Be it enacted by the General Assembly of Virginia:**1. That § 63.2-1715 of the Code of Virginia is amended and reenacted as follows:**

§ 63.2-1715. Exemptions from licensure.

A. The following child day programs shall not be required to be licensed:

1. A child day center that has obtained an exemption pursuant to § 63.2-1716.

2. A program where, by written policy given to and signed by a parent or guardian, *and consistent with practice*, children are free to enter and leave the premises without permission or supervision. A program that would qualify for this exemption except that it assumes responsibility for the supervision, protection and well-being of several children with disabilities who are mainstreamed shall not be subject to licensure. *A program that allows a custodial parent or guardian to indicate persons who are not authorized to pick up a child shall require that the parent or guardian provide appropriate legal documentation that such persons are in fact forbidden from picking up the child. A program that (i) provides care for a child under the age of eight, (ii) provides care for a child who resides more than one half-mile from the program, or (iii) initiates, arranges, or participates in the transportation of a child shall not qualify for this exemption.*

3. A program of instructional experience in a single focus, such as, but not limited to, computer science, archaeology, sport clinics, or music, if children under the age of six do not attend at all and if no child is allowed to attend for more than 25 days in any three-month period commencing with enrollment. This exemption does not apply if children merely change their enrollment to a different focus area at a site offering a variety of activities and such children's attendance exceeds 25 days in a three-month period.

4. Programs of instructional or recreational activities wherein no child under age six attends for more than six hours weekly with no class or activity period to exceed one and one-half hours, and no child six years of age or above attends for more than six hours weekly when school is in session or 12 hours weekly when school is not in session. Competition, performances and exhibitions related to the instructional or recreational activity shall be excluded when determining the hours of program operation.

5. A program that operates no more than a total of 20 program days in the course of a calendar year provided that programs serving children under age six operate no more than two consecutive weeks without a break of at least a week.

6. Instructional programs offered by public and private schools that satisfy compulsory attendance laws or the Individuals with Disabilities Education Act, as amended, and programs of school-sponsored extracurricular activities that are focused on single interests such as, but not limited to, music, sports, drama, civic service, or foreign language.

7. Education and care programs provided by public schools that are not exempt pursuant to subdivision A 6 shall be regulated by the State Board of Education using regulations that incorporate, but may exceed, the regulations for child day centers licensed by the Commissioner.

8. Early intervention programs for children eligible under Part C of the Individuals with Disabilities Education Act, as amended, wherein no child attends for more than a total of six hours per week.

9. Practice or competition in organized competitive sports leagues.

10. Programs of religious instruction, such as Sunday schools, vacation Bible schools, and Bar Mitzvah or Bat Mitzvah classes, and child-minding services provided to allow parents or guardians who are on site to attend religious worship or instructional services.

11. Child-minding services that are not available for more than three hours per day for any individual child offered on site in commercial or recreational establishments if the parent or guardian (i) is not an on-duty employee, except for part-time employees working less than two hours per day, (ii) can be contacted and can resume responsibility for the child's supervision within 30 minutes, and (iii) is receiving or providing services or participating in activities offered by the establishment.

12. A certified preschool or nursery school program operated by a private school that is accredited by a statewide accrediting organization recognized by the State Board of Education or accredited by the National Association for the Education of Young Children's National Academy of Early Childhood
