SB859

59 having taxable income from business activity both within and without the enterprise zone shall allocate  
60 and apportion its Virginia taxable income attributable to the conduct of business as follows:

61 1. The portion of a qualified business firm's Virginia taxable income allocated and apportioned to  
62 business activities within an enterprise zone shall be determined by multiplying its Virginia taxable  
63 income by a fraction, the numerator of which is the sum of the property factor and the payroll factor,  
64 and the denominator of which is two.

65 a. The property factor is a fraction. The numerator is the average value of real and tangible personal  
66 property of the business firm which is used in the enterprise zone. The denominator is the average value  
67 of real and tangible personal property of the business firm used everywhere in the Commonwealth.

68 b. The payroll factor is a fraction. The numerator is the total amount paid or accrued within the  
69 enterprise zone during the taxable period by the business firm for compensation. The denominator is the  
70 total compensation paid or accrued everywhere in the Commonwealth during the taxable period by the  
71 business firm for compensation.

72 2. The property factor and the payroll factor shall be determined in accordance with the procedures  
73 established in §§ 58.1-409 through 58.1-413 for determining the Virginia taxable income of a  
74 corporation having income from business activities which is taxable both within and without the  
75 Commonwealth, mutatis mutandis.

76 3. If a qualified business firm believes that the method of allocation and apportionment hereinbefore  
77 prescribed as administered has operated or will operate to allocate or apportion to an enterprise zone a  
78 lesser portion of its Virginia taxable income than is reasonably attributable to business conducted within  
79 the enterprise zone, it shall be entitled to file with the Department of Taxation a statement of its  
80 objections and of such alternative method of allocation or apportionment as it believes to be appropriate  
81 under the circumstances with such detail and proof and within such time as the Department of Taxation  
82 may reasonably prescribe. If the Department of Taxation concludes that the method of allocation or  
83 apportionment employed is in fact inequitable or inapplicable, it shall redetermine the taxable income by  
84 such other method of allocation or apportionment as best seems calculated to assign to an enterprise  
85 zone the portion of the qualified business firm's Virginia taxable income reasonably attributable to  
86 business conducted within the enterprise zone.

87 **2. That the provisions of this act shall be effective for taxable years beginning on and after**  
88 **January 1, 2003.**
