**3. Committee** Agriculture, Chesapeake and Natural Resources

**4. Title** Tributyltin numerical effluent limitations

**5. Summary/Purpose:** The bill would require the State Water Control Board to establish schedules requiring compliance on and after January 1, 2008, with numerical effluent limitations for tributyltin. The Board may not assess any penalty prior to January 1, 2008 relating to numerical effluent limitations for tributyltin. The bill also provides that beginning January 1, 2008, the Department of Environmental Quality must assess all penalties and pursue all remedies available under law for violations of any numerical effluent limitation for tributyltin. In addition, the bill requires that the Department of Environmental Quality report by September 15 of 2004, 2006, and 2008 on the progress in developing a reliable treatment technology for the removal of tributyltin from wastewaters.

**6. Fiscal impact:** See Item 8.

**7. Budget amendment necessary:** No.

**8. Fiscal implications:** There would be no significant costs to the Department of Environmental Quality associated with implementation of this legislation in either the next biennium or future biennia, and any additional costs could be funded from existing resources.

**9. Specific agency or political subdivisions affected:** Department of Environmental Quality.

**10. Technical amendment necessary:** Yes.
