

2001 SESSION

INTRODUCED

019111856

HOUSE BILL NO. 2706

Offered January 17, 2001

A BILL to amend and reenact § 46.2-1156 of the Code of Virginia, relating to covers used to keep vehicle loads from escaping.

Patrons—Morgan, Albo and McQuigg

Referred to Committee on Transportation

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-1156 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-1156. Construction, maintenance and loading must prevent escape of contents; load covers; exemptions.

A. No vehicle shall be operated or moved on any highway unless it is so constructed, maintained, and loaded as to prevent its contents from dropping, sifting, leaking, or otherwise escaping. No provision of this section, however, shall apply to any (i) motor vehicle that is used exclusively for agricultural purposes as provided in § 46.2-698 and is not licensed in any other state; (ii) agricultural vehicle, tractor, or other vehicle exempted from registration and licensing requirements pursuant to Article 6 (§ 46.2-662 et seq.) of Chapter 6 of this title; or (iii) motor vehicle transporting forest products, poultry, or livestock.

B. The loads of all trucks, trailers and semitrailers carrying gravel, sand, coal or other nonagricultural and nonforestry products on interstate, primary, or secondary highways or roads maintained by cities, counties or incorporated towns shall be either (i) secured to the vehicle in which they are being transported or (ii) covered. *Covers used to prevent the escape of material from commercial vehicles used to transport solid waste shall be constructed of material of sufficient size, weight, and density to contain all of the vehicle's cargo within the vehicle, regardless of the vehicle's speed or weather conditions.* Public service company vehicles, pickup trucks, and emergency snow removal equipment while engaged in snow removal operations shall be excluded from the provisions of this subsection.
