Except for improvements as provided in subsection E, such policies shall require a clerk to submit to the Compensation Board a written certification from the Department of Technology Planning that the clerk's proposed technology improvements will be compatible with a system to provide statewide remote access to land records in accordance with the recommendations of JLARC and the Task Force on Land Records Management (the Task Force) established by the Department of Technology Planning.

D. Such fee shall not be assessed to any instrument to be recorded in the deed books nor any judgment to be docketed in the judgment lien docket books tendered by any federal, state or local government.

E. Notwithstanding any other provisions of this chapter, each circuit court clerk may apply to the Compensation Board for an allocation from the Technology Trust Fund for automation and technology improvements for any one or more of the following: (i) equipment and services to convert paper, microfilm, or similar documents to a digital image format, (ii) the conversion of information into a format which will accommodate remote access, and (iii) the law and chancery division of his office. F. Information regarding the technology programs adopted by the circuit court clerks shall be shared with the Department of Information Technology, The Library of Virginia, and the Office of the Executive Secretary of the Supreme Court.

G. Nothing in this section shall be construed to diminish the duty of local governing bodies to furnish supplies and equipment to the clerks of the circuit courts pursuant to § 15.2-1656. Revenue raised as a result of this section shall in no way supplant current funding to circuit court clerks' offices by local governing bodies.

H. The provisions of this section shall expire on July 1, 2002.
