Referred to Committee on Transportation

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-2157, 46.2-2158, 46.2-2161, 46.2-2163, 46.2-2170, and 46.2-2173 of the Code of Virginia are amended and reenacted as follows:

§ 46.2-2157. Estimate of charges; penalties; information booklet for shippers.

A. Household goods carriers may, upon request of a shipper, cause to be given to such shipper an estimate of the charges for proposed services in the manner and form specified in this section:

1. The estimate may be made only after a visual inspection of the goods by the estimator or be based upon information furnished to the carrier by the shipper.

2. If a written estimate is furnished, across the top of each form there shall be imprinted, in bold type, the words "ESTIMATED COST OF SERVICES."

3. The name, address and phone number of the carrier providing the estimate must be shown in a legible manner on each estimate form.

4. Imprinted thereunder in regular type shall be words to the effect "IMPORTANT NOTICE: This estimate covers only the articles and services listed. It is not a guarantee that the actual charges will not exceed the amount of the estimate. However, carriers may bind the estimate and guarantee that charges may not exceed the bound estimate except for any accessorial tariff charges incurred at destination that are not known to the carrier until actual delivery of the shipment and a sight survey reveals that additional charges are necessary to effect delivery as published in the carrier's tariff. Household goods carriers are required by law to collect transportation and other incidental charges computed on the basis of rates shown in their lawfully published tariffs, regardless of prior rate quotations or estimates made by the carrier or its agents. Exact charges for loading, transporting and unloading are based upon the weight of the goods transported, and such charges may not be determined prior to the time the goods are loaded on the van and weighed. Charges for additional services will be added to the transportation charges."

5. The original or a true legible copy of each estimate form prepared in accordance with this section may be delivered to the shipper and a copy thereof shall be maintained by the carrier as part of its record of shipment.

B. If the carrier provides a shipper with a written estimate, the carrier will give to the shipper an information booklet that has been approved by the Department and will obtain a receipt therefor from the shipper. Such receipt will become a part of the permanent file of the carrier.

3. True copies of the gross and tare weight tickets shall be attached to the bill of lading as soon as such weight tickets are obtained. If the shipper is present at the weighing, he shall then be given a copy of the gross and tare weight tickets upon request, otherwise, he shall be given a copy thereof at destination upon request.

4. The number of the vehicle onto which the shipment is loaded.

5. Amount of charges and method of payment of total tariff charges.

6. Total amount required to be paid in cash, certified check, bank cashier's check, traveler's check, or postal money order, postal money order, traveler's check, cashier's check, bank treasurer's check, bank wire transfer, or approved credit card to relinquish possession of a C.O.D. shipment.
