He may adopt and implement the Commonwealth of Virginia Emergency Operations Plan, which provides for state-level emergency operations in response to any type of disaster or large-scale emergency affecting Virginia and that provides the needed framework within which more detailed emergency plans and procedures can be developed and maintained by state agencies, local governments and other organizations.

He may direct and compel evacuation of all or part of the populace from any stricken or threatened area if this action is deemed necessary for the preservation of life, implement emergency mitigation, preparedness, response or recovery actions; prescribe routes, modes of transportation and destination in connection with evacuation; and control ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein.

Executive orders, to include those declaring a state of emergency and directing evacuation, shall have the force and effect of law and the violation thereof shall be punishable as a Class 1 misdemeanor in every case where the executive order declares that its violation shall have such force and effect.

Such executive orders declaring a state of emergency may address exceptional circumstances that exist relating to an order of quarantine or an order of isolation concerning a communicable disease of public health threat that is issued by the State Health Commissioner for an affected area of the Commonwealth pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of Title 32.1.

(6) To delegate any administrative authority vested in him under this chapter, and to provide for the further delegation of any such authority, as needed;

3. For costs and expenses incurred by the Department of Emergency Management or by any other state agency or political subdivision or other entity, acting at the direction of the Coordinator of Emergency Management, in the recovery from the effects of a disaster or in the restoration of public property or facilities.

The Coordinator of Emergency Management shall promptly seek reimbursement from any person causing or contributing to an emergency or disaster for all sums disbursed from the fund for the protection, relief and recovery from loss or damage caused by such person. In the event a request for reimbursement is not paid within ~~sixty~~ 60 days of receipt of a written demand, the claim shall be referred to the Attorney General for collection. The Coordinator of Emergency Management shall be allowed to recover all legal and court costs and other expenses incident to such actions for collection. C. If any person holds a license, certificate, or other permit issued by any state, or political subdivision thereof, evidencing the meeting of qualifications for professional, mechanical, or other skills, the person, *without compensation other than reimbursement for actual and necessary expenses*, may ~~gratuitously~~ render aid involving that skill in the Commonwealth during a disaster, and such person shall not be liable for negligently causing the death of, or injury to, any person or for the loss of, or damage to, the property of any person resulting from such ~~gratuitous~~ service.

D. No person, firm or corporation which gratuitously services or repairs any electronic devices or

equipment under the provisions of this section after having been approved for the purposes by the State Coordinator shall be liable for negligently causing the death of, or injury to, any person or for the loss of, or damage to, the property of any person resulting from any defect or imperfection in any such device or equipment so gratuitously serviced or repaired.
