310 amount of other federal funds appropriated to the Commonwealth for transportation and such other

328 by an amount, when rounded down to the nearest one tenth of one percent per \$100 of value, if levied

The Authority is independent of any state or local entity, including the Virginia Department of Transportation (VDOT) and the Commonwealth Transportation Board (CTB), but the Authority, VDOT and CTB shall consult with one another to avoid duplication of efforts and, at the option of the Authority, may combine efforts to complete specific projects. Notwithstanding the foregoing, at the request of the Authority, VDOT may provide the Authority with engineering services or right-of-way acquisition for the project with its own forces. When determining what projects to construct under this subsection, the Authority shall base its decisions on the combination that (i) equitably distributes the funds throughout the participating localities and (ii) constructs projects that move the most people or commercial traffic in the most cost-effective manner, and on such other factors as approved by the Authority.

§ 15.2-4839. Authority to issue bonds.

The Authority may issue bonds and other evidences of debt as may be authorized by this section or other law. 584 § 33.1-23.03. Board to develop and update Statewide Transportation Plan.

585 The Commonwealth Transportation Board shall conduct a comprehensive review of statewide  
586 transportation needs in a Statewide Transportation Plan setting forth an inventory of all construction  
587 needs for all systems, and based upon this inventory, establishing goals, objectives, and priorities  
588 covering a twenty-year planning horizon, in accordance with federal transportation planning  
589 requirements. This plan shall embrace all modes of transportation and include technological initiatives.  
590 This Statewide Transportation Plan shall be updated as needed, but no less than once every five years.  
591 The plan will provide consideration of projects and policies affecting shall promote economic  
592 development and all transportation modes and promote economic development, intermodal connectivity,

594 include quantifiable and achievable goals relating to congestion reduction and safety, transit and  
595 high-occupancy vehicle facility use, job-to-housing ratios, job and housing access to transit and  
596 pedestrian facilities, air quality, and vehicle miles traveled. The Board shall consider such goals in  
597 evaluating and selecting transportation improvement projects. Each such plan shall be summarized in a  
598 public document and made available to the general public upon presentation to the Governor and  
599 General Assembly.

600 It is the intent of the General Assembly that this plan assess transportation needs and assign priorities  
601 to projects on a statewide basis, avoiding the production of a plan which is an aggregation of local,  
602 district, regional, or modal plans.

603 § 33.1-23.03:8. Priority Transportation Fund established.

604 A. There is hereby created in the state treasury a special nonreverting fund to be known as the  
605 Priority Transportation Fund, hereafter referred to as "the Fund." The Fund shall be established on the  
606 books of the Comptroller. Interest earned on moneys in the Fund shall remain in the Fund and be  
607 credited to it. All funds as may be designated in the appropriation act for deposit to the Fund shall be  
608 paid into the state treasury and credited to the Fund. Such funds shall include:

609 1. A portion of the moneys actually collected, including penalty and interest, attributable to any  
610 increase in revenues from the taxes imposed under Chapter 22 (§ 58.1-2200 et seq.) of Title 58.1, with  
611 such increase being calculated as the difference between such tax revenues collected in the manner  
612 prescribed under Chapter 22 less such tax revenues that would have been collected using the prescribed  
613 manner in effect before the effective date of Chapter 22. The portion to be deposited to the Fund shall

be the moneys actually collected from such increase in revenues (*but not including additional revenues described in subsection F of § 58.1-2289*) and allocated for highway and mass transit improvement projects as set forth in § 33.1-23.03:2, but not including any amounts that are allocated to the Commonwealth Port Fund and the Commonwealth Airport Fund under such section. There shall also be deposited into the Fund all additional federal revenues attributable to Chapter 22 (§ 58.1-2200 et seq.) of Title 58.1; and

2. Beginning with the fiscal year ending June 30, 2000, and for fiscal years thereafter, all revenues that exceed the official forecast, pursuant to § 2.2-1503, for (i) the Highway Maintenance and Operating Fund and (ii) the allocation to highway and mass transit improvement projects as set forth in § 33.1-23.03:2, but not including any amounts that are allocated to the Commonwealth Port Fund and the Commonwealth Airport Fund under such section; and

3. Any other such funds as may be transferred, allocated, or appropriated.

The Fund shall be considered a part of the Transportation Trust Fund. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes enumerated in subsection B of this section. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller.

B. The Commonwealth Transportation Board shall use the Fund to facilitate the financing of priority transportation projects throughout the Commonwealth. The Board may use the Fund either (i) by expending amounts therein on such projects directly, (ii) by payment to any authority, locality, commission or other entity for the purpose of paying the costs thereof, or (iii) by using such amounts to support, secure, or leverage financing for such projects. No expenditures from or other use of amounts in the Fund shall be considered in allocating highway maintenance and construction funds under § 33.1-23.1 or apportioning Transportation Trust Fund funds under § 58.1-638, but shall be in addition thereto. The Board shall use the Fund to facilitate the financing of priority transportation projects as designated by the General Assembly; provided, however, that, at the discretion of the Commonwealth Transportation Board, funds allocated to projects within a transportation district may be allocated among projects within the same transportation district as needed to meet construction cash-flow needs.

§ 33.1-23.03:10. *All the funds becoming part of the Transportation Trust Fund pursuant to §§ 46.2-206.1, 46.2-702.1, 46.2-1135, and 58.1-2289 shall be distributed and used pursuant to the allocation formula set forth under § 33.1-23.03:2 for (a) the Commonwealth Port Fund; (b) the Commonwealth Airport Fund; (c) the Commonwealth Mass Transit Fund; and (d) capital improvements including construction, reconstruction, maintenance, and improvements of highways according to the provisions of subsection B of § 33.1-23.1*

§ 33.1-23.4:01. *Allocation of Commonwealth of Virginia Transportation Capital Projects Revenue Bonds.*

*The Commonwealth Transportation Board shall allocate and distribute the proceeds of any bonds it is authorized to issue supported in whole or in part by the Commonwealth Transportation Capital Projects Debt Service Fund as follows: (i) 15.7 percent shall be deposited into the Commonwealth Mass Transit Fund and used exclusively pursuant to the provisions of subdivision A4 of § 58.1-638, and (ii) the remainder shall be allocated and distributed pursuant to subdivision 4 f of § 33.1-269 first pursuant to the provisions of § 33.1-23.1:2 and then under the provisions of § 33.1-23.1 B. 1, B. 2. and B. 3. The provisions of § 33.1-23.2 shall not apply to the allocation of these proceeds. However, at its discretion, the Commonwealth Transportation Board is authorized to dedicate in any given year in which debt is issued an amount not to exceed its federal apportionment from the Interstate maintenance program for projects included in the Virginia Department of Transportation Six Year Improvement Program, which amount shall be allocated prior to the other allocations under this section.*

§ 33.1-67. Secondary system of highways.

