"Recorded data" means the data stored or preserved electronically in a recording device identifying performance or operation information about the motor vehicle including, but not limited to:

1. Speed of the motor vehicle or the direction in which the vehicle is traveling, or both;

4. Upon authority of a court or other judicial or administrative authority of competent jurisdiction; or

5. The recorded data is accessed by law enforcement in the course of an investigation where there is probable cause to believe that the recording device contains evidence relating to a violation of the laws of the Commonwealth or the United States and such access is otherwise constitutionally permissible.

C. If a person or entity accesses recorded data pursuant to subdivisions 2 or 3 of subsection B, such entity or person shall not transmit or otherwise convey the recorded data to a third party unless necessary to carry out their duties thereunder.
