**4. Title** Mandatory boating safety education; penalty.

**5. Summary/Purpose:**

Makes it a Class 4 misdemeanor for anyone to operate a motorboat without having successfully completed an approved boating safety education course. The education requirement is phased-in so that by July 1, 2016, all motorboat operators will have been required to complete and pass the course or an equivalency exam. The Board is directed to develop and administer the mandatory boating safety education program through the promulgation of regulations, taking into account comments from the public. There are a number of ways a person can comply with the law other than successfully completing an approved course, such as passing an equivalency examination, possessing a valid license issued to maritime personnel, etc.
