SENATE BILL NO. 193

Offered January 9, 2008

Prefiled January 7, 2008

A *BILL to amend the Code of Virginia by adding in Article 13 of Chapter 3 of Title 58.1 a section numbered 58.1-439.12:02, relating to telework expenses income tax credit.*

 Patron—Herring

 Referred to Committee on Finance

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 13 of Chapter 3 of Title 58.1 a section numbered 58.1-439.12:02 as follows:

§ 58.1-439.12:02. Telework expenses tax credit.

A. For purposes of this section:

"Eligible telework expenses" means expenses incurred during the taxable year pursuant to a telework agreement, in an amount up to \$1,200 for each participating employee, that enable a participating employee to begin to telework, which expenses are not otherwise the subject of a deduction from income claimed by the employer in any tax year. Such expenses include, but are not limited to, expenses paid or incurred to purchase computers, computer-related hardware and software, modems, data processing equipment, telecommunications equipment, high-speed Internet connectivity equipment, computer security software and devices, and all related delivery, installation, and maintenance fees. Such expenses do not include replacement costs for computers, computer-related hardware and software, modems, data processing equipment, telecommunications equipment, or computer security software and devices at the principal place of business when that equipment is relocated to the telework site.

"Employer" means any employer subject to the income tax imposed by this chapter.

"Participating employee" means an employee who has entered into a telework agreement with his employer on or after January 1, 2009. The term shall not include an individual who is self-employed or an individual who ordinarily spends a majority of the workday at a location other than the employer's principal place of business.

"Telework" means the performance of normal and regular work functions on a workday at a location different from the employer's principal place of business where they are normally performed. The term shall not include home-based businesses, extensions of the workday, or work performed on a weekend or holiday.

"Telework agreement" means an agreement signed by the employer and the participating employee, on or after January 1, 2009, but before January 1, 2011, that defines the terms of a telework arrangement, including the number of days per year the participating employee will telework, as provided in subsection B in order to qualify for the credit, and any restrictions on the location from which the employee will telework.

"Telework assessment" means an optional assessment leading to the development of policies and procedures necessary to implement a formal telework program that would qualify the employer for the credit provided in this section, including but not limited to a workforce profile, a telework program business case and plan, a detailed accounting of the purpose, goals, and operating procedures of the telework program, methodologies for measuring telework program activities and success, and a deployment schedule for increasing telework activity.

B. For taxable years beginning on or after January 1, 2009, but before January 1, 2011, an employer shall be allowed a credit against the taxes imposed pursuant to Articles 2 (§ 58.1-320 et seq.) and 10 (§ 58.1-400 et seq.) for a percentage of eligible telework expenses incurred during the 2009 and 2010 calendar years. The amount of the credit shall be equal to:

1. One hundred percent of the eligible telework expenses incurred pursuant to a telework agreement requiring the participating employee to telework at least 12 days per month if the employer's principal place of business is located in an area designated by the United States Environmental Protection Agency as a nonattainment area under the Clean Air Act, 42 U.S.C. § 7401 et seq.;

2. Seventy-five percent of the eligible telework expenses incurred pursuant to a telework agreement requiring the participating employee to telework at least 12 days per month if the employer's principal place of business is not located in an area designated by the United States Environmental Protection Agency as a nonattainment area under the Clean Air Act, 42 U.S.C. § 7401 et seq.; or

3. Twenty-five percent of the eligible telework expenses incurred pursuant to a telework agreement requiring the participating employee to telework at least five days per month.

INTRODUCED

SB193

59 Such expenses may be incurred (i) only once per employee, and (ii) directly by the employer on
60 behalf of the participating employee or directly by the participating employee and reimbursed by the
61 employer.

62 C. In addition to the credit provided in subsection B, an employer conducting a telework assessment
63 on or after January 1, 2009, shall be allowed a credit against the taxes imposed pursuant to Articles 2
64 (§ 58.1-320 et seq.) and 10 (§ 58.1-400 et seq.) for the taxable year in which such employer implements
65 a formal telework program in an amount equal to 100 percent of the cost of preparing the assessment,
66 up to a maximum of \$20,000 per employer. Such costs shall be ineligible for this credit if they are
67 otherwise taken as a deduction by the employer from income in any taxable year. The costs included
68 and allowed to be taken as a credit include program planning costs, which may include direct program
69 development and training costs, raw labor costs, and professional consulting fees. Such costs shall not
70 include those for which a credit is claimed under any other provision of this chapter. The credit shall be
71 allowed once for each employer meeting the requirements herein.

72 D. For purposes of this section, the amount of any credit attributable to a partnership, electing small
73 business corporation (S corporation), or limited liability company shall be allocated to the individual
74 partners, shareholders, or members, respectively, in proportion to their ownership or interest in such
75 business entities.

76 E. The amount of tax credits available to any employer under this section in any taxable year shall
77 not exceed the employer's tax liability. No unused tax credit shall be carried forward or carried back
78 against the employer's tax liability. An employer shall be ineligible for a tax credit pursuant to this
79 section if such employer claims a credit under any other provisions of this chapter.

80 F. 1. An employer seeking to claim a tax credit provided herein shall submit a reservation
81 application to the Tax Commissioner for tentative approval of the credit between September 1 and
82 October 31 of the year preceding the taxable year for which the tax credit is to be earned. The Tax
83 Commissioner shall establish policies and procedures for the reservation of tax credits by eligible
84 employers. Such policies and procedures shall provide (i) requirements for applying for reservations of
85 tax credits; (ii) a system for allocating the available amount of tax credits among eligible employers;
86 and (iii) a procedure for the cancellation and reallocation of tax credit reservations allocated to eligible
87 employers that, after reserving tax credits, have been determined to be ineligible for all or a portion of
88 the tax credits reserved. Such application shall certify that the employer would not have incurred the
89 eligible telework expenses for which the credit is sought but for the availability of such credit. The Tax
90 Commissioner shall provide tentative approval of the applications no later than December 31 of the
91 year in which the applications are received. When the application and amount of tax credits have been
92 approved and the employer applicant notified, such employer may make purchases approved for the tax
93 credits during the immediately following taxable year or lose the right to such credits.

94 2. In no event shall the aggregate amount of tax credits approved by the Tax Commissioner exceed
95 \$1 million annually for credits earned in taxable years 2009 and 2010. In the event the credit amounts
96 on the applications filed with the Tax Commissioner exceed the maximum aggregate amount of tax
97 credits, then the tax credits shall be allocated on a pro rata basis based on the amounts allowed by
98 subsections B and C among the eligible employers who filed timely applications.

99 G. Actions of the Tax Commissioner relating to the approval or denial of applications for
100 reservations of tax credits pursuant to this section shall be exempt from the provisions of the
101 Administrative Process Act (§ 2.2-4000 et seq.).
