4. Title Cathoderay tube recycling program.

5. Summary/Purpose:

Cathoderay tube recycling program. Requires the Waste Management Board to adopt regulations to provide for a cathoderay tube special wastes recycling program, which shall be operational no later than July 1, 2004, and for enforcement of such program. The program shall include the disposal and recycling of cathoderay tubes. Beginning July 1, 2004, the bill bans the disposal of cathoderay tubes in landfills, municipal solid waste landfills or incinerators, or mixed municipal solid waste and only allows disposal of cathoderay tubes in accordance with the Department's regulations. For purposes of this bill, "cathoderay tube" means an intact glass tube used to provide the visual display in televisions, computer monitors, oscilloscopes and similar scientific equipment, but does not include the other components of an electronic product containing a cathoderay tube even if the product and the cathoderay tube are disassembled.

6. No Fiscal Impact See Item 8.

7. Budget amendment necessary: No.

8. Fiscal implications: The Department of Environmental Quality can accomplish the requirements of the legislation with its existing resources.

9. Specific agency or political subdivisions affected: Department of Environmental Quality; all localities owning or operating municipal solid waste facilities.

10. Technical amendment necessary: No.

11. Other comments: None.
