A. Notwithstanding the Commissioner's discretion to grant licenses pursuant to this chapter or any Board regulation regarding licensing, no initial license shall be granted by the Commissioner to a provider of treatment for persons with opiate addiction through the use of the controlled substance, methadone, or other opioid replacements, if (i) such provider is to be located within one-half mile of a public or private licensed day care center or a public or private K-12 school, except when such service is provided by a hospital licensed by the Board of Health or the Commissioner of the Department of Mental Health, Mental Retardation or Substance Abuse Services or owned or operated by an agency of the Commonwealth, or (ii) such provider is to be located in a county that has not adopted a local zoning ordinance.

B. Further, upon receiving notice of a proposal for or an application to obtain initial licensure from a provider of treatment for persons with opiate addiction through the use of the controlled substance, methadone, or other opioid replacements, the Commissioner shall, within 15 days of such receipt, notify the local governing body of and the community services board serving the jurisdiction in which the facility is to be located of such proposal or application and its proposed location.

Within 30 days of the date of the notice, local governing bodies and community services boards shall submit to the Commissioner comments on such proposals or applications. The local governing body shall notify the Commissioner within 30 days of the date of the notice concerning the compliance of the applicant with this section and any applicable local ordinances.