A. The secondary system of state highways shall consist of all of the public roads, causeways, bridges, landings and wharves in the several counties of the Commonwealth not included in the State Highway System, including such roads and community roads leading to and from public school buildings, streets, causeways, bridges, landings and wharves in incorporated towns having 3,500 inhabitants or less according to the census of 1920, and in all towns having such a population incorporated since 1920, as constitute connecting links between roads in the secondary system in the several counties and between roads in the secondary system and roads in the primary system of the state highways, not, however, to exceed two miles in any one town. If in any such town, which is partly surrounded by water, less than two miles of the roads and streets therein constitute parts of the secondary system of state highways, the Commonwealth Transportation Board shall, upon the adoption of a resolution by the council or other governing body of such town designating for inclusion in the secondary system of state highways certain roads and streets in such town not to exceed a distance of two miles, less the length of such roads and streets in such town which constitute parts of the secondary

675 system of state highways, accept and place in the secondary system of state highways such additional  
676 roads and streets.

677 *B. Notwithstanding the foregoing provisions of this section, any local ordinance, or any provision of*  
678 *Title 15.2, on and after July 1, 2007, no street or road or any portion thereof in any county shall be*  
679 *taken into the state secondary highway system for maintenance purposes unless it is designated by the*  
680 *Department as a local collector or higher roadway classification. Other roads that, prior to July 1,*  
681 *2007, would have been taken into the state secondary highway system shall be classified by the*  
682 *Department as local subdivision roads and shall not be taken into the state secondary highway system.*  
683 *A local subdivision road shall be any road, according to the Department, that primarily serves residents*  
684 *living within a subdivision. These local subdivision roads shall be maintained either by the county*  
685 *wherein they are located or, if they are within an area comprising a homeowners association, by the*  
686 *homeowners association. This subsection shall not apply to any roads within an urban development*  
687 *area as authorized under Title 15.2.*

688 § 33.1-69. Control, supervision and management.

689 A. The control, supervision, management and jurisdiction over the secondary system of state  
690 highways shall be vested in the Department of Transportation and the maintenance and improvement,  
691 including construction and reconstruction, of such secondary system of state highways shall be by the  
692 Commonwealth under the supervision of the Commonwealth Transportation Commissioner. The boards  
693 of supervisors or other governing bodies of the several counties and the county road board or county  
694 road commission of any county operating under a county road board or county road commission shall  
695 have no control, supervision, management and jurisdiction over such public roads, causeways, bridges,  
696 landings and wharves, constituting the secondary system of state highways. Except as otherwise provided  
697 in this article, the Commonwealth Transportation Board shall be vested with the same powers, control  
698 and jurisdiction over the secondary system of state highways in the several counties and towns of the  
699 Commonwealth, and such additions as may be made from time to time, as were vested in the boards of  
700 supervisors or other governing bodies of the several counties or in the county road board or county road  
701 commission in any county operating under a county road board or county road commission on June 21,  
702 1932, and in addition thereto shall be vested with the same power, authority and control as to the  
703 secondary system of state highways as is vested in the Board in connection with the State Highway  
704 System.

705 *B. Notwithstanding the foregoing provisions of this section, the Department's control, supervision,*  
706 *management, and jurisdiction over the secondary system of state highways shall not extend, on and after*  
707 *July 1, 2007, to any road classified by the Department as a local subdivision road, and no road*  
708 *classified as a local subdivision road shall thereafter be taken into the state secondary highway system.*  
709 *These local subdivision roads shall be controlled, supervised, and managed either by the county wherein*  
710 *they are located or, if they are within an area comprising a homeowners association, by the*  
711 *homeowners association. This subsection shall not apply to any roads within an urban development area*  
712 *as authorized under Title 15.2.*

713 § 33.1-72.1. Taking certain streets into secondary system.

714 A. "Street," as used in this section, means a street or highway shown on a plat which was recorded  
715 or otherwise opened to public use prior to July 1, 1992, at which time it was open to and used by motor  
716 vehicles, and which, for any reason, has not been taken into the secondary system of state highways and  
717 serves at least three families per mile.

718 B. "County," as used in this section, means a county in which the secondary system of the state  
719 highways is constructed and maintained by the Department of Transportation and which has adopted a  
720 local ordinance for control of the development of subdivision streets to the necessary standards for  
721 acceptance into the secondary system.

722 C. "Speculative interest," as used in this section, means that the original developer or a successor  
723 developer retains ownership in any lot abutting such street for development or speculative purposes. In  
724 instances where it is determined that speculative interest is retained by the original developer,  
725 developers, or successor developers and the governing body of the county deems that extenuating  
726 circumstances exist, the governing body of the county shall require a pro rata participation by such  
727 original developer, developers, or successor developers as prescribed in subsection G of this section as a  
728 condition of the county's recommendation pursuant to this section.

729 D. "Qualifying rural addition cost," as used in this section, means that portion of the estimated  
730 engineering and construction cost to improve the street to the minimum standards for acceptance  
731 remaining after reducing the total estimated cost by any prorated amount deemed the responsibility of  
732 others based on speculative interests as defined in subsection C.

733 E. Whenever the governing body of a county recommends in writing to the Department of  
734 Transportation that any street in the county be taken into and become a part of the secondary system of  
735 the state highways in such county, the Department of Transportation thereupon, within the limit of  
736 available funds and the mileage available in such county for the inclusion of roads and streets in the

secondary system, shall take such street into the secondary system of state highways for maintenance, improvement, construction and reconstruction if such street, at the time of such recommendation, either: (i) has a minimum dedicated width of 40 feet or (ii) in the event of extenuating circumstances as determined by the Commonwealth Transportation Commissioner, such street has a minimum dedicated width of 30 feet at the time of such recommendation. In either case such streets must have easements appurtenant thereto which conform to the policy of the Commonwealth Transportation Board with respect to drainage. After the streets are taken into the secondary system of state highways, the Department shall maintain the same in the manner provided by law.

F. Such street shall only be taken into the secondary system of state highways if the governing body of the county has identified and made available the funds required to improve the street to the required minimum standards. The county may consider the following options to fund the required improvements for streets accepted under this section:

1. The local governing body of the county may use a portion of the county's annual secondary highway system construction allocation designated as "rural addition funds" to fund the qualifying rural addition costs for qualifying streets if the county agrees to contribute from county revenue or the special assessment of the landowners on the street in question one-half of the qualifying rural addition cost to bring the streets up to the necessary minimum standards for acceptance. No such special assessment of landowners on such streets shall be made unless the governing body of the county receives written declarations from the owners of 75 percent or more of the platted parcels of land abutting upon such street stating their acquiescence in such assessments. The basis for such special assessments, at the option of the local governing body, shall be either (i) the proportion the value of each abutting parcel bears to total value of all abutting parcels on such street as determined by the current evaluation of the property for real estate tax purposes, or (ii) the proportion the abutting road front footage of each parcel abutting the street bears to the total abutting road front footage of all parcels abutting on the street, or (iii) an equal amount for each parcel abutting on such street. No such special assessment on any parcel shall exceed one-third of the current evaluation of such property for real estate tax purposes. Special assessments under this section shall be conducted in the manner provided in Article 2 (§ 15.2-2404 et seq.) of Chapter 24 of Title 15.2, mutatis mutandis, for assessments for local improvements.

