitution of Virginia, namely: 14 15

Amend Section 8 of Article X of the Constitution of Virginia as follows:

ARTICLE X

## TAXATION AND FINANCE

Section 8. Limit of tax or revenue. 18

No other or greater amount of tax or revenues shall, at any time, be levied than may be required for 19 20 the necessary expenses of the government, or to pay the indebtedness of the Commonwealth.

21 The General Assembly shall establish the Revenue Stabilization Fund. The Fund shall consist of an 22 amount not to exceed the lesser of (i) six hundred million dollars or (ii) ten percent of the 23 Commonwealth's average annual tax revenues derived from taxes on income and retail sales as certified 24 by the Auditor of Public Accounts for the three fiscal years immediately preceding. The Auditor of 25 Public Accounts shall compute the ten percent limitation of such fund annually and report to the General Assembly not later than the first day of December. The clause (i) limitation amount shall increase by 26 27 one hundred million dollars effective on July one, two thousand eleven, and every tenth year thereafter 28 unless the General Assembly by law enacted at its regular session in that year waives the increase. The 29 law to waive the increase shall require passage by at least a two-thirds vote of all members present in 30 each house, which two-thirds shall include a majority of the members elected to that house.

31 "Certified tax revenues" means the Commonwealth's annual tax revenues derived from taxes on 32 income and retail sales as certified by the Auditor of Public Accounts.

The General Assembly shall make deposits to the Fund to equal at least fifty percent of the product 33 34 of the certified tax revenues collected in the most recently ended fiscal year times the difference 35 between the annual percentage increase in the certified tax revenues collected for the most recently 36 ended fiscal year and the average annual percentage increase in the certified tax revenues collected in 37 the six fiscal years immediately preceding the most recently ended fiscal year. However, growth in 38 certified tax revenues, which is the result of either increases in tax rates on income or retail sales or the 39 repeal of exemptions therefrom, may be excluded, in whole or in part, from the computation 40 immediately preceding for a period of time not to exceed six calendar years from the calendar year in 41 which such tax rate increase or exemption repeal was effective. Additional appropriations may be made at any time so long as the ten percent limitation established herein is not exceeded. All interest earned 42 43 on the Fund shall be part thereof; however, if the Fund's balance exceeds the limitation, the amount in excess of the limitation shall be paid into the general fund after appropriation by the General Assembly. 44

The General Assembly may appropriate an amount for transfer from the Fund to compensate for no 45 more than one-half of the difference between the total general fund revenues appropriated and a revised 46 47 general fund revenue forecast presented to the General Assembly prior to or during a subsequent regular or special legislative session. However, no transfer shall be made unless the general fund revenues **48** appropriated exceed such revised general fund revenue forecast by more than two percent of certified tax 49 revenues collected in the most recently ended fiscal year. Furthermore, no appropriation or transfer from 50 such fund in any fiscal year shall exceed more than one-half of the balance of the Revenue Stabilization 51 52 Fund. The General Assembly may enact such laws as may be necessary and appropriate to implement

53 the Fund.
