7. Budget amendment necessary: Yes. The Compensation Board would need an appropriation in FY08 for the State General Fund costs noted above.

8. Fiscal implications: There could be additional costs as a result of:

- Compensation Board costs will increase to support a 100% reimbursement of employer contribution costs for deputy sheriffs.
- The additional costs of the increased multiplier for sheriffs would not be funded through the Compensation Board and would be borne by localities.
- The additional costs for locally funded, full time sheriff deputy positions will be funded entirely by the locality. Additionally, local governments will fund the retirement costs attributable to any local salary supplements for Compensation Board funded positions.
- In addition, the Virginia Retirement System will require a NGF appropriation in the amount of \$300,000 to cover system's modifications, one FTE, and costs of communication and member education.

9. Specific agency or political subdivisions affected: VRS and SPORS and the Compensation Board

10. Technical amendment necessary: No

11. Other comments: This legislation does not include regional jail officers funded through the Compensation Board.