2. The local governing body of any county may use a portion of its annual secondary highway system construction allocation designated as "rural addition funds" to fund the qualifying rural addition cost for qualifying streets within the limitation of funds and the mileage limitation of the Commonwealth Transportation Board's policy on rural additions.

3. The local governing body of any county may use revenues derived from the sale of bonds to finance the construction of rural additions to the secondary system of such county. In addition, from the funds allocated by the Commonwealth for the construction of secondary road improvements, such governing body may use funds allocated within the Commonwealth Transportation Board policy for the construction of rural additions to pay principal and interest on bonds associated with rural additions in such county, provided the revenue derived from the sale of such bonds is not used as the county matching contribution under § 33.1-23.05. The provisions of this section shall not constitute a debt or obligation of the Commonwealth Transportation Board or the Commonwealth of Virginia.

4. The local governing body of the county may expend general county revenue for the purposes of this section.

5. The local governing body of the county may permit one or more of the landowners on the street in question to pay to the county a sum equal to one-half of the qualifying rural addition cost to bring the street up to the necessary minimum standards for acceptance into the secondary system of state highways, which funds the county shall then utilize for such purpose. Thereafter, upon collection of the special assessment of landowners on such street, the county shall use such special assessment funds to reimburse, without interest, the one or more landowners for those funds which they previously advanced to the count to bring the street up to the necessary minimum standards for acceptance.

6. The local governing body of the county may utilize the allocations made to the county in accordance with § 33.1-23.05.

G. In instances where it is determined that speculative interest, as defined in subsection C, exists the basis for the pro rata percentage required of such developer, developers, or successor developers shall be the proportion that the value of the abutting parcels owned or partly owned by the developer, developers, or successor developers bears to the total value of all abutting property as determined by the current evaluation of the property for real estate purposes. The pro rata percentage shall be applied to the Department of Transportation's total estimated cost to construct such street to the necessary minimum standards for acceptance to determine the amount of costs to be borne by the developer, developers, or successor developers. Property so evaluated shall not be assessed in the special assessment for the determination of the individual pro rata share attributable to other properties. Further, when such pro rata participation is accepted by the governing body of the county from such original

798 developer, developers, or successor developers, such amount shall be deducted from the Department of  
799 Transportation's total estimated cost and the remainder of such estimated cost, the qualifying rural  
800 addition cost, shall then be the basis of determining the assessment under the special assessment  
801 provision or determining the amount to be provided by the county when funded from general county  
802 revenue under subsection C of this section or determining the amount to be funded as a rural addition  
803 under subsection D of this section.

804 H. Acceptance of any street into the secondary system of state highways for maintenance,  
805 improvement, construction, and reconstruction shall not impose any obligation on the Board to acquire  
806 any additional right-of-way or easements should they be necessary by virtue of faulty construction or  
807 design.

808 I. "Rural addition funds" means those funds reserved from the county's annual allocation of  
809 secondary system highway construction funds, as defined in § 33.1-67, for the purpose of this section. If  
810 such funds are not used by such county for such purpose during the fiscal year they are so allocated, the  
811 funds may be held for such purpose for the four succeeding fiscal years. A maximum of five percent of  
812 the annual secondary system highway construction allocation may be reserved by the governing body for  
813 rural additions.

814 *J. Notwithstanding the foregoing provisions of this section, any local ordinance, or any provision of*  
815 *Title 15.2, on and after July 1, 2007, no street or road or any portion thereof in any county shall be*  
816 *taken into the state secondary highway system for maintenance purposes unless it is classified by the*  
817 *Department as a local collector road. Any road that, prior to July 1, 2007, would have been taken into*  
818 *the state secondary highway system shall be classified by the Department as a local subdivision road*  
819 *and no road classified as a local subdivision road shall thereafter be taken into the state secondary*  
820 *highway system. This subsection shall not apply to any roads within an urban development area as*  
821 *authorized under Title 15.2.*

822 § 33.1-223.2:12. Tolls may vary to encourage travel during off-peak hours.

823 A. In order to provide an incentive for motorists to travel at off-peak hours, *and in accordance with*  
824 *federal requirements*, wherever a toll is imposed and collected by the Department or such other entity as  
825 may be responsible for imposing or collecting such toll, the amount of such toll may vary according to  
826 the time of day, day of the week, traffic volume, vehicle speed, vehicle type, ~~or any or all of these~~  
827 *similar variables, or combinations thereof.* The amount of such toll and the time of day when such toll  
828 shall change shall be as fixed and revised by the Commonwealth Transportation Board or such other  
829 entity as may be responsible for fixing or revising the amount of such toll; provided, however, that any  
830 such variation shall be reasonably calculated to minimize the reduction in toll revenue generated by such  
831 toll.

832 *B. 1. Beginning July 1, 2008, every agency of the Commonwealth or any political subdivision or*  
833 *instrumentality thereof having control of or day-to-day responsibility for the operation of any toll facility*  
834 *in the Commonwealth shall take all necessary actions to ensure that every newly constructed toll facility*  
835 *or toll lane under its control is capable of fully automated electronic operation, employing technologies*  
836 *and procedures that permit the collection of tolls from users of the facility without requiring vehicles*  
837 *using the facility to reduce their speed below the speed of traffic approaching the facility. An entity*  
838 *operating a toll facility that substantially upgrades its equipment or substantially renovates its facility*  
839 *after July 1, 2008, shall comply with the provisions of this subsection. The provisions of this section*  
840 *shall also apply to any nongovernmental or quasigovernmental entity operating a toll facility under a*  
841 *comprehensive agreement entered into, pursuant to the Public-Private Transportation Act of 1995*  
842 *(§ 56-556 et seq.), on or after January 1, 2008. Nothing in this subsection shall be construed to prohibit*  
843 *a toll facility from retaining means of nonautomated toll collection in some lanes of the facility.*

844 *2. For toll facilities within the territory embraced by the Northern Virginia Transportation Authority,*  
845 *the provisions of subdivision 1 apply to all toll facilities, regardless of whether or not they are newly*  
846 *constructed or substantially upgraded.*

1069 A. Commonwealth of Virginia Toll Revenue Bonds issued under the provisions of this article shall  
1070 not be deemed to constitute a debt of the Commonwealth of Virginia or a pledge of the faith and credit  
1071 of the Commonwealth, but such bonds shall be payable solely from the funds herein provided therefor  
1072 from tolls and revenues, from bond proceeds or earnings thereon and from any other available sources  
1073 of funds. All such bonds shall state on their face that the Commonwealth of Virginia is not obligated to  
1074 pay the same or the interest thereon except from the special fund provided therefor from tolls and  
1075 revenues under this article, from bond proceeds or earnings thereon and from any other available sources  
1076 of funds and that the faith and credit of the Commonwealth are not pledged to the payment of the  
1077 principal or interest of such bonds. The issuance of such revenue bonds under the provisions of this  
1078 article shall not directly or indirectly or contingently obligate the Commonwealth to levy or to pledge  
1079 any form of taxation whatever therefor or to make any appropriation for their payment, other than  
1080 appropriate available funds derived as revenues from tolls and charges under this article or derived from  
1081 bond proceeds or earnings thereon and from any other available sources of funds.

