If the dental plan organization fails to comply with the Commission's order within a period of not more than 90 days, the Commission may suspend or revoke the license of the dental plan organization.

674 10. A provision that reads substantially as follows, if the contract requires use of a plan dentist:
675 "If during the term of this contract none of the plan dentists can render necessary care and
676 treatment to the enrollee due to circumstances not reasonably within the control of the dental plan
677 organization, such as complete or partial destruction of facilities, war, riot, civil insurrection, labor
678 disputes, or the disability of a significant number of the plan dentists, then the enrollee may seek
679 treatment from an independent licensed dentist of his own choosing. The dental plan organization will
680 pay the enrollee for the expenses incurred for the dental services with the following limitations: The
681 dental plan organization will pay the enrollee for services that are listed in the patient charge schedule
682 as "No Charge," to the extent that such fees are reasonable and customary for dentists in the same
683 geographic area; the dental plan organization will also pay the enrollee for those services listed in the
684 contract for which there is a copayment, to the extent that the reasonable and customary fees for such
685 services exceed the copayment for such services as set forth in the contract. The enrollee may be
686 required to give written proof of loss.";

694 in progress at the time of termination, provided the treatment requires two or more visits to the dentist's
695 office on separate days as certified by the treating dentist.

696 2. The extension of benefits shall be, at a minimum, for all types of dental care other than
697 orthodontics, until the completion of the procedure.

698 3. For orthodontics, the extension of benefits will be at least 60 days if the orthodontist has agreed
699 to or is receiving monthly payments when coverage terminates, or if the orthodontist has agreed to
700 accept or is receiving payments on a quarterly basis, to the end of the quarter in progress or 60 days,
701 whichever is longer.

702 4. An extension of benefits is not required if termination is due solely to the failure of the enrollee to
703 pay the subscription fee or premium when the enrollee is otherwise eligible to continue coverage under
704 the dental benefit contract.

705 § 38.2-6106. Optional provisions.

706 Dental benefit contracts may contain the following provisions:

707 1. A provision including the dental plan organization's intention to charge a specified missed
708 appointment fee. The fee shall be reasonable in relation to the nature of the procedure for which the
709 missed appointment had been made. Neither the plan dentist nor the dental plan organization may
710 charge a missed appointment fee unless this provision appears in the dental benefit contract. For
711 purposes of this section, the term "missed appointment" means an appointment for which advance
712 cancellation of at least 24 hours was not provided.

713 2. A provision including the dental plan organization's ability to increase premiums or subscription
714 fees, with this provision indicating that these fees may not be increased unless:

715 a. The contract holder has been given written notice at least 60 days before the effective date of the
716 increase; and

717 b. In the case of:

718 (i) An individual contract, present rates [under the contract] have not been changed for at least
719 12 months,

720 (ii) A group contract, present rates under the contract have been in effect for at least 12 months.

721 3. A provision including the dental plan organization's intention to impose a financial penalty on an
722 enrollee for voluntarily withdrawing from the dental plan during the first year of coverage, which
723 penalty may not:

724 a. Be charged if the enrollee withdraws from the dental plan after being covered for at least 12
725 months; or

726 b. Exceed the usual, customary, and reasonable charge for services received reduced by the sum of
727 the subscription fees paid by or for the enrollee and any copayments paid by or for the enrollee.

728 4. A provision including the dental plan organization's ability to increase the patient charge
729 schedule, with the provision indicating that the increase may not be effective unless the:

730 a. Present schedule [under the contract] has been in effect for at least 12 months; and

731 b. Contract holder has been given written notice of the increase at least 60 days before the effective
732 date of the increase.

733 5. A provision including the dental plan organization's rights if an enrollee refuses to follow a
734 particular course of treatment. The dental plan organization may not terminate the membership of an
735 enrollee for refusal to follow a recommended course of treatment for a particular condition. The

provision may indicate that the dental plan organization may refuse to provide any further benefits for the particular condition if the enrollee refuses to accept a recommended course of treatment.

6. A provision including the dental plan organization's rights if an enrollee fraudulently uses his membership card or knowingly permits his membership card to be used by others. The dental plan organization may terminate an enrollee's coverage if the enrollee fraudulently uses his membership card or knowingly permits his membership card to be used by others. The dental plan organization may not terminate coverage for an entire family because a dependent fraudulently uses the membership card. In this instance, only the dependent's coverage may terminate.

7. A provision specifying that the dental plan organization may terminate an enrollee's coverage if the enrollee is unable to maintain a satisfactory dentist-patient relationship with a plan dentist, provided, however:

a. Before terminating the enrollee's coverage, the dental plan organization shall permit the enrollee to change primary dentists at least once;

b. The enrollee shall be given written notice of the termination at least 30 days before the termination of the enrollee's membership.

