§ 33.1-84.1. Resumption of responsibility for secondary highways by counties.

A. Such agreement shall specify the equipment, facilities, personnel, and funding that will be provided in order to implement such agreement's provisions.

B. Prior to July 1, 2012, every county having a population of 50,000 or more, according to the last preceding United States census, shall enter into an agreement pursuant to subsection A to assume responsibility for overall planning, construction, operation, and maintenance of state secondary system highways within its boundaries. Any such agreement may provide for a gradual transfer of responsibilities for secondary highway system components at specified dates, or may provide for transfer of total responsibility on a single specified date, provided total responsibility shall have been transferred to the county prior to July 1, 2012.