1082 B. Commonwealth of Virginia Transportation Contract Revenue Bonds issued under the provisions of  
1083 this article shall not be deemed to constitute a debt of the Commonwealth of Virginia or a pledge of the  
1084 faith and credit of the Commonwealth, but such bonds shall be payable solely from the funds herein  
1085 provided therefor (i) from revenues received pursuant to contracts with a primary highway transportation  
1086 district or transportation service district or any other alternative mechanism for generation of local  
1087 revenues for specific funding of a project satisfactory to the Commonwealth Transportation Board, (ii) to  
1088 the extent required, from funds appropriated and allocated, pursuant to the highway allocation formula as

1090 located or to the county or counties in which such project or projects are located, (iii) from bond  
1091 proceeds or earnings thereon, (iv) to the extent required, from other legally available revenues of the  
1092 Trust Fund, and (v) from any other available source of funds. All such bonds shall state on their face  
1093 that the Commonwealth of Virginia is not obligated to pay the same or the interest thereon except from  
1094 revenues in clauses (i) and (iii) hereof and that the faith and credit of the Commonwealth are not  
1095 pledged to the payment of the principal and interest of such bonds. The issuance of such revenue bonds  
1096 under the provisions of this article shall not directly or indirectly or contingently obligate the  
1097 Commonwealth to levy or to pledge any form of taxation whatever or to make any appropriation for  
1098 their payment, other than to appropriate available funds derived as revenues under this article from the  
1099 sources set forth in clauses (i) and (iii) hereof. Nothing in this article shall be construed to obligate the  
1100 General Assembly to make any appropriation of the funds set forth in clause (ii) or (iv) hereof for  
1101 payment of such bonds.

1102 C. Commonwealth of Virginia Transportation Revenue Bonds issued under the provisions of this

1105 provided therefor (i) from revenues received from the U.S. Route 58 Corridor Development Fund,

subject to their appropriation by the General Assembly, (ii) to the extent required, from revenues legally available from the Transportation Trust Fund and (iii) to the extent required, from any other legally available funds which shall have been appropriated by the General Assembly.

Such bonds shall be payable solely, subject to their appropriation by the General Assembly, first from (i) revenues received from the Northern Virginia Transportation District Fund, (ii) to the extent required, funds appropriated and allocated, pursuant to the highway allocation formula as provided by law, to the highway construction district in which the project or projects to be financed are located or to the city or county in which the project or projects to be financed are located, (iii) to the extent required, legally available revenues of the Transportation Trust Fund, and (iv) such other funds which may be appropriated by the General Assembly.

#### CHAPTER 10.2. HAMPTON ROADS TRANSPORTATION AUTHORITY.

§ 33.1-391.6. *Short Title.*

*This chapter shall be known and may be cited as the Hampton Roads Transportation Authority Act.*

§ 33.1-391.7. *Authority created.*

*The Hampton Roads Transportation Authority, hereinafter in this chapter known as "the Authority" is hereby created as a body politic and as a political subdivision of the Commonwealth.*

§ 33.1-391.8. *Powers of the Authority.*

*Notwithstanding any contrary provision of this title and in accordance with all applicable federal statutes and requirements, the Authority shall control and operate and may impose and collect tolls in amounts established by the Authority for the use of any new or improved highway, bridge, tunnel, or transportation facility to increase capacity on such facility (including new construction relating to, or improvements to, the bridges, tunnels, roadways, and related facilities known collectively as the Chesapeake Bay Bridge-Tunnel as described in § 33.1-391.12, pursuant to the conditions set forth in*

1167 such section) constructed by the Authority or with funds provided in whole or in part by the Authority.  
1168 The amount of any such toll may be varied from facility to facility, by lane, by congestion levels, by day  
1169 of the week, time of day, type of vehicle, number of axles, or any similar combination thereof, and a  
1170 reduced rate may be established for commuters as defined by the Authority. For purposes of this  
1171 section, the Midtown and Downtown tunnels located within the Cities of Norfolk and Portsmouth shall  
1172 be considered a single transportation facility and both facilities may be tolled if improvements are made  
1173 to either tunnel. Any tolls imposed by the Authority shall be collected by an electronic toll system that,  
1174 to the extent possible, shall not impede traffic flow. For all roads tolled by the Authority, there shall be  
1175 signs erected prior to the point of toll collection that clearly state how the majority of the toll revenue  
1176 for the particular road is being spent by the Authority.

1177 § 33.1-391.9. Composition of Authority; chairman and vice-chairman; quorum.

1178 The Authority shall consist of the following members: (i) one member of the local governing body of  
1179 each of the following localities, provided that the locality imposes all of the local transportation fees  
1180 and taxes authorized by §§ 46.2-332.1, 46.2-755.1, 46.2-755.2, 46.2-1167.1, 58.1-802.2, 58.1-2402.2,  
1181 58.1-3221.3, and 58.1-3825.1: the Counties of Isle of Wight, James City, and York and the Cities of  
1182 Chesapeake, Hampton, Newport News, Norfolk, Portsmouth, Suffolk, Virginia Beach, and Williamsburg;  
1183 (ii) a member of the Commonwealth Transportation Board, to be appointed by the Governor, who  
1184 resides in a county or city embraced by the Authority who shall serve ex officio without a vote; (iii) the  
1185 Director of the Virginia Department of Rail and Public Transportation, or his designee, who shall serve  
1186 ex officio without a vote; (iv) the Commonwealth Transportation Commissioner, or his designee, who  
1187 shall serve ex officio without a vote; (v) two members of the Virginia House of Delegates who reside in  
1188 a city or county that is imposing the local transportation fees and taxes authorized by §§ 46.2-332.1,  
1189 46.2-755.1, 46.2-755.2, 46.2-1167.1, 58.1-802.2, 58.1-2402.2, 58.1-3221.3, and 58.1-3825.1, neither of  
1190 whom shall reside in the same city or county, appointed by the Speaker of the House of Delegates; and  
1191 (vi) one member of the Senate of Virginia who resides in a city or county that is imposing the local  
1192 transportation fees and taxes authorized by §§ 46.2-332.1, 46.2-755.1, 46.2-755.2, 46.2-1167.1,  
1193 58.1-802.2, 58.1-2402.2, 58.1-3221.3, and 58.1-3825.1, appointed by the Senate Committee on Rules.  
1194 Each representative of a local governing body shall be appointed by a majority vote of the respective  
1195 local governing body and shall be a member of the local governing body by which he is appointed. In  
1196 the event that a member of the Authority who is appointed by a local governing body ceases to be a  
1197 member of that local governing body, he may no longer serve as a member of the Authority. Members  
1198 of the Authority appointed by local governing bodies shall serve for terms of four years and may be  
1199 reappointed for one additional term of four years. Any member of the Authority appointed by a local  
1200 governing body who is initially appointed to serve a term of less than three years may thereafter be  
1201 appointed for two successive four-year terms. For the purpose of initial appointments and in order to  
1202 provide for staggered terms, those members appointed by the City Council of the City of Hampton, the  
1203 City Council of the City of Newport News, and the Board of Supervisors of James City County shall be  
1204 appointed for terms of two years; those members who are appointed by the City Council of the City of  
1205 Norfolk, the City Council of the City of Chesapeake, and the City Council of the City of Portsmouth  
1206 shall be appointed for terms of three years; and the remaining representatives of local governing bodies  
1207 shall be appointed for terms of four years. Legislative members shall serve terms coincident with their  
1208 terms of office. Vacancies shall be filled by appointment for the unexpired term by the same process as  
1209 used to make the original appointment.