8. If the contract provides coverage for dependent children, the contract shall also contain the following provision:

"Notwithstanding any limiting age stated in the contract, any unmarried child covered under the contract as a dependent of an enrollee who is chiefly dependent for support upon the enrollee, and who, at the time of reaching the limiting age, is incapable of self-support because of mental or physical incapacity that commenced prior to the child's attaining the limiting age, shall continue to be covered under the contract while remaining so dependent, unmarried, and mentally or physically incapacitated, until the coverage on the enrollee upon whom the child is dependent terminates."

§ 38.2-6107. Grace period requirements.

The contract holder shall be given a 31-day grace period for the payment of any premium falling due after the first premium during which coverage remains in effect. If payment is not received within the 31 days, coverage may be cancelled after the thirty-first day and the contract holder may be held liable for the payment of the premium for the period of time coverage remained in effect during the grace period.

§ 38.2-6108. Plan dentist contracts.

Each contract with a plan dentist shall contain the following provisions:

1. A provision requiring the plan dentist to make an initial commitment to the plan of at least 12 months. The plan dentist may not terminate the contract during this 12-month period unless the plan dentist becomes unavailable during that initial time for reasons beyond the control of the dental plan organization or the plan dentist.

2. A hold harmless clause that satisfies the requirements of subdivision C 9 of § 38.2-5805.

3. A provision specifying when the contract becomes effective.

4. A provision specifying the date the contract terminates.

5. A provision specifying the renewal terms.

6. A provision specifying the services the plan dentist shall supply the enrollees, stating that:

a. The plan dentist shall supply services to enrollees in exchange for the copayments specified in the dental benefit contract while the plan dentist's contract with the dental plan organization is in force; and

b. If an enrollee is receiving treatment when the contract terminates, the plan dentist shall continue to provide dental services to complete the procedure in progress for at least 60 days as if the contract with the dental plan organization continued to be in force.

§ 38.2-6109. Delivery of contract forms.

The dental plan organization:

1. Shall provide a written dental benefit contract to each group contract holder within 15 days of acceptance of the group's application by the dental plan organization;

2. Shall provide a written evidence of coverage to each individual covered under a group dental benefit contract within 15 days of acceptance of the group's application by the dental plan organization; and

3. Shall provide a written dental benefit contract to each individual who applies for individual dental coverage within 15 days of acceptance of the individual's application by the dental plan organization;

§ 38.2-6110. Filing requirements for premium rates and subscription fees.

A. The filing with the Commission of any dental benefit contract or rider or endorsement by a dental plan organization shall be accompanied by the filing of premium rates or subscription fees.

B. A subsequent change in premium rates or subscription fees shall be filed with supporting data at least 30 days before the change is proposed to become effective.

§ 38.2-6111. Examinations.

797 A. The Commission shall examine the affairs of each dental plan organization as provided for in
798 § 38.2-1317.

799 B. Instead of making its own examination, the Commission may accept the report of an examination
800 of a foreign dental plan organization certified by the insurance supervisory official, similar regulatory
801 agency, or the state health commissioner of another state.

802 C. The Commission may coordinate its examinations with the State Health Commissioner to ensure
803 an appropriate level of regulatory oversight and to avoid any undue duplication of effort or regulation.

804 § 38.2-6112. Licensing of agents.

805 Dental benefit contracts may be solicited only through health insurance agents and limited lines life
806 and health agents licensed in accordance with Chapter 18 (§ 38.2-1800 et seq.) of this title. Home office
807 salaried officers whose principal duties and responsibilities do not include the negotiation or solicitation
808 of dental benefit contracts shall not be required to be licensed.

809 § 38.2-6113. Statutory construction and relationship to other laws.

810 [Nothing in this chapter shall be construed to void the application of the other provisions of Title
811 38.2, and the regulations adopted thereunder, that are silent with respect to dental plan organizations
812 but applicable to insurance and insurers. A dental plan organization shall for purposes of each such
813 provision be deemed an insurer and subject to regulation as an insurer unless (i) the statute includes
814 provisions specific to a dental plan organization or other entities licensed to provide coverage of dental
815 services or (ii) the regulation as promulgated by the Commission contemplates exception or modification
816 for insurers based on the size or nature of an insurer's operations. When the application of a statute
817 varies depending on whether the licensee is an insurer authorized to write accident and sickness
818 insurance or an entity licensed to provide coverage of dental services, the provisions of such statute
819 applicable for portions of contracts pertaining to the promise or delivery of services shall apply to the
820 dental plan organization, and the provisions applicable for insurers authorized to write accident and
821 sickness insurance shall be applicable for all other aspects of the dental plan organization's activities,
822 including all operations and any contracts, agreements, or promises concerning the payment of claims,
823 fees, or benefits to any enrollee, subscriber, or contract holder. Except as otherwise expressly provided
824 in this chapter, all other provisions of Title 38.2 applicable to an insurer licensed pursuant to
825 § 38.2-1024 shall apply to dental plan organizations unless such provisions conflict with any provision
826 in this chapter.]