1210 The Authority shall annually elect a chairman and vice-chairman from among its membership, each  
1211 of whom shall continue to hold such office until their respective successors are elected.

1212 A majority of the members of the Authority shall constitute a quorum for the transaction of business.

1213 Members of the Authority shall be reimbursed for their actual and necessary expenses incurred in  
1214 the performance of their duties and, in addition, shall be paid a per diem equal to the amount paid  
1215 members of the Commonwealth Transportation Board for each day or portion thereof during which they  
1216 are engaged in the official business of the Authority.

1217 The Auditor of Public Accounts, or his legally authorized representatives, shall annually audit the  
1218 financial accounts of the Authority, and the cost of such audit shall be borne by the Authority.

1219 § 33.1-391.10. Additional powers of the Authority.

1220 The Authority shall have the following powers together with all powers incidental thereto or  
1221 necessary for the performance of those hereinafter stated:

1222 1. To sue and be sued and to prosecute and defend, at law or in equity, in any court having  
1223 jurisdiction of the subject matter and of the parties;

1224 2. To adopt and use a corporate seal and to alter the same at its pleasure;

1225 3. To procure insurance, participate in insurance plans, and provide self-insurance; however, the  
1226 purchase of insurance, participation in an insurance plan, or the creation of a self-insurance plan by  
1227 the Authority shall not be deemed a waiver or relinquishment of any sovereign immunity to which the  
1228 Authority or its officers, directors, employees, or agents are otherwise entitled;

4. To establish bylaws and make all rules and regulations, not inconsistent with the provisions of this chapter, deemed expedient for the management of the Authority's affairs;

5. To apply for and accept money, materials, contributions, grants, or other financial assistance from the United States and agencies or instrumentalities thereof, the Commonwealth, and any political subdivision, agency, or instrumentality of the Commonwealth, and from any legitimate private source;

6. To acquire real and personal property or any interest therein by purchase, lease, gift, or otherwise (and to the extent not inconsistent with the provisions of § 33.1-422) for purposes consistent with this chapter; and to hold, encumber, sell, or otherwise dispose of such land or interest for purposes consistent with this chapter;

7. To acquire by purchase, lease, contract, or otherwise (and to the extent not inconsistent with the provisions of § 33.1-422), highways, bridges, tunnels, railroads, rolling stock, and transit and rail facilities and other transportation-related facilities; and to construct the same by purchase, lease, contract, or otherwise in the manner and to the extent not inconsistent with the provisions of the first paragraph of § 33.1-422;

8. In coordination with the Commonwealth Transportation Board and with each city or county in which the facility or any part thereof is or is to be located, to repair, expand, enlarge, construct, reconstruct, or renovate any or all of the transportation facilities referred to in § 33.1-391.8, and to acquire any real or personal property needed for any such purpose;

9. To enter into agreements or leases with public or private entities for the operation and maintenance of bridges, tunnels, transit and rail facilities, and highways;

10. To make and execute contracts, deeds, mortgages, leases, and all other instruments and agreements necessary or convenient for the performance of its duties and the exercise of its powers and functions under this chapter;

11. To the extent funds are made or become available to the Authority to do so, to employ employees, agents, advisors, and consultants, including without limitation, attorneys, financial advisers, engineers, and other technical advisers and, the provisions of any other law to the contrary notwithstanding, to determine their duties and compensation;

12. The authority shall comply with the provisions governing localities contained in § 15.2-2108.23; and

13. To the extent not inconsistent with the other provisions of this chapter, and without limiting or restricting the powers otherwise given the Authority, to exercise all of the powers given to transportation district commissions by §§ 15.2-4518 and 15.2-4519. The Authority shall only undertake those transportation projects that are currently included in the federally mandated 2030 Regional Transportation Plan approved by the Metropolitan Planning Organization, or any successive plan, and that are located in, or which provide a benefit to, the counties and cities that are members of the Authority, subject to the limitations related to those projects contained in this section.

The Authority shall phase construction of the transportation projects that are currently included in the federally mandated 2030 Regional Transportation Plan, or any successive plan. Except as specifically provided herein, projects listed in the second phase shall not be undertaken until the Authority has determined that there is a viable plan of construction for the projects listed in the first phase that meet the requirements of this section.

First Phase Projects:

Route 460 Upgrade; I-64 Widening on the Peninsula; I-64 Widening on the Southside; Midtown Tunnel/MLK Extension; Southeastern Parkway/Dominion Blvd; I-664 Widening in Newport News; I-664 Widening on the Southside; I-664 Monitor Merrimac Bridge Tunnel Widening.

Second Phase Projects:

I-64 to the Intermodal Connector; I-564 Connector to the Monitor Merrimac Bridge Tunnel; Craney Island Connector.

It is the intent of the General Assembly that the Authority shall encourage private sector participation in the aforementioned projects. Any cost savings realized under the PPTA relating to the construction of first phase projects may be applied to advancing the future construction of second phase projects. Further, nothing herein shall prohibit the Authority from receiving and acting on PPTA proposals on projects in either phase.

§ 33.1-391.11. Authority a responsible public entity under Public-Private Transportation Act of 1995. The Authority is a responsible public entity as defined in the Public-Private Transportation Act of 1995 (§ 56-556 et seq.).

§ 33.1-391.12. Addition of the Chesapeake Bay Bridge-Tunnel to facilities controlled by Authority; expansion of Authority membership; applicability of local transportation fees to Accomack and Northampton Counties.

The bridges, tunnels, roadways, and related facilities known collectively as the Chesapeake Bay Bridge-Tunnel, which provide a vehicular connection across the mouth of the Chesapeake Bay between

1290 the City of Virginia Beach and Northampton County, shall become subject to the control of the  
1291 Authority subject to the provisions of § 33.1-391.8, at such time as all of the bonds and other evidences  
1292 of debt now or hereafter issued by or on behalf of the Chesapeake Bay Bridge and Tunnel Commission  
1293 shall have been satisfied or paid in full. Until such bonds and other evidences of debt have been  
1294 satisfied or paid in full, control of and responsibility for the operation and maintenance of the  
1295 Chesapeake Bay Bridge-Tunnel facilities shall remain with the Chesapeake Bay Bridge and Tunnel  
1296 Commission.

1297 In discharging its responsibilities for the operation and maintenance of the Chesapeake Bay  
1298 Bridge-Tunnel facilities, the Authority shall have, in addition to the powers it is given by this chapter,  
1299 all of the powers and authority given to the Chesapeake Bay Bridge and Tunnel Commission by Chapter

1301 amended and incorporated by reference as § 33.1-253.

1302 At such time as the Chesapeake Bay Bridge-Tunnel facilities become subject to the control of the  
1303 Authority as contemplated by this section, the Authority shall be enlarged by two members, one of whom  
1304 shall be a member of the governing body of the County of Accomack, provided that the County imposes  
1305 the local transportation fees and taxes authorized by §§ 46.2-332.1, 46.2-755.1, 46.2-755.2, 46.2-1167.1,  
1306 58.1-802.2, 58.1-2402.2, 58.1-3221.3, and 58.1-3825.1, and one of whom shall be a member of the  
1307 governing body of the County of Northampton, provided that the County imposes the local

1310 of the County of Accomack and the County of Northampton shall be appointed by a majority vote of the  
1311 respective local governing body and shall be a member of the local governing body by which he is  
1312 appointed. In the event that a member of the Authority who is appointed by the governing body of the  
1313 County of Accomack or the County of Northampton ceases to be a member of that local governing body,  
1314 he may no longer serve as a member of the Authority. Members of the Authority appointed by the  
1315 County of Accomack or the County of Northampton shall serve for terms of four years and may be  
1316 appointed for one additional term of four years.

1317 § 33.1-391.13. Issuance of bonds by the Chesapeake Bay Bridge and Tunnel Commission.

1318 On a prospective basis, prior to issuing any bonds for the purposes of financing the construction of  
1319 new or additional tunnels, the Chesapeake Bay Bridge and Tunnel Commission shall obtain approval for  
1320 the issuance from the General Assembly.

1321 § 33.1-391.14. Continuing responsibilities of the Commonwealth Transportation Board and the  
1322 Virginia Department of Transportation.

1323 Except as otherwise explicitly provided in this chapter, until such time as the Authority and the  
1324 Virginia Department of Transportation, or the Authority and the Commonwealth Transportation Board,  
1325 agree otherwise in writing, the Commonwealth Transportation Board shall allocate funding to and the  
1326 Department of Transportation shall perform or cause to be performed all maintenance and operation of  
1327 the bridges, tunnels, and roadways referred to in § 33.1-391.8, and shall perform such other required  
1328 services and activities with respect to such bridges, tunnels, and roadways as were being performed on  
1329 January 1, 2006.

1331 office facilities.

1332 The staff of the Hampton Roads Planning District Commission and the Virginia Department of  
1333 Transportation shall work cooperatively to assist the proper formation and effective organization of the  
1334 Authority. Until such time as the Authority is fully established and functioning, the staff of the Hampton  
1335 Roads Planning District Commission shall serve as its staff, and the Hampton Roads Planning District  
1336 Commission shall provide the Authority with office space and administrative support. The Authority shall  
1337 reimburse the Hampton Roads Planning District Commission for the cost of such staff, office space, and  
1338 administrative support as appropriate.

1339 § 33.1-391.16. Use of revenues by the Authority.

1340 Notwithstanding any other provision of this chapter, all moneys received by the Authority shall be  
1341 used by the Authority solely for the benefit of those counties and cities imposing the local transportation  
1342 fees and taxes authorized by §§ 46.2-332.1, 46.2-755.1, 46.2-755.2, 46.2-1167.1, 58.1-802.2,  
1343 58.1-2402.2, 58.1-3221.3, and 58.1-3825.1, and such moneys shall be used by the Authority in a manner  
1344 that is consistent with the purposes stated in this chapter.

1347 bodies of the Counties of Isle of Wight, James City, and York and the Cities of Chesapeake, Hampton,

2. Reckless driving in violation of Article 7 (§ 46.2-852 et seq.) of Chapter 8 or aggressive driving in violation of § 46.2-868.1 shall be assessed a fee to be paid in three annual payments of \$350 each;

3. Driving while intoxicated in violation of § 18.2-266, 18.2-266.1, or 46.2-341.24 shall be assessed a fee to be paid in three annual payments of \$750 each; and

4. Any other misdemeanor conviction for a driving and/or motor vehicle related violation of Title 18.2 or this title that is not included in one of the preceding three subdivisions of this subsection shall be assessed a fee to be paid in three annual payments of \$300 each; and

5. Any felony conviction for a driving or motor vehicle-related offense under Title 18.2 or this title, shall be assessed a fee to be paid in three annual payments of \$1,000 each.

6. For the purposes of this section:

a. A finding of guilty in the case of a juvenile and a conviction under substantially similar laws of any locality, territory, other state, or of the United States, shall be a conviction.

b. The fees assessed under this subsection shall be implemented in a manner whereby no convictions prior to July 1, 2007, shall be considered.

D. The court shall collect, in full, the first annual payment of the fee imposed under subsection C at the time of conviction and shall order the person assessed a fee to submit the second annual payment to the Department within 14 calendar months of the date of conviction and the third annual payment to the Department within 26 months of the date of conviction. When transmitting conviction information to the Department the court shall also transmit notice that a fee has been imposed under this section and the deadline upon which the second and third annual payments must be submitted to the Department. The court shall order suspension of the driver's license or privilege to drive a motor vehicle in Virginia as provided in § 46.2-395 of any person failing to pay the first annual payment of the fee assessed under subsection C.

E. For all convictions reported to the Department for which fees are established under subsection C, the person assessed the fee shall submit the second annual payment to the Commissioner within 14 calendar months of the date of conviction and the third annual payment within 26 months of the date of conviction. The Department shall notify every person assessed a fee by mailing a notice of the second

1413 and the third annual payments, including the amount due and the date it is due, by first-class mail  
1414 addressed to such person's most recent address as shown in the Department's records. Such mailing  
1415 shall constitute notice to the person assessed a fee under this section of the amount and date by which  
1416 the second and third annual payments shall be paid to the Department. The Commissioner shall suspend  
1417 the driver's license or privilege to drive a motor vehicle in Virginia of any person failing to pay the  
1418 second or third annual payment of the fee to the Department by the due date specified in the notice.

1419 F. In addition to any fees set forth in subsection C, any person whose driver's record with the  
1420 Department shows a balance of eight or more driver demerit points on July 15 shall be assessed a fee  
1421 of \$100 plus \$75 for each demerit point in excess of eight, but not greater than \$700.

1422 G. The Department shall assess the fees set forth in subsection F annually, beginning on July 1,  
1423 2007.

1424 H. The Department shall notify every person assessed a fee under subsection F by mailing a notice  
1425 thereof by first-class mail addressed to such person's most recent address as shown in the Department's  
1426 records, and such mailing shall constitute notice to the person of the assessment of the fee. If any  
1427 assessment made under this section remains unpaid 60 days following the date on which the notice of  
1428 assessment was mailed, the Commissioner shall suspend the driver's license or privilege to drive a  
1429 motor vehicle in Virginia of the person against whom the assessment was imposed. No license shall be  
1430 reissued or reinstated until all fees assessed pursuant to this section have been paid and all other  
1431 reinstatement requirements as provided in this title have been satisfied.

1432 I. In the event that a person disputes a conviction on his driver's record based upon identity, if the  
1433 person presents the Department a certified copy of a petition to a court of competent jurisdiction  
1434 seeking to vacate an order of such conviction, the Department shall suspend the imposition of the  
1435 assessment. Such suspension shall be valid for one year from the date of the commencement or until 30  
1436 days after an entry of a final order on such petition, whichever occurs first.

1437 J. Funds collected through the imposition of the fees as provided for in this section shall be used to  
1438 pay the Department's cost in imposing and collecting such assessments as provided in the general  
1439 appropriation act, and any remainder shall be deposited into the Transportation Trust Fund and be  
1440 used according to § 33.1-23.03:10.

1441 § 46.2-332. Fees.

1442 A. On and after January 1, 1990, the fee for each driver's license other than a commercial driver's  
1443 license shall be two dollars and forty cents per year. If the license is a commercial driver's license or  
1444 seasonal restricted commercial driver's license, the fee shall be six dollars per year. Persons twenty-one  
1445 years old or older may be issued a scenic driver's license, learner's permit, or commercial driver's license  
1446 for an additional fee of five dollars. For any one or more driver's license endorsements, except a  
1447 motorcycle endorsement, there shall be an additional fee of one dollar per year; for a motorcycle  
1448 endorsement, there shall be an additional fee of two dollars per year. For any and all driver's license  
1449 classifications, there shall be an additional fee of one dollar per year. For any revalidation of a seasonal  
1450 restricted commercial driver's license, the fee shall be five dollars.

1451 A reexamination fee of two dollars shall be charged for each administration of the knowledge portion  
1452 of the driver's license examination taken by an applicant who is eighteen years of age or older if taken  
1453 more than once within a fifteen-day period. The reexamination fee shall be charged each time the  
1454 examination is administered until the applicant successfully completes the examination, if taken prior to  
1455 the fifteenth day.

1456 An applicant who is less than eighteen years of age who does not successfully complete the  
1457 knowledge portion of the driver's license examination shall not be permitted to take the knowledge  
1458 portion more than once in fifteen days.

1459 If the applicant for a driver's license is an employee of the Commonwealth, or of any county, city, or  
1460 town who drives a motorcycle or a commercial motor vehicle solely in the line of his duty, he shall be  
1461 exempt from the additional fee otherwise assessable for a motorcycle classification or a commercial  
1462 motor vehicle endorsement. The Commissioner may prescribe the forms as may be requisite for  
1463 completion by persons claiming exemption from additional fees imposed by this section.

1464 No additional fee above two dollars and forty cents per year shall be assessed for the driver's license  
1465 or commercial driver's license required for the operation of a school bus.

1466 Excluding the two-dollar reexamination fee, one dollar and fifty cents of all fees collected for each  
1467 original or renewal driver's license shall be paid into the driver education fund of the state treasury and  
1468 expended as provided by law. Unexpended funds from the driver education fund shall be retained in the  
1469 fund and be available for expenditure in ensuing years as provided therein.

1470 All fees for motorcycle endorsements shall be distributed as provided in § 46.2-1191.

1471 B. Beginning January 1, 2008, in addition to all other fees authorized by this chapter, the governing  
1472 body of any county or city that is included in the Northern Virginia Transportation Authority established  
1473 pursuant to § 15.2-4830 is authorized to impose an additional fee of \$100 for the initial issuance of a  
1474 driver's license to be collected by the Commissioner.

*C. All revenues generated by the fee imposed pursuant to subsection B shall be appropriated to the Northern Virginia Transportation Authority and used according to the provisions of § 15.2-4838.1.*

*D. The additional fee imposed pursuant to subsection B shall not, however, be imposed for the issuance of a driver's license to any person to whom a Virginia driver's license was previously issued but whose Virginia driver's license had expired or had been suspended or revoked. Furthermore, the amount of such additional fee, for any minor who presents proof thereof satisfactory to the Commissioner, shall be waived for the successful completion of a driver safety course approved by the Department. Any and all fees imposed pursuant to this section shall be collected by the Department of Motor Vehicles at the time the initial license is issued. The Commissioner shall maintain records of the fee imposed and collected per person and the locality and address where each person resides.*

*E. No locality imposing the fee pursuant to this section shall cease to impose such fee so long as the Northern Virginia Transportation Authority (i) is engaged in a transportation project within the boundaries of the locality, (ii) has entered into a binding commitment to begin a transportation project within the boundaries of the locality, or (iii) has issued bonds or incurred other evidence of debt that has not been satisfied or paid in full and that relates to a transportation project undertaken by the Authority within the boundaries of the locality.*

*§ 46.2-332.1. Additional driver's license fee authorized in certain localities.*

*A. Beginning January 1, 2008, in addition to all other fees authorized by this chapter, each of the governing bodies of the Counties of Isle of Wight, James City, and York and the Cities of Chesapeake, Hampton, Newport News, Norfolk, Portsmouth, Suffolk, Virginia Beach, and Williamsburg is authorized to impose an additional fee of \$20 for the issuance, whether initial or renewal, of a driver's license to be collected by the Commissioner; provided the governing body appropriates the revenue from such fee to the Hampton Roads Transportation Authority to be used for the purposes set forth in § 33.1-391.16.*

*B. All such fees shall be remitted by the Commissioner on a monthly basis to the Hampton Roads Transportation Authority to be used for the purposes set forth in § 33.1-391.16.*

*C. Any and all fees imposed pursuant to this section shall be collected by the Department of Motor Vehicles at the time the initial or renewed license is issued. The Commissioner shall maintain records of the fee imposed and collected per person and the locality and address where each person resides.*

*§ 46.2-694. Fees for vehicles designed and used for transportation of passengers; weights used for computing fees; burden of proof.*

*A. The annual registration fees for motor vehicles, trailers, and semitrailers designed and used for the transportation of passengers on the highways in the Commonwealth are:*

*1. ~~Twenty-three~~ Thirty-three dollars for each private passenger car or motor home if the passenger car or motor home weighs 4,000 pounds or less, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur.*

*2. ~~Twenty-eight~~ Thirty-eight dollars for each passenger car or motor home which weighs more than 4,000 pounds, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur.*

*3. Thirty cents per 100 pounds or major fraction thereof for a private motor vehicle other than a motorcycle with a normal seating capacity of more than 10 adults including the driver if the private motor vehicle is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire or is not operated under a lease without a chauffeur. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.*

*4. Thirty cents per 100 pounds or major fraction thereof for a school bus. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.*

*5. Twenty-three dollars for each trailer or semitrailer designed for use as living quarters for human beings.*

*6. Thirteen dollars plus \$ 0.30 per 100 pounds or major fraction thereof for each motor vehicle, trailer, or semitrailer used as a common carrier of passengers, operating either intrastate or interstate. Interstate common carriers of interstate passengers may elect to be licensed and pay the fees prescribed in subdivision 7 of this subsection on submission to the Commissioner of a declaration of operations and equipment as he may prescribe. An additional \$5 shall be charged if the motor vehicle weighs more than 4,000 pounds.*

*7. Thirteen dollars plus \$ 0.70 per 100 pounds or major fraction thereof for each motor vehicle, trailer, or semitrailer used as a common carrier of interstate passengers if election is made to be licensed under this subsection. An additional \$5 shall be charged if the motor vehicle weighs more than 4,000 pounds. In lieu of the foregoing fee of \$ 0.70 per 100 pounds, a motor carrier of passengers, operating two or more vehicles both within and outside the Commonwealth and registered for insurance purposes*

with the Surface Transportation Board of the United States Department of Transportation, Federal Highway Administration, may apply to the Commissioner for prorated registration. Upon the filing of such application, in such form as the Commissioner may prescribe, the Commissioner shall apportion the registration fees provided in this subsection so that the total registration fees to be paid for such vehicles of such carrier shall be that proportion of the total fees, if there were no apportionment, that the total number of miles traveled by such vehicles of such carrier within the Commonwealth bears to the total number of miles traveled by such vehicles within and outside the Commonwealth. Such total mileage in each instance is the estimated total mileage to be traveled by such vehicles during the license year for which such fees are paid, subject to the adjustment in accordance with an audit to be made by representatives of the Commissioner at the end of such license year, the expense of such audit to be borne by the carrier being audited. Each vehicle passing into or through Virginia shall be registered and licensed in Virginia and the annual registration fee to be paid for each such vehicle shall not be less than \$33. For the purpose of determining such apportioned registration fees, only those motor vehicles, trailers, or semitrailers operated both within and outside the Commonwealth shall be subject to inclusion in determining the apportionment provided for herein.

8. Thirteen dollars plus \$ 0.80 per 100 pounds or major fraction thereof for each motor vehicle, trailer or semitrailer kept or used for rent or for hire or operated under a lease without a chauffeur for the transportation of passengers. An additional fee of \$5 shall be charged if the vehicle weighs more than 4,000 pounds. This subsection does not apply to vehicles used as common carriers.

9. Twenty-three dollars for a taxicab or other vehicle which is kept for rent or hire operated with a chauffeur for the transportation of passengers, and which operates or should operate under permits issued by the Department as required by law. An additional fee of \$5 shall be charged if the vehicle weighs more than 4,000 pounds. This subsection does not apply to vehicles used as common carriers.

10. Eighteen dollars for a motorcycle, with or without a sidecar. To this fee shall be added a surcharge of \$3 which shall be distributed as provided in § 46.2-1191.

11. Twenty-three dollars for a bus used exclusively for transportation to and from church school, for the purpose of religious instruction, or church, for the purpose of divine worship. If the empty weight of the vehicle exceeds 4,000 pounds, the fee shall be \$28.

12. Thirteen dollars plus \$ 0.70 per 100 pounds or major fraction thereof for other passenger-carrying vehicles.

13. An additional fee of \$4 per year shall be charged and collected at the time of registration of each pickup or panel truck and each motor vehicle under subdivisions 1 through 12 of this subsection. All funds collected pursuant to this subdivision shall be paid into the state treasury and shall be set aside as a special fund to be used only for emergency medical service purposes. The moneys in the special fund shall be distributed as follows:

a. Two percent shall be distributed to the State Department of Health to provide funding to the Virginia Association of Volunteer Rescue Squads to be used solely for the purpose of conducting volunteer recruitment, retention and training activities;

b. Thirty percent shall be distributed to the State Department of Health to support (i) emergency medical services training programs (excluding advanced life support classes); (ii) advanced life support training; (iii) recruitment and retention programs (all funds for such support shall be used to recruit and retain volunteer emergency medical services personnel only, including public awareness campaigns, technical assistance programs, and similar activities); (iv) emergency medical services system development, initiatives, and priorities based on needs identified by the State Emergency Medical Services Advisory Board; (v) local, regional, and statewide performance contracts for emergency medical services to meet the objectives stipulated in § 32.1-111.3; (vi) technology and radio communication enhancements; and (vii) improved emergency preparedness and response. Any funds set aside for distribution under this provision and remaining undistributed at the end of any fiscal year shall revert to the Rescue Squad Assistance Fund;

c. Thirty-two percent shall be distributed to the Rescue Squad Assistance Fund;

d. Ten percent shall be available to the State Department of Health's Office of Emergency Medical Services for use in emergency medical services; and

e. Twenty-six percent shall be returned by the Comptroller to the locality wherein such vehicle is registered, to provide funding for training of volunteer or salaried emergency medical service personnel of licensed, nonprofit emergency medical services agencies and for the purchase of necessary equipment and supplies for use in such locality for licensed, nonprofit emergency medical and rescue services.

The Comptroller shall clearly designate on the warrant, check, or other means of transmitting these funds that such moneys are only to be used for purposes set forth in this subdivision. Such funds shall be in addition to any local appropriations and local governing bodies shall not use these funds to supplant local funds. Each local governing body shall report annually to the Board of Health on the use of the funds returned to it pursuant to this section. In any case in which the local governing body grants the funds to a regional emergency medical services council to be distributed to the licensed, nonprofit

emergency medical and rescue services, the local governing body shall remain responsible for the proper use of the funds. If, at the end of any fiscal year, a report on the use of the funds returned to the locality pursuant to this section for that year has not been received from a local governing body, any funds due to that local governing body for the next fiscal year shall be retained until such time as the report has been submitted to the Board.

B. All motor vehicles, trailers, and semitrailers registered as provided in subsection B of § 46.2-646 shall pay a registration fee equal to one-twelfth of all fees required by subsection A of this section or § 46.2-697 for such motor vehicle, trailer, or semitrailer, computed to the nearest cent, multiplied by the number of months in the registration period for such motor vehicles, trailers, and semitrailers.

C. The manufacturer's shipping weight or scale weight shall be used for computing all fees required by this section to be based upon the weight of the vehicle.

D. The applicant for registration bears the burden of proof that the vehicle for which registration is sought is entitled by weight, design, and use to be registered at the fee tendered by the applicant to the Commissioner or to his authorized agent.

§ 46.2-694.1. Fees for trailers and semitrailers not designed and used for transportation of passengers. Unless otherwise specified in this title, the registration fees for trailers and semitrailers not designed and used for the transportation of passengers on the highways in the Commonwealth shall be as follows:
